(Questions **51-55** carry **10** marks each)

51. *Read the passage below and then answer, in full sentences, the questions that follow.*

NKONDO PRIMARY SCHOOL SPORTS DAY

Nkondo Primary School organized a sports day. All the pupils were divided into houses and each house had a house leader elected by the pupils of the same house. The houses were Nile, Victoria, Kyoga and Albert. Catherine was Victoria's leader. All teachers liked Catherine because she was hardworking and well behaved.

Catherine was at first doing well as she was practising with her house members daily. Time came when she was doing the opposite. She became proud of herself before the fellow pupils. Whenever she was given some items like glucose and sugarcane for use during practice, Catherine kept them to go and share with her friends in the dormitory. Her behaviour did not please the members of the house. They decided to report the matter to the housemaster.

One morning, the teachers and pupils of Victoria gathered to prepare for the general practice for all the houses. During the meeting, members talked about Catherine's conduct. Some said that they had given up. The teachers advised Catherine to apologize to the members of her house.

In the afternoon, the houses assembled for further practice. In the practice, Victoria's participants came last in every race. They said that they had nothing to refresh and motivate them. Catherine suddenly became infamous among the pupils. She blamed herself for the demotivation among members of the house.

So later in the afternoon after the general practice, Catherine called her house members and apologized. She asked them to regain house spirit. To prove how apologetic she was, she bought glucose using some of her pocket money.

The awaited day came and participants assembled in the field. In the first event of the long race, the first and third positions were taken by Victoria house. When the results of the field events were brought to the recording table, Victoria house was leading in most of them and this made Catherine and her housemates very happy.

Finally, results were announced; and guess what! Victorians were the champions of the year in Nkondo Primary School and they won themselves a bull.

54. Read the following poem carefully and then answer, in full sentences the questions that follow.

Defilement! Defilement!

What a social **evil**!

In towns, villages, schools, homes

There is there is defilement everywhere.

Young girls and boys are victims.

The **merciless** people!

The sugar daddies and sugar mummies,

Trick young girls and boys,

Using money and other gifts,

To meet their selfish desires!

Every day innocent girls and boys,

Are infected with HIV/AIDS!

Some drop out of school,

While others die,

Due to defilement

This is my advice!

Young girls and boys, say no to money and gifts,

The police should help to arrest,

And prosecute the men and women,

Who commit such crimes!

Adjudicator: Primary one to primary four! Why didn't the primary seven pupils participate in the festivals?

Headmaster:.....
.....

Adjudicator: They are candidates and they are busy preparing for PLE!
Can't they prepare for both PLE and the music festivals as well?

Headmaster:.....
.....

Adjudicator: They have limited time! But, they have been at school, moreover boarding, the whole year. What caused that problem?

Headmaster:.....
.....

Adjudicator: You mean the presidential and parliamentary election holidays caused the problem! I have understood the cause of the problem. Thank you for the information, sir.
