**SECTION B: 50 MARKS**

51- **Read the passage below carefully and in full sentences answer the questions that follow.**

“Carpentry is a well-paying job. This job is done by the carpenters at the carpentry workshops. With their saws, they cut wood into pieces and later on use planes to make the surface of wood smooth. Smoothing the wood requires energy and carefulness. They later on use drills to create holes on the already prepared pieces of wood for furniture known as planks. These planks are thereafter joined together using wood glue and nails with the help of a hammer.

Sanding and polishing is done to make the already fixed furniture attractive. Once the whole process is done, the furniture is put on display ready for sale.” Okello gave the narrative. He narrated this during one of the English lessons conducted by Ms. Eunice Abonyo. When asked about the source of information,

Okello said that he had visited a carpentry workshop in Nalukolongo trading centre a week before.

We all liked his narrative due to his audibility and confidence and as his classmates, some of us picked interest in visiting carpentry workshops to get the information from the source. One of the girls, Dorothy decided that she would join carpentry after her primary seven so that she could start making money soon when she got the story. It was such an amazing lesson that we all enjoyed and the teacher thanked Okello for being resourceful during her lesson.

Road accidents I fear you  
With all my heart and soul  
Is it the devil who gave birth to you  
Or is it man that cherishes you in his mind  
To keep revealing you each day and night?

All roads give testimonials to you, road accidents  
The trunk, the feeder, the tarmacked and the untarmacked  
Whether wide or narrow, straight or winding  
Urban, semi urban or rural so common you are  
To keep our people sobbing and yelling

When I sit down to recall,  
To recall the innocent lives you've claimed  
It leaves me speechless and heartless  
Worse still age, sex, tribe, religion and status  
Are no barrier to you, road accidents

Every day curses and insults  
To you they are hurled  
But a deaf ear you constantly pay  
Which leaves us hopeless and helpless  
Wondering how and when we'll ever triumph  
Over you, greedy monster

Teach And Learn English is a very \_\_\_\_\_WhatsApp group. It has created many wonderful teachers out there. When one joins, they don't remain the same. This is because of the many \_\_\_\_\_who keep helping their friends in the group specially those \_\_\_\_\_grammar is wanting. While it is the case, there are other people who post content which is not related to academics. Other\_\_\_\_\_abuse their rights in this group by thinking that they are more important than others. This has been created by lack of warped sense of \_\_\_\_\_. Funny enough in this group, there are examiners who keep silent, but take the content shared on the group and use it at their schools. This has helped them to produce the best \_\_\_\_\_when the results are out in January. If we all want to excel in our teaching. We should also be like these wise \_\_\_\_\_and use this platform with the best of our\_\_\_\_\_. We should also not forget to ask God to \_\_\_\_\_the CEO of this group. His \_\_\_\_\_has tremendously helped our country.
