## Section B (50marks)

### 51. Read the passage and answer the questions follow in full sentences.

Munene bakes and supplies bread and cakes to almost all shops and schools in Kireka Town. The customers make their orders by booking in advance. Odama is responsible for taking all the orders from customers. He records their names, what they want to buy and how much of what they want. The production manager. Mrs. Kawendeke, makes sure that all the necessary ingredients like wheat, baking powder, salt, sugar are always available.

Munene is a very hardworking businessman. He has four strong employees who work tirelessly. Most of the employees are ladies. Sunday is the only day they do not work. Each morning, all the employees have to knead the dough because there are no machines to do it. After this has been done, the ladies put to dough into containers of different shapes. These containers determine the shape of the bread.

After the dough has been put into containers, the containers are placed onto grills inside an oven. Munene controls the heat himself with a switch. He does this to avoid too much heat that can burn bread When bread is ready, Munene's wife slices the loaves with a small machine.

Munene does not only supply bread but cakes as well. While Munene's wife slices the bread, other employees begin preparing ingredients for the cakes. They beat the eggs, add the margarine, knead the dough and make sure that measurements for the baking powder, baking flour and other ingredients are correct. The dough is then placed on to the oven. When the cake is ready, they are kept in stores before they are transported to customers very early in the morning.

Munene says that baking is a very good business because it makes good profits. He however, says that it can be a bad business if the ingredients are not carefully mixed.

**53. Read the poem below and answer the questions that follow in full sentences.**

What matters is not my size  
Neither is it my colour nor age  
To be promoted to the next class  
Examination is the only yard stick  
To judge my ability to retain facts  
Fail is the bad side of examination  
I hate this side for it doesn't promote me.

What matters is not my tribe  
Neither is it the day I was born  
To be considered for a nice job  
How did you perform?" they ask me  
For the only yard stick known is examination  
Failures take no jobs today  
Because fail is the bad side of examination.

What matters is not my diet  
Neither is it my company nor origin  
To be considered for an office  
Only examination results stand for me  
They look East and west or North  
For one favoured by the examination  
To take up opportunities.
