

HORMISDALLEN SCHOOL-KAMWOKYA

END OF TERM II EXAMINATION – 2024 (SET ONE)

PRIMARY SEVEN MATHEMATICS

Name: _____

Stream: _____ Index No. _____

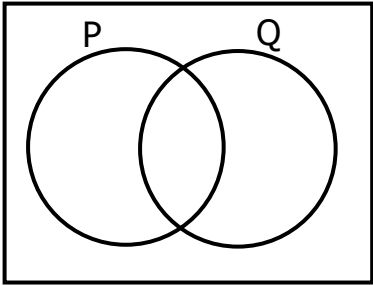

INSTRUCTIONS

1. Attempt all questions.
2. Any drawing must be done in pencil.
3. Use a very good handwriting.
4. No calculators are allowed in the examination room.

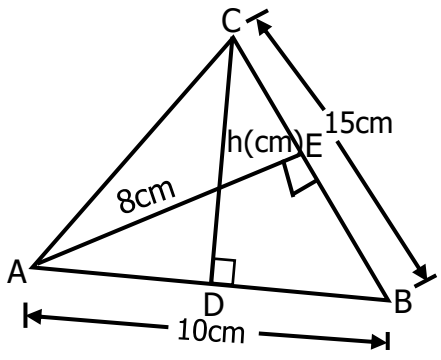

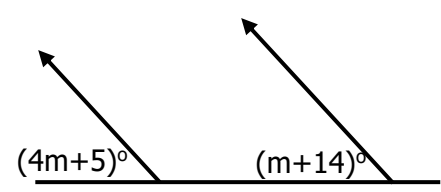

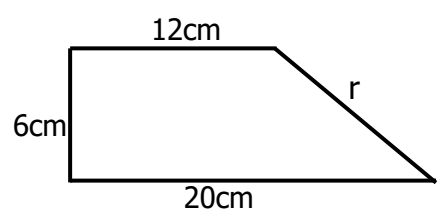

SECTION A	
SECTION B	
TOTAL	

DURATION: 2 hours and 30 minutes

SECTION A (40 marks)

1.	Workout: $88 - 33$	2.	Write " Seven thousand thirteen " in figure.
3.	In the Venn diagram below, shade $(P-Q)'$ 	4.	A farmer sold a goat at shs. 120,000 making a loss of 20%. Find the cost price of the goat.
5.	Simplify: $+4 - -6$	6.	A car uses 10 litres of petrol to travel a distance of 240km. How many kilometres can a car cover using 8 litres of petrol?

7.	Geraldine had $\frac{2}{3}$ of sugarcane. She ate $\frac{2}{5}$ of the remainder after giving $\frac{1}{4}$ of sugar cane to Apio. Find the fraction she remained with.	8.	With the help of a ruler, a pencil and a pair of compasses only, construct an angle of 120° in the space provided below.
9.	Round off 46807 to the nearest thousands.	10.	Given that  represents 12 apples. Draw such pictures to represent 54 apples.
11.	Express 30m/s as km/h	12.	Solve for k in $2k-3(k-5)=1$
13.	Find the least number of pens that can be shared equally among 12 or 16 pupils leaving a remainder 5	14.	Workout $\begin{array}{r} 2\ 5\ 4_{\text{six}} \\ +\ 2\ 3\ 5_{\text{six}} \\ \hline \end{array}$

15.	<p>Find the value of h in the figure below.</p> 	16.	<p>A businessman deposited shs. 120,000 in Stanbic bank that offers interest rate of 8% per month for 2 years. Calculate the interest he got by the end of 2 years.</p>
17.	<p>Find the value of m in the figure below.</p> 	18.	<p>Calculate the value of r in the figure below.</p> 
19.	<p>In the space provided below, draw the net of a triangular prism.</p>	20.	<p>Express 750g as a ratio of 1kg.</p>

SECTION B (60 marks)

21. Study the Venn diagram below carefully and use it to answer the questions that follow.

a) Find the value of Q. **(2 mks)**

b) Calculate the value of P. **(2 mks)**

c) Find the GCF of 36 and Q. **(1 mk)**

22. a) Tap D can fill a tank in 6 minutes, tap E takes 4 minutes while tap F takes only 3 minutes to empty the tank. How long will they take to fill the same tank when opened at the same time? **(3 mks)**

b) If the tank holds 240 litres, find the amount of water that tap D can fill into the tank in one minute. **(2 mks)**

23. In an interview of 25 questions, panelists awarded 4 marks for every correct response and deducted 2 marks for every wrong response.

a) If an interviewee gave 15 correct responses, how many marks did the interviewee get? **(2 mks)**

b) Find the number of correct responses given by an interviewee who got 88 marks. **(3 mks)**

24. During a certain study tour, pupils were asked to select areas they wanted to tour. Some selected Hot springs (H) and others chose Mt. Rwenzori (M). Study the Venn diagram below and use it to answer questions that follow.

a) If 47 pupils chose only one area for touring, find the value of n **(2 mks)**

b) Find the probability of selecting a pupil who chose hot spring only to give evaluation interview on TV station. **(3 mks)**

25. a) In the figure below, line AB is parallel to line CD. Find the value of Y in degrees if line DE bisects angle CDF (2 mks)

- b) The interior angle of a regular polygon is 36° more than its exterior angle. Name the polygon. (4 mks)

26. Jimmy is twice as old as Divine while Okoko is 11 years older than Jimmy. In 8 years' time, Jimmy's age will be a third of the sum of Divine and Okoko's age.
- a) How old is Okoko now? (3 mks)

b) How old will Divine be in 8 years' time?

(2 mks)

27. Noble, Kyabaggu and Precious shared some money in the ratio of 2:5:7 respectively. If Noble got shs. 50,000 less than Precious;

a) Find their total share.

(4 mks)

b) Express Kyabaggu's share as a ratio of their total share.

(1 mk)

28. The average mass of 4 pupils is 42kg. When two other pupils whose masses are 54kg and $(2x+4)$ kg join the group, their average becomes 45kg. Find the value of x .

(4 mks)

29. A teacher cut out circular cards each of diameter 7cm from a rectangular manilla card measuring 60cm by 40 cm.

- a) Find the number of circular cards cut from the manilla. **(3 mks)**

- b) How many horizontal lines will be formed from the cut out of the manilla? **(2 mks)**

30. The table below shows the currency exchange rates for the month of July at Entebbe airport. Study it carefully and use it to answer the questions that follow.

Currency	Buying	Selling
1 US dollar (\$)	Ugsh.3500	Ugsh.3600
1 pound sterling (€)	Ugsh.4200	Ugsh.4500
1 Kenya shilling (ksh.1)	Ugsh.28	Ugsh.30

- a) A tourist came to Uganda with 400\$. Find the amount of money he came with in Uganda shilling. **(2 mks)**

- b) If a Pi merchant visited Kenya one day with 1200 € in the bag. Calculate the amount of money in Kenya shillings the Pi merchant came with. **(3 mks)**

31. A motorist travelled from town X to town Y at a speed of 60km/hr for 3 hours. If the motorist took only 2 hours to return to town X;

- a) How far is town Y from town X? **(2 mks)**

- b) Calculate the average speed of the motorist for the whole journey. **(3 mks)**

32. At Hormisdallen School, computer laboratory is 60 metres from the dining hall on a bearing of 120° and dormitory section for boys is 40 metres South of the computer laboratory.

a) Draw a sketch diagram to show the three places. **(1 mk)**

b) Using a scale of 1cm to represent 10 metres, draw an accurate diagram to show the three places. **(3 mks)**

c) Find the shortest distance between dining hall and the dormitory section for boys. **(1 mk)**

Good Luck

PRIMARY SEVEN SOCIAL STUDIES

Name: _____

Stream: _____ Index No. _____

INSTRUCTIONS

1. *Attempt all questions.*
2. *Any drawing must be done in pencil.*
3. *Use a very good handwriting.*

SECTION A	
SECTION B	
TOTAL	

DURATION: 2 hours and 15 minutes

SECTION A (40 marks)

1. Name the neighbour of East Africa in the West.

2. Mention the ethnic group which occupies the largest part of East Africa.

3. State any one way the presence of security promotes trade in an area.

4. Which symbol of a school is related to the East African Community flag?

5. Give any one responsibility of a child at home.

6. State any advantage of having a nuclear family in urban centres.

7. Give any one way in which lines of latitude and longitude are useful to the map reader.

8. State any one way of reducing damages caused by lightning.

9. Give any one advantage of using trains to carry goods in East Africa.

10. State any one way school children can lead to misunderstanding between a school and the neighbourhood.

11. Mention any one way of controlling road accidents.

12. Give any one reason why Uganda participants in international competitions carry the Uganda flag.
-
13. State any one economic contribution of Fort Jesus to the people of Kenya.
-
14. What is child work?
-
-

Study the diagram below and answer the questions that follow.

15. Name the item drawn the picture above.
-
16. Mention any one material used to make the above named picture.
-
17. State any one way in which the item drawn above is similar to a radio in terms of their function.
-
18. Give any one factor which attracted the white settlers to settle in Kenya Highlands.
-
19. State any one way of promoting peace in a community.
-
20. Name the government body which promotes the conservation of wetlands in Uganda.
-
21. In the space below, draw a map symbol of a factory.

22. State any one way the people of East Africa showed that they needed their independence from the colonialists.
-

23. Name the city which houses the headquarters of the United Nations (UN).

24. Give any one way savannah grassland supports animal rearing.

25. Why is the peak of mountain Rwenzori snow capped throughout the year?

26. Name the British official who signed the 1900 Buganda Agreement on behalf of the British Government

27. State any one contribution of Ludwig Krapf towards the spread of Christianity in East Africa.

28. Give any one way Arab traders promoted trade in East Africa.

30. Mention any one Bantu tribe in East Africa that lives along Highland areas.

31. Write **NIRA** in full.

32. State any one positive effect of the colonial rule in East Africa.

33. Give any way in which climate influences people's way of dressing.

34. Give one role played by the Uganda Red Cross Society among communities.

35. State any one negative effect of floods to people.

In questions 36-40, answer Either Christianity or Islam but not Both in a given number.

36. **Either:** Why is Mt. Olives important in Christianity?

- OR:** Why is the city of Medina important in Islam?

37. **Either:** Give any one strange event which happened after the death of Jesus.

- OR:** Give any one strange event which happened to prophet Muhammed on Mountain Jabal-Al-Noor.

38. **Either:** Name the place where suffering originated according to the Bible.

OR: Name the first sin to be committed on earth.

39. **Either:** State one way God punished the sinners during Noah's time.

OR: State one way Allah punished the sinners during Nuhu's time.

40. **Either:** Give any one importance of baptism in Christianity.

OR: Give any one importance of Shahadah in Islam.

SECTION B (60 Marks)

41. **Match A to B correctly.**

A

Lamogi Rebellion
MAU MAU Rebellion
Hehe Rebellion
Maji Maji Rebellion

B

Led by Kinjekitile Ngwale
Led by Chief Mkwawa
Led by Jomo Kenyatta
Led by Chief Awich

- i) Lamogi Rebellion _____
- ii) MAU MAU Rebellion _____
- iii) Hehe Rebellion _____
- iv) Maji Maji Rebellion _____

42. a) Name the empire which was ruled by chief Mirambo in East Africa.

b) State any one factor which enabled Mirambo to build a strong empire.

c) Give any two positive effects of the Long Distance Trade to the people of East Africa.

- i) _____
- ii) _____

43. a) What is a government?

b) Mention any two systems of government in East Africa.

i) _____

ii) _____

c) State any one role of the judiciary in a country.

44. **Study the sketch map of East Africa and answer the questions that follow.**

a) Name the winds marked **CC** on the map.

b) State any one economic importance of the lake marked **B** to the people of East Africa.

c) Name the group of foreigners who introduced cloves growing on the island marked **Z**.

d) State any challenge faced by the country marked **Y** due to its location.

45. a) Give any two factors which affect population distribution in Africa.
- i) _____
- ii) _____
- b) State any one reason why Lake Victoria shores are densely populated.
- _____
- c) Give any one way the government control rural urban migration.
- _____

46. **Study the sketch map of Africa below and use it to answer the questions that follow.**

- a) Name the lake marked **W** on the map.
- _____
- b) What evidence shows that river marked **Q** has many tributaries?
- _____
- c) Which line of longitude passes through country marked **P**?
- _____
- d) Mention any one factor that influences the climate experienced at desert marked **U**.
- _____

47. a) Name any two first Ugandans to be appointed to the Legislative Council (LEGCO) in 1945.
- i) _____
- ii) _____
- b) State any one role played by the LEGCO during the colonial rule.
- _____
- c) State any one reason why Ugandans wanted to be represented on the LEGCO.
- _____
48. a) State one reason why Sir Andrew Cohen exiled Kabaka Muteesa II to Britain in 1953.
- _____
- b) Give any two ways the people of Buganda demanded for the return of Kabaka Muteesa II from exile
- i) _____
- ii) _____
- c) Name the agreement which was signed to bring back Kakaba Muteesa II from exile.
- _____
49. a) Give any two reasons for the revival of the East African Community (EAC) in 2001.
- i) _____
- ii) _____
- b) Name the country in which the headquarters of the East African Community are found.
- _____
- c) State any one reason for the expansion of the East African Community (EAC).
- _____
50. a) State the significance of the following features on the Uganda coat of arms.
- i) **Kob**
- _____
- ii) **Spears and shield**
- _____
- b) Besides the Uganda Coat of arms, mention any other two attributes of a nation.
- i) _____
- ii) _____

In each of the questions 51-55, answer Either Christianity or Islam but Not both on a given number.

51. EITHER

a) Mention the two parts of the Bible.

i) _____

ii) _____

b) State any one way a Christian can prepare for the Holy Communion.

c) Give the importance of the Holy Communion to a Christian.

OR

a) Mention any two parts of a Quran.

i) _____

ii) _____

b) State any one way a muslim can show respect to Quran.

c) Give any one importance of a Quran to a muslim.

52. EITHER

a) What is work?

b) Write any one way Jesus Christ showed a good example of work during childhood.

c) State any two importance of work to a Christian.

i) _____

ii) _____

OR

a) What is work?

b) Write down one ways Prophet Muhammad showed a good example of work.

c) State any two importance of work to a muslim.

53. **EITHER**

a) For how long did Jesus Christ fast in the wilderness?

b) Give any two ways the devil tempted Jesus Christ in the wilderness.

i) _____

ii) _____

c) State any one good thing a Christian should observe during fasting.

OR

a) For how long do muslims fast during the month of Ramadhan?

b) Mention any two categories of muslims exempted from fasting.

i) _____

ii) _____

c) State any one importance of fasting among muslims.

54. **Either**

Match list A to list B correctly.

A

i) Jesus Christ cleaned the temple

ii) The three divine persons in God

iii) Holy orders started

iv) The beginning of the church

B

Pentecost Day

Holy Thursday

Holy Trinity

Palm Sunday

i) Jesus Christ cleaned the temple _____

ii) The three divine persons in God _____

iii) Holy orders started _____

iv) The beginning of the church _____

OR: Match list A to list B correctly.

List A

- i) Prophet Muhammad was stoned
- ii) First Jihad took place
- iii) Transport prophet Muhammed
During Hejira and Isra
- iv) Predicted the Prophethood in
Prophet Muhammad

List B

- Bahaira
- Burak
- Badri
- Tarif

- i) Prophet Muhammad was stoned _____
- ii) First Jihad took place _____
- iii) Transport prophet Muhammed during Hejira and Isra _____
- iv) Predicted the Prophethood in Prophet Muhammad _____

55. Either

- a) What name was given to the journey of the Israelites from Egypt to the
promoted land? _____
- b) State two ways God punished the Egyptians during the Exodus.
 - i) _____
 - ii) _____
- c) Name the person who completed the Exodus after the death of Moses.

OR

- a) Name the Allah's Prophet who is known for deliverance.

- b) State two ways the Ban Israelites suffered in Msiri.
 - i) _____
 - ii) _____
- c) Give any one reason why Taurat was revealed to Prophet Musa.

TOTAL	

SECTION A:

1. Name one disease that can be avoided by drinking boiled water.

2. State one effect of gonorrhoea in newly born babies.

3. Why is a rat regarded as a mammal?

4. Give one way a school can prevent antisocial behaviour in children.

The diagram below shows an incident ray of light M striking a plane mirror.

5. Complete the diagram to show how the light ray is reflected.

6. Give one disease that can be controlled by dipping cattle in acaricide solution.

7. Apart from mixing food with saliva, how else is the tongue important in food digestion?

8. Name the fungi used in preparing alcohol by fermentation.

9. What type of fertilization require water to move to gametes?

10. **Name the energy resource that the device shown uses to operate.**

11. Mention one way the device above is useful to people.

12. Give any one sign of measles infection in children.

13. How is a cobra different from a python in the way they feed?

14. Which type of soil has the highest rate of capillarity?

15. Give any one reason why breastmilk is the best recommended food for babies.

16. How does swamp drainage affect the life of aquatic animals?

17. Name one body sense that makes a P.7 child to enjoy taking soda.

18. Give one advantage of hydro electricity over thermal electricity.

19. Name one pest that affects cereal crops in the storage facility.

20. Mention one way through which the skin regulates body temperatures on a hot day.

21. Name the blood vein that transports oxygenated blood.

22. Which method of food preservation requires slow burning firewood.

23. Name one internal parasite that can be controlled by drenching cows.

24. State the energy change that takes place in the device below.

25. Name one food stuff that can prevent kwashiorkor in children.

26. How is a bacterium cell different from a yeast cell in terms of reproduction.

27. How are amoeba harmful to people?

28. Name the livestock that suffers from African swine fever.

29. What role is played by plants in the water cycle?

30. Give any one example of wedges as a simple machine.

31. Give one secondary sex change that occurs only in female adolescents.

32. State one characteristic of images formed in a plane mirror.

33. Mention one way of conserving soil as a resource.

34. How are root tubers important to root crops?

35. State one way of giving health education to people.

36. Write down one way in which sex deviations can be harmful to an individual.

37. How is the oviduct of a cow similar to the ovary of a flower in their function?

38. Give one advantage of paddock grazing method in cattle keeping.

39. What type of change is melting of butter?

40. **Draw the type of lens used to correct the short sightedness below at X.**

SECTION B:

41. **Neza and Mugiraneza are on a see-saw as shown below.**

a) Who is the effort force?

b) Name point **F**.

c) Give two examples of simple machines in the same class as the above.

i. _____ ii. _____

42. a) Why are the biceps and triceps muscle termed as;

I. voluntary muscles

II. antagonistic muscles

b) Give two immunisable diseases that affects the human muscular- skeletal system.

I. _____

II. _____

43. a) Which type of electricity is produced by friction?

b) Name the natural form of the above.

c) Give one way of managing the effects of lightning as a natural change.

d) Why should one use electric insulators when handling electrical appliances?

44. a) Draw the magnetic field pattern around the bar magnet below.

b) Give two ways of demagnetising the magnet above.

i. _____ ii. _____

45. Match the items in list A to those in list B.

A

- a) Cochlea
- b) Eardrum
- c) Auditory canal
- d) Auditory nerve

B

- Changes sound waves into sound vibrations
- Directs sound waves to the ear drum
- Change vibrations into nerve signals
- transmits nerve signals to the brain.

- a) Cochlea _____
- b) Eardrum _____
- c) Auditory nerve _____
- d) Auditory canal _____

46. a) In which type of digestion are enzymes required?

b) Give one characteristic of enzymes that enables them to carry out their function.

c) Name the class of food that produces the following soluble substances when fully digested.

- i) Amino acids _____
- ii) Glucose _____

47. The table below is of a crop growing technique. Answer the questions about it.

ROUND ONE	ROUND TWO	ROUND THREE
CASSAVA	BEANS	RICE
ROUND SIX	ROUND FIVE	ROUND FOUR
FALLOWING	CARROTS	CABBAGES

- a) Name the crop growing technique above.

- b) Mention one advantage of the crop growing technique above.

- c) Name the crop in the system above that must not be excluded.

- d) Why shouldn't the crop mentioned above be excluded?

48. a) Give any one reason why air is regarded as matter.

- b) State two properties of air as a matter.
i. _____ ii. _____
- c) Why are bottles of fizzy drinks not fully filled?

49. a) Give the meaning of the term immunisation.

- b) How does immunisation as an element of P.H.C prevent some diseases.

- c) Identify the vaccine for the diseases below;
i. Diphtheria _____
ii. COVID 19 _____
50. a) Why does blood from the aorta go to the kidneys?

- b) Apart from purifying blood how else are the kidneys useful in the body?

- c) Name two diseases that affect the excretory system.
i. _____ ii. _____

51. a) Besides having jointed legs and segmented bodies give one other characteristic of arthropods.

b) How is a spider different from a cricket in terms of body formation?

c) Name the myriapod which is regarded as a;
i. vegetarian (herbivore) _____
ii. carnivore _____
52. a) Apart from excretion give one other role of the lungs in the body.

b) How is respiration in animals useful to plants?

c) Mention two ways in which animals depend on plants to survive.
i. _____ ii. _____
53. a) What is an alloy?

b) Give one reason why alloys are made.

c) Apart from forming alloys, give two other ways of conserving non – renewable resources.

54. a) Give any two examples of root tubers.
i. _____ ii. _____
b) How are root tubers important to plants?

c) Name one pest that attacks stored root tuber crops.

55. a) Identify any two commonly abused drugs in your locality.
i. _____ ii. _____
b) Which life skill can help to safeguard a P.7 child from abusing drugs?

c) How can a P.7 candidate misuse a medical drug given by a family doctor?

47. "What are you doing now, Joseph?" asked Sarah. **(Rewrite the sentences beginning: Sarah asked.....)**

48. Wombere reached school late. **(Rewrite the sentence using:.....arrive.....)**

49. Luswata took his money to the bank. He didn't want to spend it. **(Rewrite as one sentence using:.....in order.....)**

50. What a nice wedding we attended! **(Rewrite the sentences beginning: We.....)**

SECTION B: 50 MARKS

51. Read the passage and answer in full sentences, the questions that follow.

An examination is a kind of test given to students to find out how much they have grasped the content in their course work. These examinations may be done weekly, monthly or termly. This depends on how an institution makes its programme. Examinations are not given to fail students but help them realize areas where they need to put more effort.

In our school, three examinations are done. The beginning of term, mid term and end of term.

Each exam done, results are displayed on the notice board. This has created competition and hard work among students since no one wants to be the last.

Although an examination creates tension among students, I suggest an examination should be taken as a normal exercise in the learning process. Students should develop a positive attitude towards examinations.

Some think they can get external assistance. This is a very bad habit. You can't be successful when you think in that direction.

Although an examination creates tension among students, I suggest an examination should be taken as a normal exercise in the learning process. Students should develop a positive attitude towards examinations.

However, the major cause of failure in examinations is attributed to panic before and during examinations. Students who don't prepare themselves well for examinations usually panic.

Some think they can get external assistance. This is a very bad habit. You can't be successful when you think in that direction.

All in all, you should have enough revision, involve yourself in group work discussions and seek guidance.

Questions

a. What is the passage about?

53. ***Read the poem carefully and answer the questions that follow in full sentences.***

In my holidays,

Tell me to listen to my elders
For the world needs only disciplined people
To take up all the best jobs
And the undisciplined ones
Will simply face it rough without anything.

In my holidays,

Tell me to be well – behaved
To be an example to the rest of the world
Not to get involved in fighting and in abusing
For friendly children will have peace
And wisdom belongs to them.

In my holidays,

Tell me more to be hard – working
And be a responsible mother like you
When I grow up
I shall give essential and health care
Omy children and make them proud.

Bidugu K. Lubwama

Questions
