Study the map below and use it to answer the questions that follow.

15. How is the formation of lake A similar to that of lake B?

.....

16. Why is Tobacco commonly grown in area shaded?

.....

41. Study the map below and use it to answer the questions that follow.

a) Name the river marked M

.....

b) How is port marked A important to Nigeria?

.....

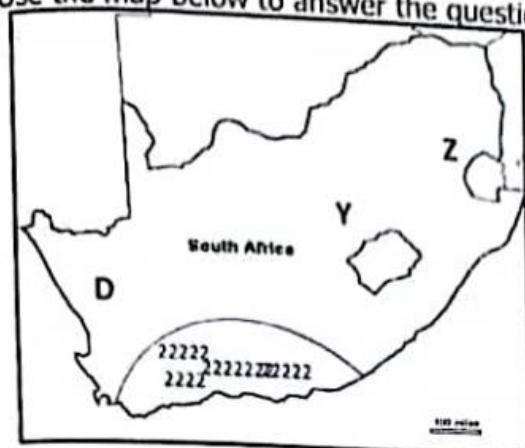

c) Which river in Africa has the same ending as that of that river named in 41(a) above?

.....

d) Which trade in Africa was carried out between Africa, America and Europe across the Atlantic Ocean?

.....

45. Use the map below to answer the questions that follow correctly.

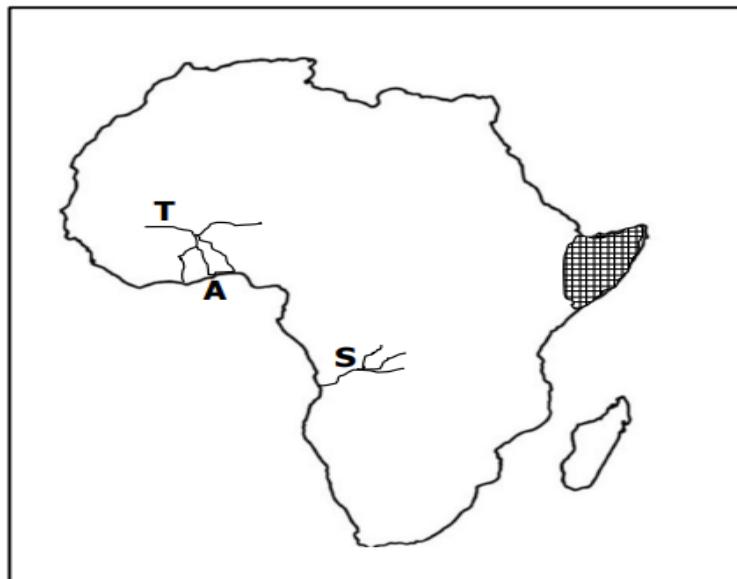

a) Name the country center marked Y.

b) Give two factors that have led to the high level of industrialization in region D

- i).....
- ii).....

c) Name the type of climate found in area marked 2222222222.

49. Study the map of Africa below and answer questions.

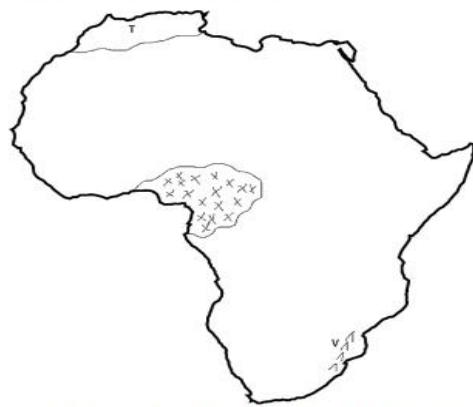

a) Name the major tributary of river marked T.

b) Why does river marked S carry a large volume of water to the ocean?

c) Identify the delta formed at A.

d) Write down any one country found in the shaded region .

104. Use the map of Africa below to answer question 49.

(a) State any two economic activities carried out in the area marked xxxx.

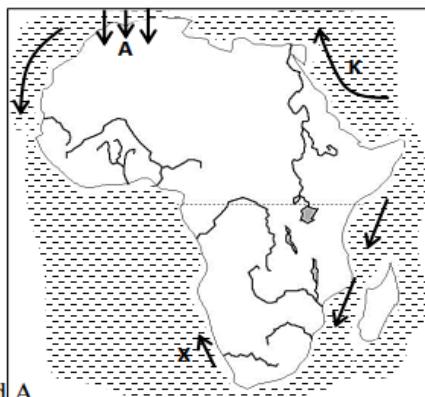

- i.
- ii.

(b) Name the vegetation region covered by the area marked T.

.....
.....

(c) Name the highland marked by letter V.

156. Study the map of Africa below and use it to answer questions that follow.

(a) Name the winds marked A.

.....
.....

(b) Name the ocean current marked X.

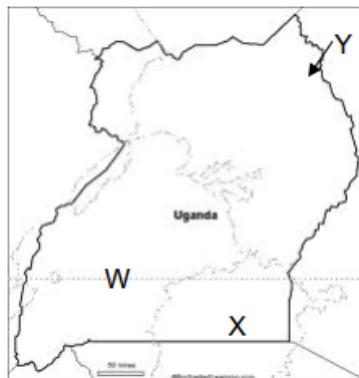

.....
.....

(c) Why don't winds marked A form rainfall in an area?

.....
.....

(d) Name the water body marked K on the map.

44. Use the map of Uganda below, to answer question 44.

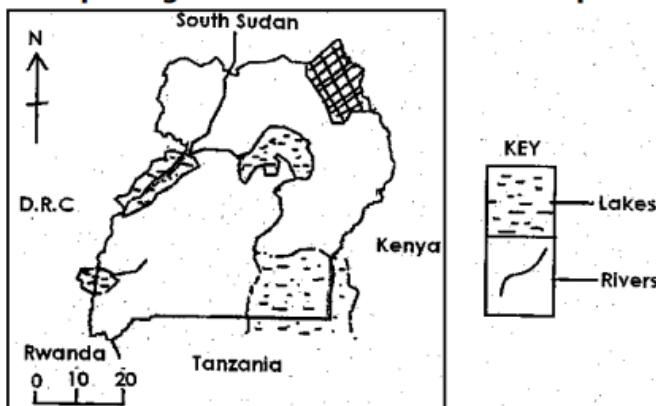

- (a) Name the lake marked with letter W.

- (b) What is the economic importance of feature X?

- (c) Which ethnic group entered Uganda through the route marked Y?

- (d) Apart from Rwanda, name one other neighbouring country of Uganda which is landlocked.

Study the map of Uganda below and answer the questions that follow.

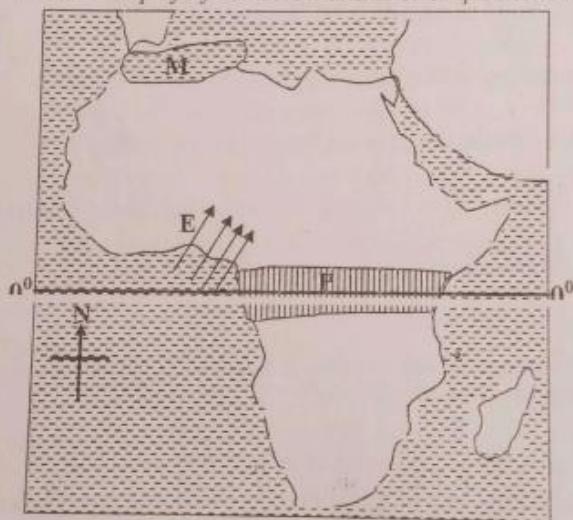

- (a) Draw Lake George on the map above.
.....
- (b) Which park is found in the shaded area on the map?
.....
- (c) Name two neighbors of Uganda where High commissioners represent it.
(i)
ii)

Use the sketch map of Uganda below to answer the questions that follow.

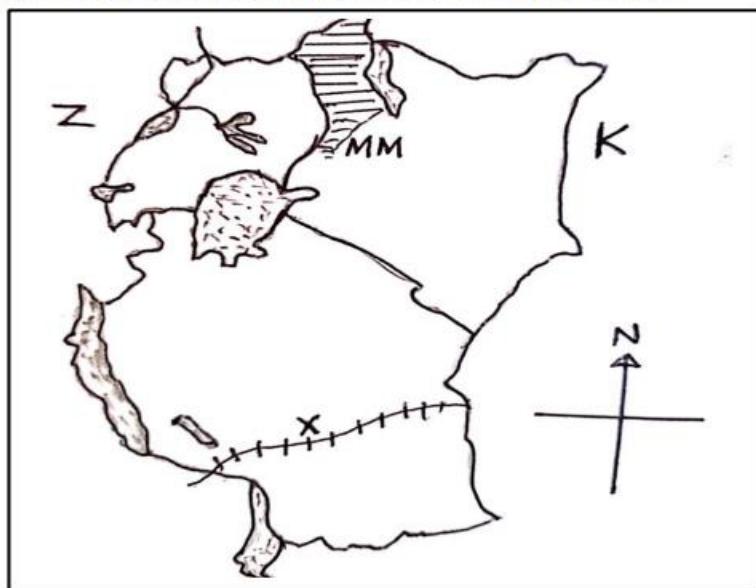

42. (a) Name the major resource found around the Lake marked D.
-
- (b) How is area marked S important to the industrial development of Uganda?
-
- (c) Mention the most famous animals found in the National Park marked T.
-
- (d) How is Lake marked D different from Lake marked R in terms of their formation?
-

Study the sketch map of Africa below and answer questions that follow.

47. (a) What is the most popular crop grown in the climatic Region marked M?
-
- (b) How do the winds marked E affect the climate of West Africa?
-
- (c) Name the type of climate experienced in areas marked P on the map above.
-
- (d) Mention the major activity carried out in the area marked P.
-

43. Use the map below to answer the questions that follow.

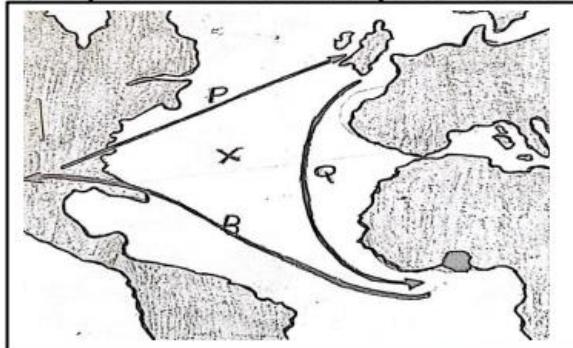

(a) Which land locked country greatly benefits from the construction of railway line marked X?

(b) State the major social problem currently facing country marked K.

(c) Name the capital city of country marked Z.

(d) Why was area marked MM transferred from Uganda to Kenya?

48. Use the map below to answer the questions that follow.

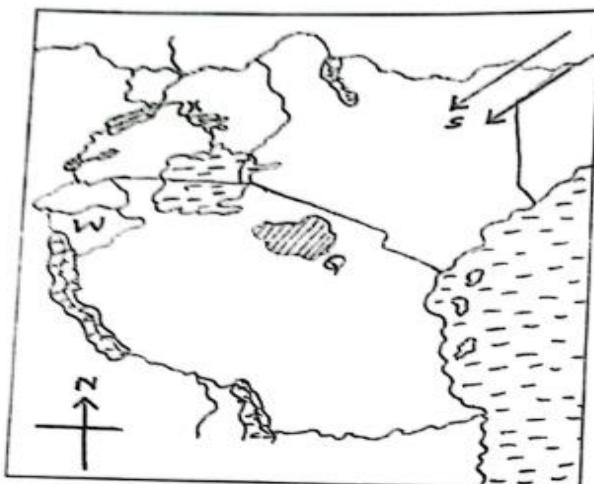

(a) Name the trade illustrated by the arrows: P, Q and R.

(b) How was the water body marked X important during the trade named in (a) above?

(c) Mention any one item of trade that was carried out through route shown by arrow R.

(d) State one way how the above type of trade negatively affected Africa.

41. Study the sketch map of East Africa and use it to answer questions that follow.

(a) Name the national game park marked **Q**.

.....

(b) Which ethnic group entered East Africa through the route marked **S** ?

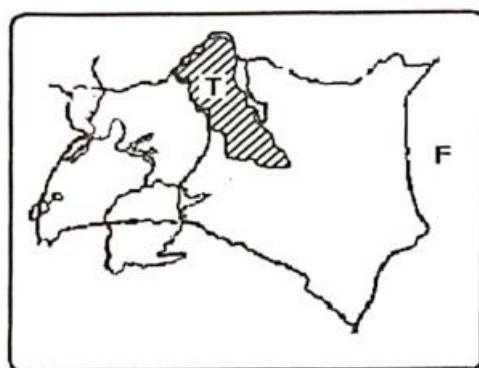

.....

(c) State any **one** factor that makes water transport difficult at the river point marked **X**.

.....

(d) Which European power ruled country marked **W** after the first world war?

45. Study the map below and use it to answer the questions that follow.

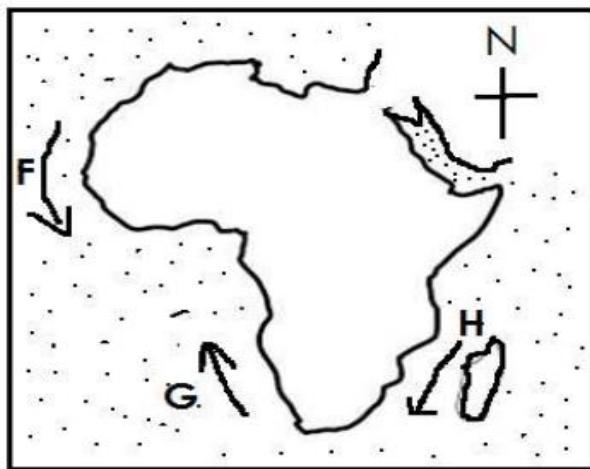

a. Name the country marked **F**.

b. Write any one factor that has led to sparse population in the area marked **T** on the map.

c. Compare Uganda and country marked **F** in terms of their location.

d. Use letter **D**, show port Kisumu on the map above.

48- **Study the map of Africa below and answer the questions that follow.**

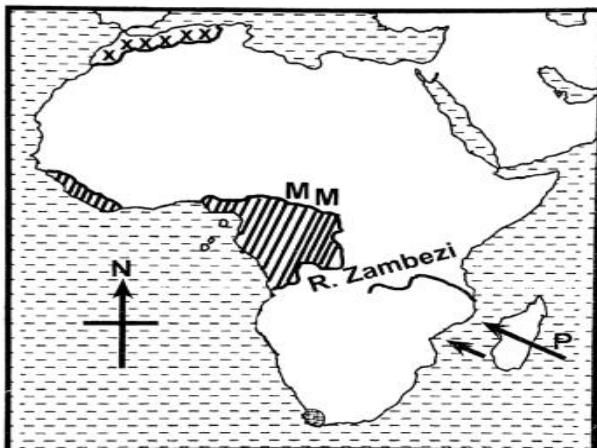

(a) Name the ocean currents marked;

- (i) F _____
(ii) G _____

(b) In which way do ocean currents marked H influence the climate of East Africa?

(c) Apart from ocean currents, mention any other factor which influences the climate of Africa.

48. ***Study the sketch map of Africa below and use it to answer the questions that follow.***

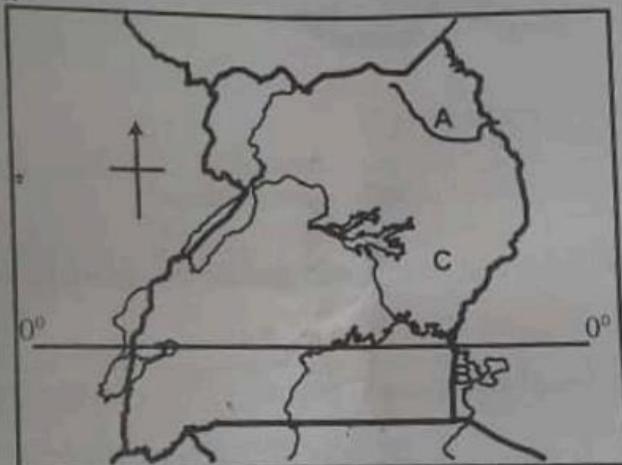

(a) Name the prevailing winds marked with letter P.

(b) Give one characteristic of the climate zone shaded MM on the map.

(c) Mention one citrus crop which grows well in areas marked XXX.

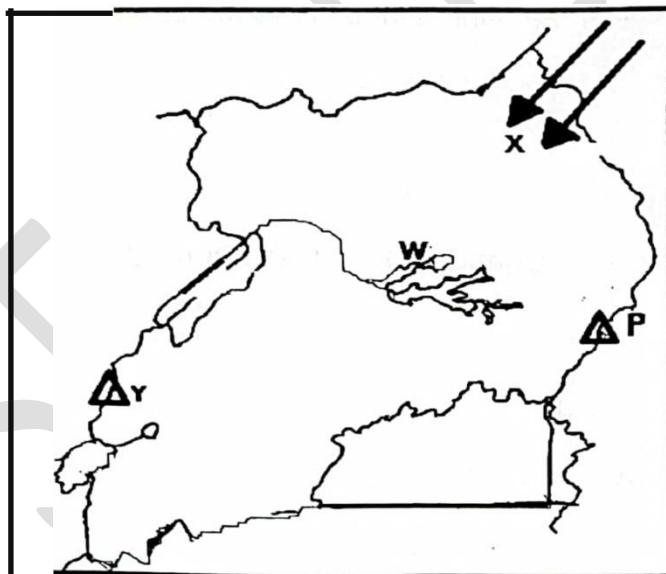

(d) Name one multi-purpose river project located on River Zambezi.

45. Study the sketch map of Uganda below and use it to answer the questions that follow.

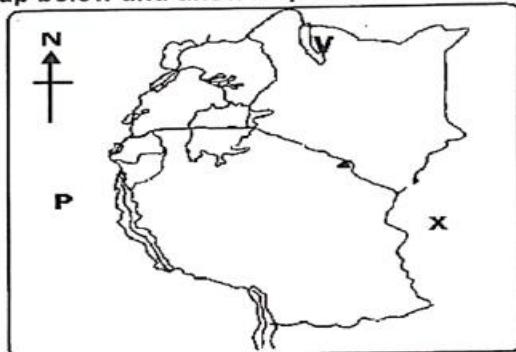

- (a) Use letter S to mark the lake where crude oil was discovered in Uganda.
- (b) How are lakes marked B and C similar in terms of formation?
- (c) Name the river marked A on the map.
- (d) Mention the main line of latitude marked 0° on the map.

1. Study the map below and answer the questions that follow.

- a) Which tribal group entered Uganda through route X?
- b) Name the lake marked W.
- c) Identify the direction of mountain marked Y from P.
- d) Why the pick of mountain is marked X snowcapped throughout the year?

42. Study the map below and answer questions that follow.

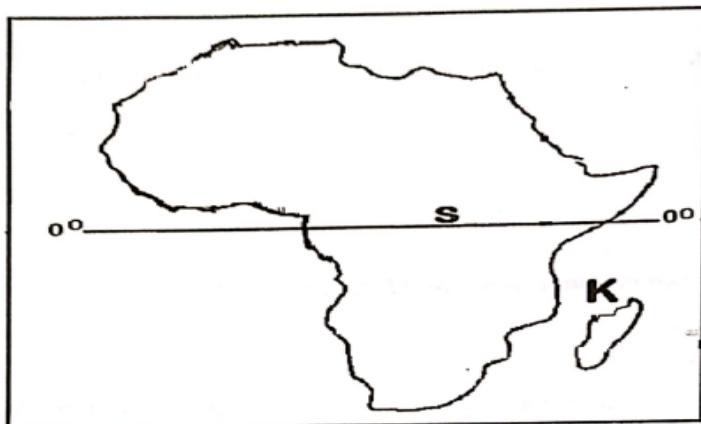

(a) Name the member of East African Community marked P.

(b) Use letter M, to locate the swaggiest lake on the sketch map.

(c) How was lake marked V formed?

(d) Name one economic activity carried out on water body marked X.

44. Study the map of Africa below and use it to answer the questions that follow.

a) Name the country marked K.

b) Compare country K with Uganda in terms of their location.

c) Using letter M show Atlantic Ocean on the map.

d) Which line of latitude is marked S on the map?

41. Study the map below and answer the questions that follow

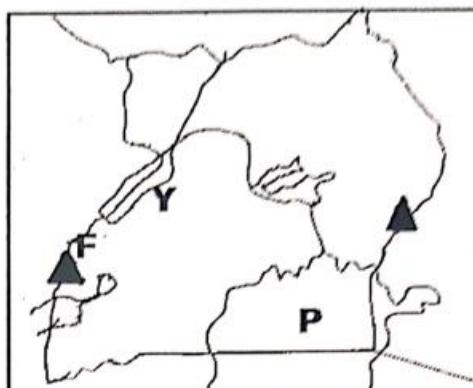

(a) Name the country marked by letter C.

.....
(b) Mention the major crop grown in the shaded region on the map.

.....
(c) How important is the line of latitude marked with letter A?

.....
(d) Use letter P to show Lake Albert on the map above.

44. Study the sketch of Uganda below and answer the questions that follow.

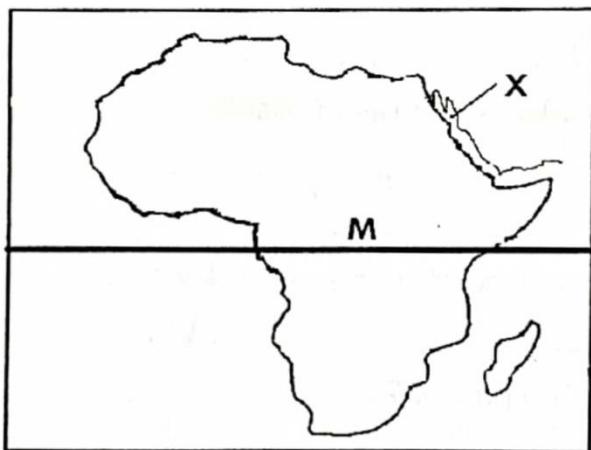

a) Name the main cash crop grown in area marked P.

.....
b) Mention the inland port on Lake marked Y.

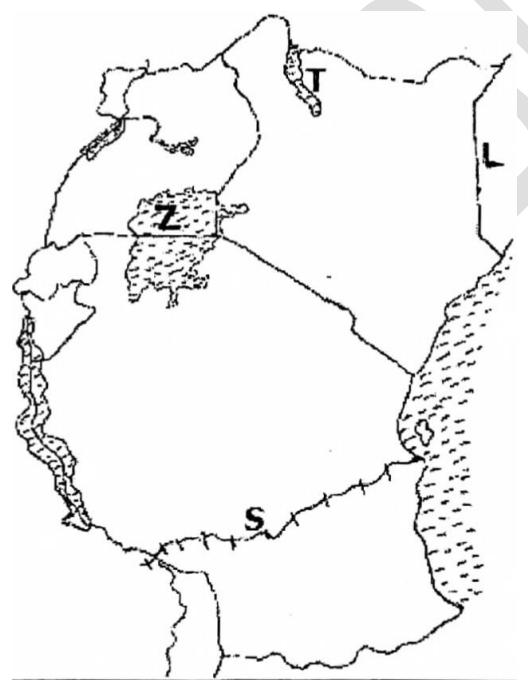

.....
c) How was Mountain marked F formed?

.....
d) Use letter K to locate the swaggiest lake in Uganda.

Study the sketch map of Africa below and answer the questions that follow.

- a) Name the water body marked **X**.
 - b) Name any one island country found in the Indian Ocean.
 - c) Name the island country crossed by line marked **M**
 - d) Name the continent that neighbours Africa to the north.
- 45a). Study the map and answer the questions about it.**

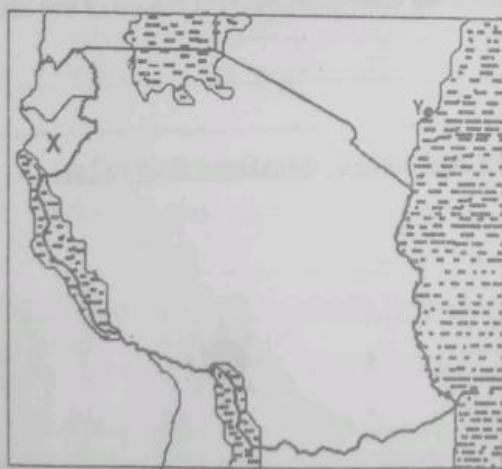

- a) Name the country **L**.
- b) In which way is railway **S** important to Zambia?
- c) How was Lake **T** formed?
- d) Name the feature marked **Z**.

49. Study the map of Africa below and answer questions about it.

- Mention the European explorer who used route Y.
- Name the water body marked D.
- State any **one** characteristic of shaded vegetation zone F.
- Draw the Prime Meridian on the map.**

45. Study the map below and use it to answer the questions.

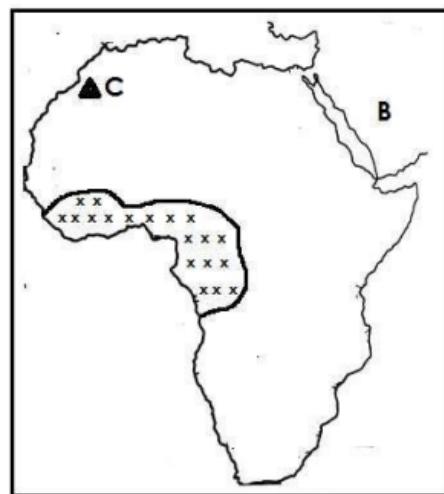

- From the map, name:-
 - Country X _____
 - Sea port Y _____
- How is port marked Y important to Uganda?

- Use letter A to show on the map the location of Malawi.

Page | 7

43. Study the map of Africa below and answer questions about it.

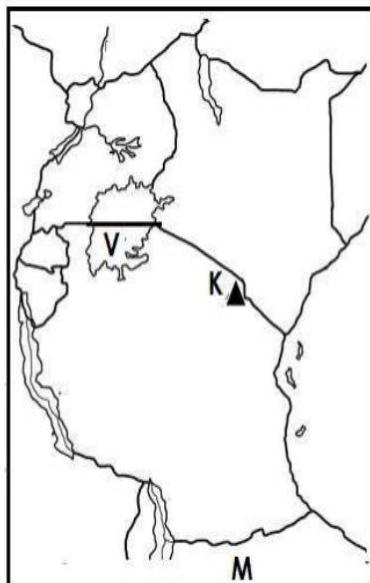

(a) Name the mass of land marked B

(b) Use letter R to mark the Red Sea.

(c) Name the feature marked C

(d) In which way does the vegetation zone xxx influence the climate of West Africa? _____

49. Study the sketch map of East Africa below and use it to answer questions that follow.

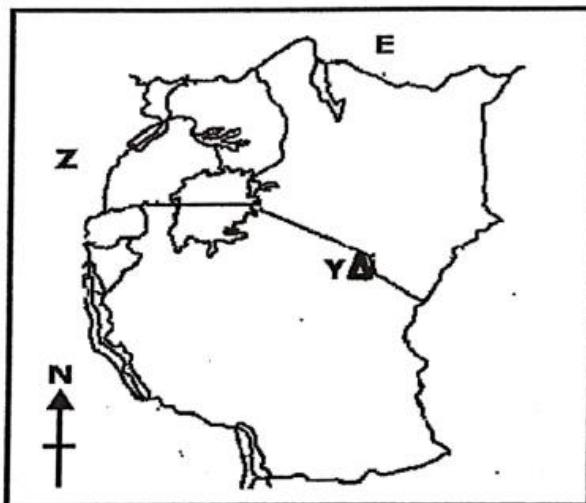

a. Name the country marked M.

b. Mention the main inland port found on feature marked V in Tanzania.

c. Use a pencil and a ruler, draw and name the equator line on the sketch map above.

d. How physical feature marked K formed?

49. Study the map below and answer the questions that follow:

a) In which geographical region is country E found?

.....
b) Name the type of natural vegetation that covers the largest part of country Z.

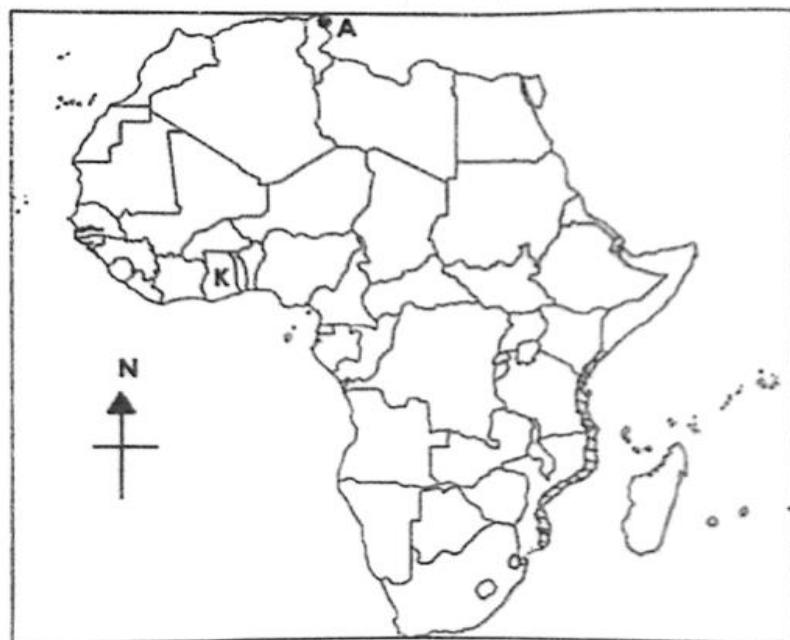

c) Which natural process led to the formation of Mountain marked P?

7. Study the map of Uganda and answer questions that follow.

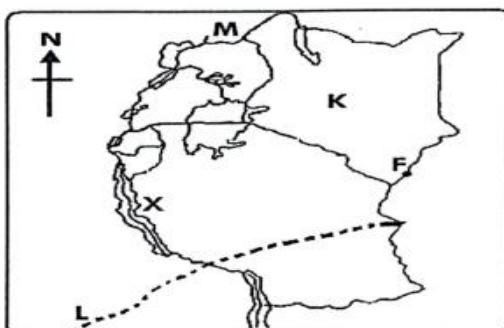

- a. Name the Stone Age site found in the area shaded area SSSSS.
- b. Apart from crude oil, name any other mineral mined around like W.
- c. Why was area 'C' transferred to British protectorate 1910?
- d. Which ethnic group occupies area marked with letter KK on the map?

50. Study the map of Africa below and answer questions that follow:

- a. Name the most northerly point Africa labeled with letter 'A'.
- b. Which important meeting took place in the country marked by letter 'K'
- c. Use letter Q to indicate the last trusteeship country in Africa.
- d. Name the first Europeans to occupy area shaded on the map.

(a) Name one country which funded the construction of railway line marked L.

.....

(b) State one challenge faced by country marked M.

.....

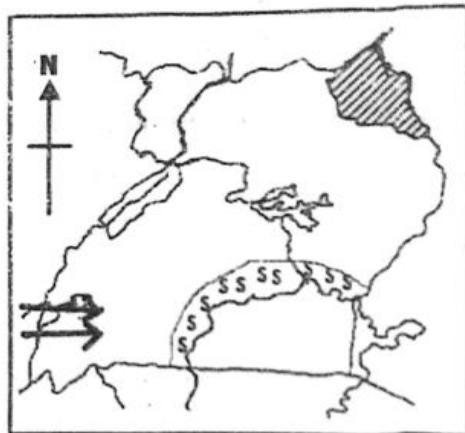

(c) Name the capital city of country marked K.

.....

(d) Give the name of the seaport marked F.

.....

Study the map of Uganda below and answer question 44.

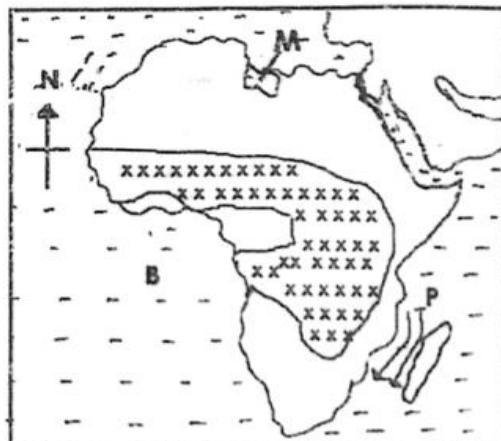

- (a) Name the tribal group that entered Uganda through the arrows on a map.

(b) Give the reason why the shaded region is generally dry.

(c) Why is the region sss densely populated?

(d) Draw the Equator on the map.

50. **Study the map of Africa below and use it to answer the question that follow;**

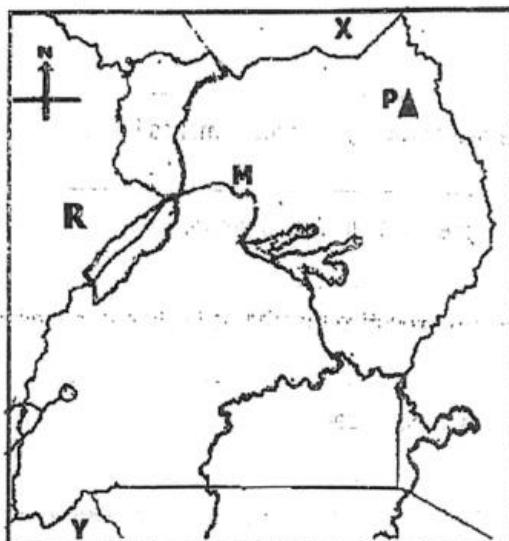

- (a) Name the Ocean currents marked with letter P.

(b) What type of climate is shaded xxxx on the map?

(c) Which waterbody is labelled B?

(d) Name the country marked M.

Below is a sketch map of Uganda. Use it to answer question 48.

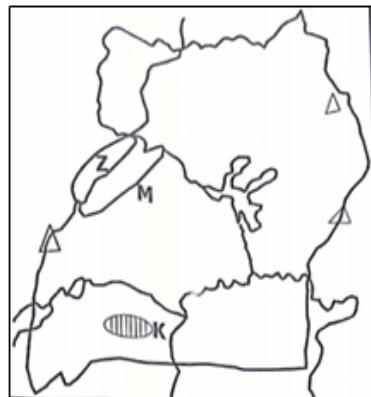

48(a) Name the part of river Nile marked with letter M.

(b) Which country is marked with letter R?

(c) Name the mountain marked with letter P.

(d) How is country marked X similar to the country marked Y in terms of formation?

Study the sketch map of Uganda below and answer question 44.

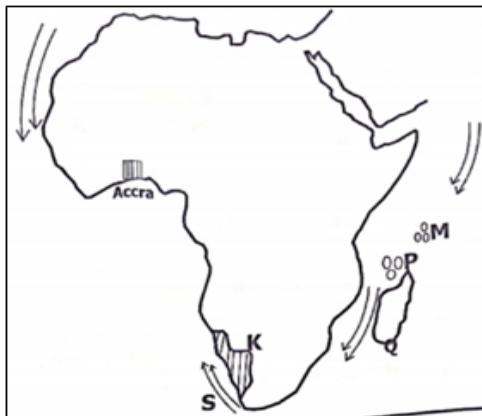

44. a) Name the river marked M.

b) Which tourist attraction is found in the shaded area marked K?

c) Why is lake marked Z important to the economy of Uganda?

d) Show Albert Nile using letter S on the map above.

49. Study the sketch map of Africa below and answer the question 49.

a) Name the island country marked by the following letters.

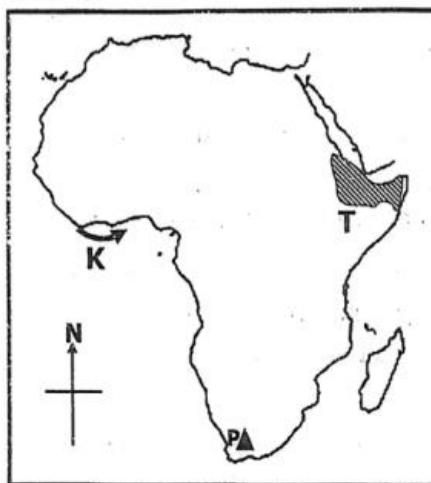

i) P.....

ii) M.....

b) Mention the ocean current marked S.

c) State one effect of ocean current named in 49(b) above.

42. Use the sketch map of Africa below to answer questions about it.

(a) Name the ocean currents marked K.

.....

(b) How was mountain marked P formed?

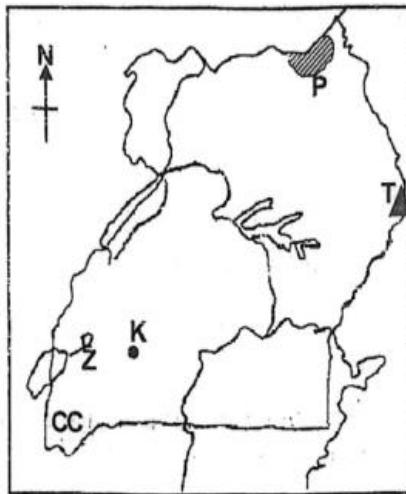

.....

(c) Give any one characteristic of the climatic region in the shaded area marked T.

.....

(d) Use letter "L" to show the location of the Nile delta on the map.

47. Use the sketch map of Uganda below to answer questions about it.

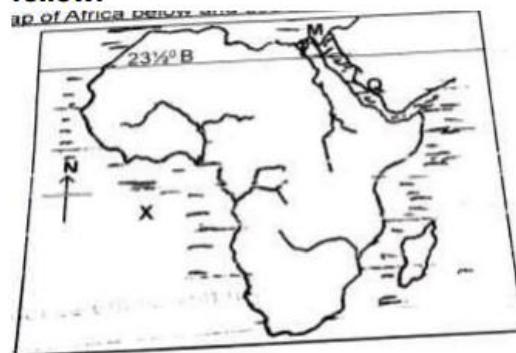

- (a) Name the place marked K where the Bachwezi once settled.
.....
- (b) Mention any one major tourist attraction in the area marked P.
.....
- (c) How was Lake marked Z formed?
.....
- (d) Give any one reason why Agricultural mechanization on a large scale is difficult in area marked CC.

45. Study the sketch map of East Africa and use it to answer the questions that follow

- (a) Use letter T to locate Mount Kilimanjaro on the above map.
- (b) Name the country marked with letter P
- (c) Mention one African country located in the ocean labeled A
- (d) Give one economic importance of Lake M to East Africa.

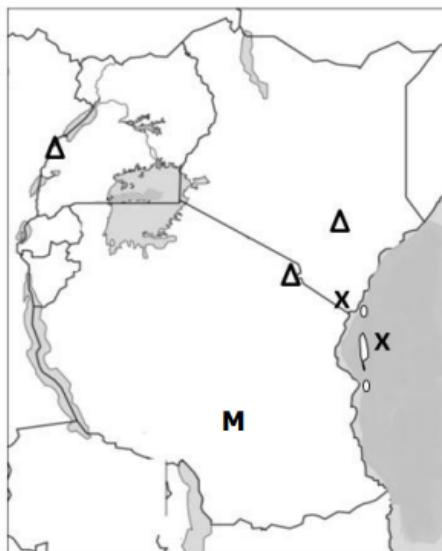

47. Study the map of Africa below and use it to answer the questions that follow.

- a) Name the water body marked with letters;
i) X _____ ii) Q _____
- b) State the importance of feature labeled M to the economy of Egypt.

- c) Mention one country crossed by line latitude marked B.

42. Study the map below and answer the questions that follow.

- a) Name the major cash crop grown on Islands marked X.

.....

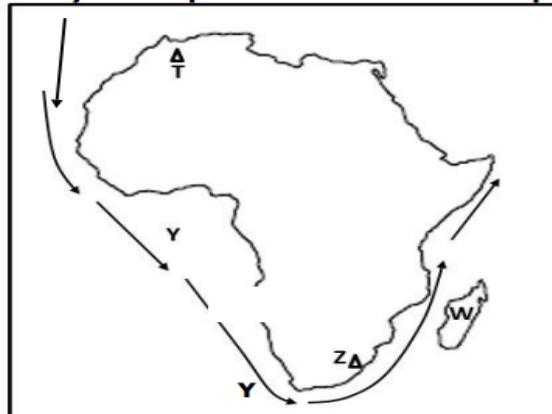

- b) Compare Uganda and country M in terms of their colonial history.

.....

- c) Use letter N to show the highest mountain in East Africa

- d) Give the number of countries Uganda shares her borders with.

46. Study the map below and answer the questions that follow

a) Name the explorer who used route marked **Y**

.....

b) Compare mountain marked **Z** and **T** in terms of their types.

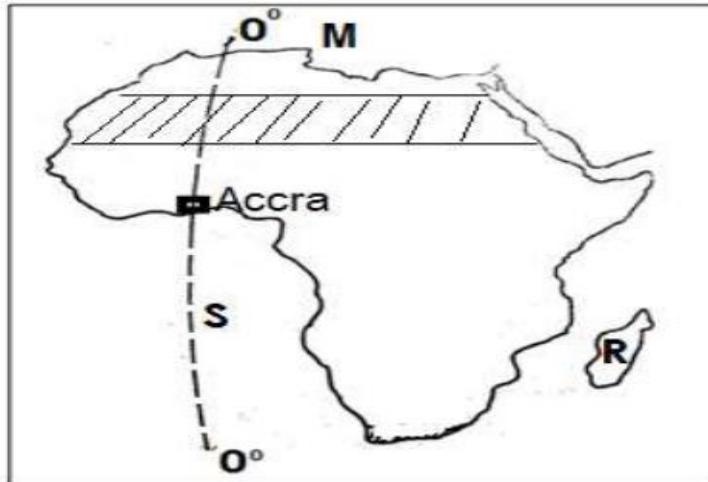

.....

c) How did the Portuguese influence the lives of people at the coast of East and West Africa?

.....

d) Name the country marked **W** on the map above

46- Study the map of Africa below and use it to answer questions that follow.

(a) Name the line of longitude marked **S**.

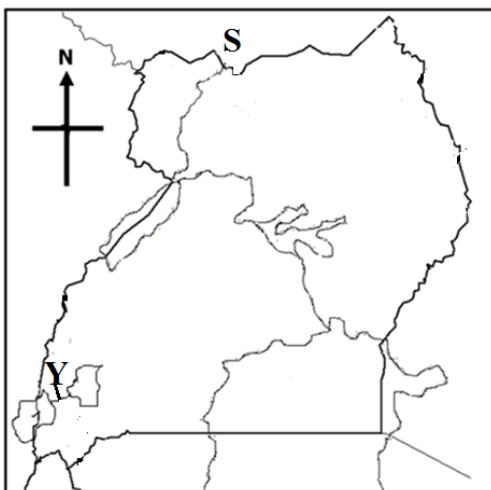

.....

(b) Which type of climate is experienced in the areas shaded on the map?

.....

(d) How important is the water body marked **M** to the nearby countries?

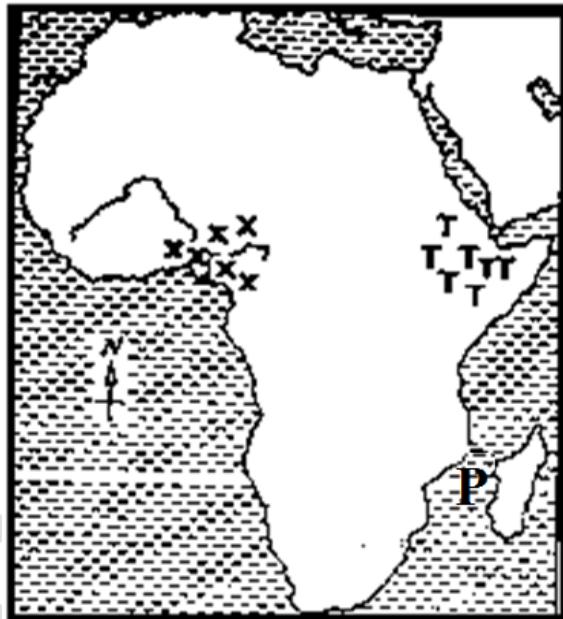

Study the map of Uganda below carefully and use it to answer questions 33 - 35.

1. Use letter **K** to show Kidepo Valley national park.
2. Name the country marked letter **S**.

3. Name the water channel marked with letter **Y**.

Study the sketch map of Africa and answer the questions that follow.

4. a) Name the water way marked with letter **P** on the map.

- b) Mention one economic activity carried out in area marked **X**.

- c) Name one land locked country found in the region marked **TTT**.

- d) Why the above map is called a sketch map?

41. Study the map below and answer the questions that follow;

- (a) Name the ethnic groups that entered Uganda through routes marked;
- (i) C
- (ii) A
- (b) What process led to the formation of the mountain marked Y?
.....
- (c) Name the type of climate experienced in the area marked TTT.

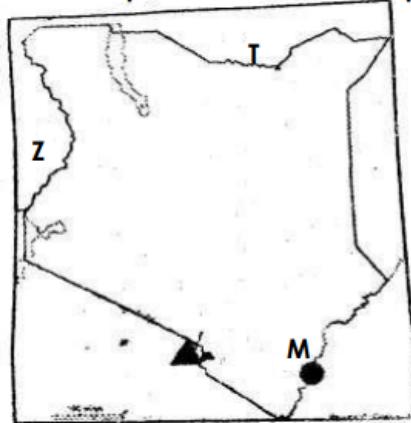

44. Study the sketch map of Uganda below and answer questions about it.

- a). Name the section of River Nile marked F on the map.
-
- b). Why is navigation difficult in the above section of the Nile?
-
- c). How is the formation of lake M different from that of lake L?
-
- d). How is feature 1 politically important to Uganda and DRC?
-

50.

Study the sketch map below and answer questions that follow.

- a). Compare country Z with Kenya in terms of location.

- b). How did the independence of Eritrea affect country marked T?

- c). How is town M economically important to Uganda?

- d). Give any one problem faced by country Z and T due to their location.

2. Study the map below and answer the questions that follow.

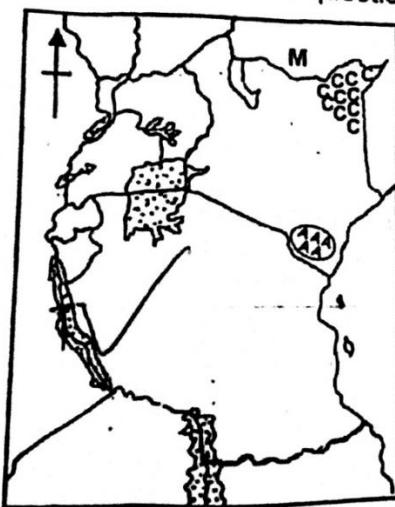

- a) Name the ethnic groups that entered Uganda through routes marked;

i) C _____ ii A _____

- b) What process led to the formation of the mountain marked Y?

- c) Name the type of climate experienced in the area marked TTT.

3. Study the map below and answer the questions that follow.

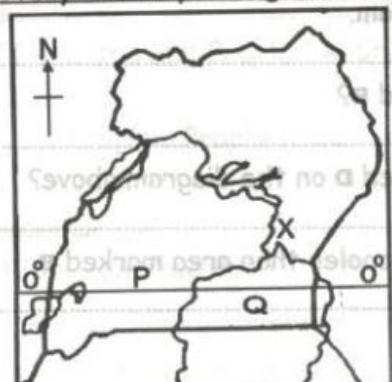

- a) Name the main economic activity carried out in the area marked CCC.

- b) How did the country marked M become landlocked?

- c) Name the game park in the area marked AAA.

- d) Use letter T to indicate Lake Tanganyika on the map above.

Study the map of Uganda below and use it to answer question 44.

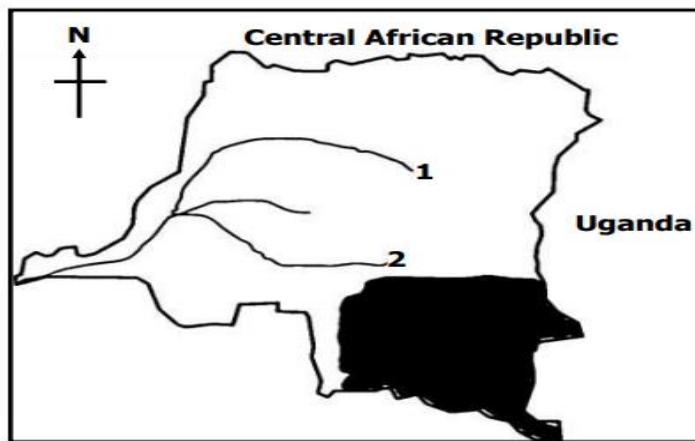

- 44. (a) What name is given to the latitude marked with letter P?

- (b) Mention any one economic activity taking place in the area marked Q.

- (c) Name the river marked X.

(d) How does the river you have named in (c) above show that Lake Victoria is on a higher altitude than Lake Kyoga?

45. Study the map below and questions about it.

a) Which minerals resource is mined in the area shaded above?

.....

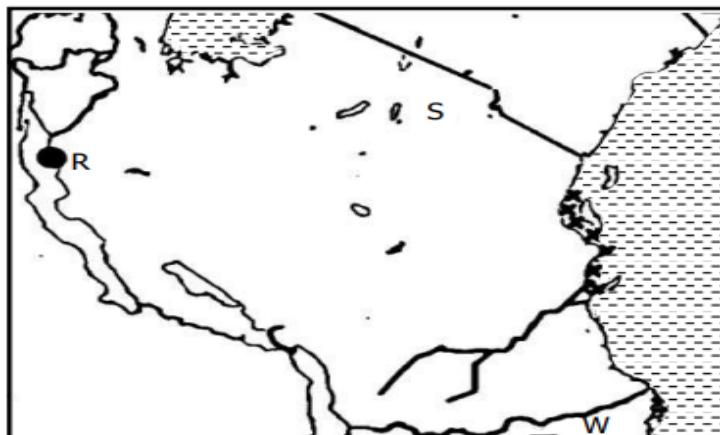

b) Name the rivers numbered 1 and 2

1

2

c) State the political problem facing the country above.

46. Study the map below and answer questions about it

a) Name the country marked with letter w.

.....

b) How is town marked with letters S important in the growth in the growth of EAC?

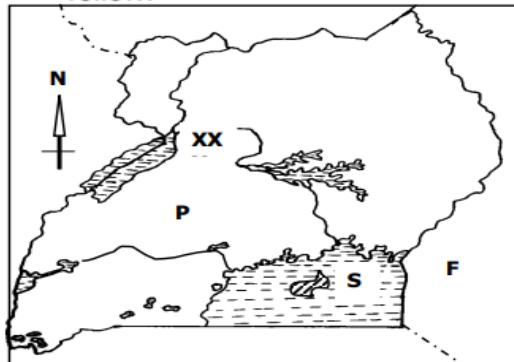

.....

c) Which factor favors the growth of the type natural vegetation found at area xxx?

.....

d) How is part R important to Tanzania?

49. Study the sketch map of Uganda below and answer the questions that follow.

(a) Name the river marked with letter **P**.

.....

(b) Which rebellion was staged in the country marked **F**?

.....

(c) What is the major economic activity of the people who live in the island marked **S**?

.....

(d) Which part of River Nile is marked **XX**?

44. Study the map below and answer the questions that follow;

a) Which tribal group entered Uganda through route **X**?

.....

b) Name the lake marked **W**.

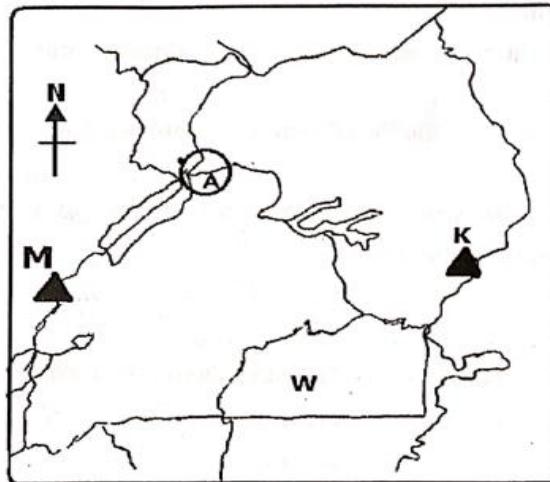

.....

c) Identify the direction of mountain marked **Y** from **P**.

.....

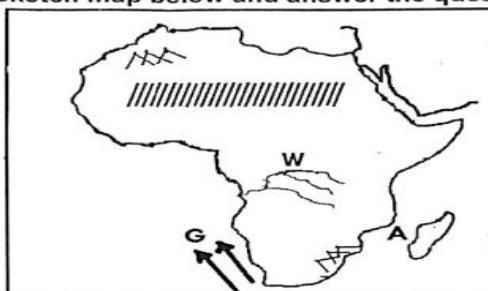

d) Why is the pick of mountain marked **X** snowcapped throughout the year?

50. Study the map below and answer the questions that follow.

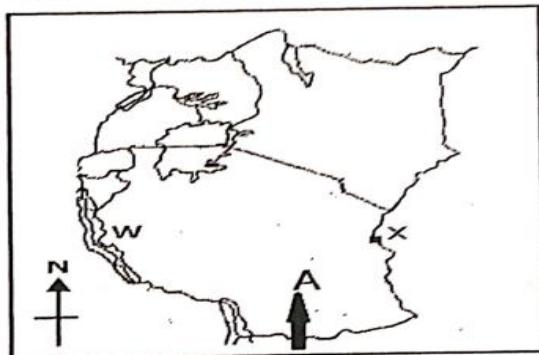

- a) Name the main tourist attraction in game park marked A.
- b) Compare mountain marked M and mountain marked K in terms of their formation
-
.....
- c) Give any two ways people use lake marked W to earn a living?
- i)
- ii)
- d) Apart from Arabica coffee, mention one other cash crop grown by people who live on the slopes of mountain marked K

43. Study the sketch map below and answer the questions about it.

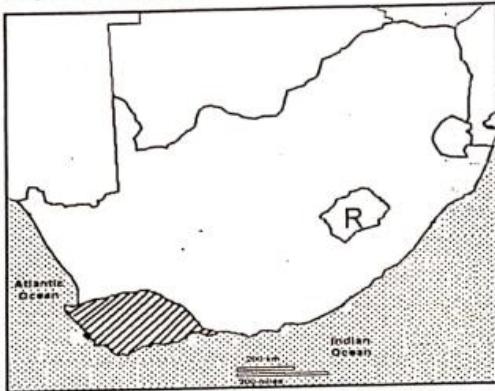

- (a) Name the continent represented by the sketch map above.
-
- (b) Why is nomadic pastoralism possible in the region shaded ///?
-
- (c) Name the Ocean current marked with letter G.
-
- (d) Which water channel is marked with letter A?

45. Study the map below and answer questions about it.

- (a) Name the tribe which entered East Africa using route marked A.
.....
- (b) Why did the above tribe in (a) migrate from their cradle land?
.....
- (c) State one effect of migrations of Ethnic groups to areas where they settled.
.....
- (d) Name the lake marked W.

50. (a) Study the map of Country T below and answer questions that follow.

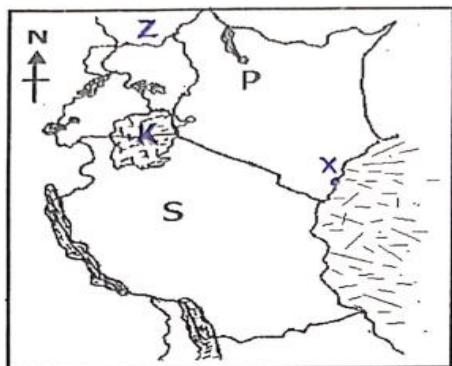

a) Name the climatic region shaded // on the map above.
.....

b) Name the prevailing winds that bring rain to the area shaded //.
.....

c) Name the enclave country marked R on the map above.

d) Give one factor that led to industrial development of Country T.

48. Use the map below and answer the questions that follow:

a) Name the Island district found in area Marked K.

.....

b) How does Country P. benefit from town marked X?

.....

c) Why does the area marked S above not good for animal rearing?

.....

d) Mention the country marked Z on the map.

45. Study the sketch map of East Africa below and answer the questions that follow.

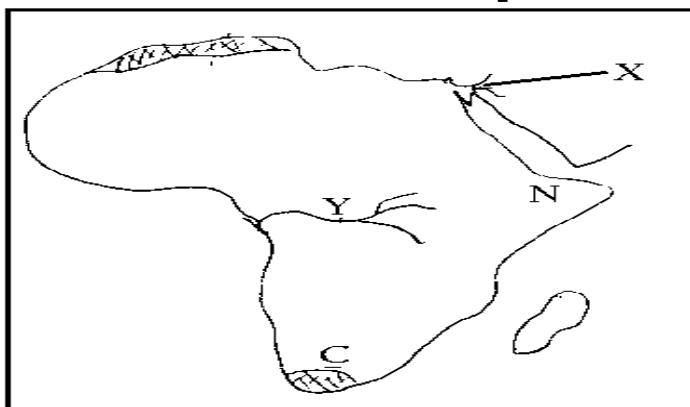

(a) State the major political problem affecting country marked Z.

(b) Name the main product that is obtained from the area marked XXX

(c) Compare the formation of Lake marked A with that of Lake marked B

(d) Give the reason why the railway line marked T was constructed.

45. Study the map below and use it to answer the questions that follow.

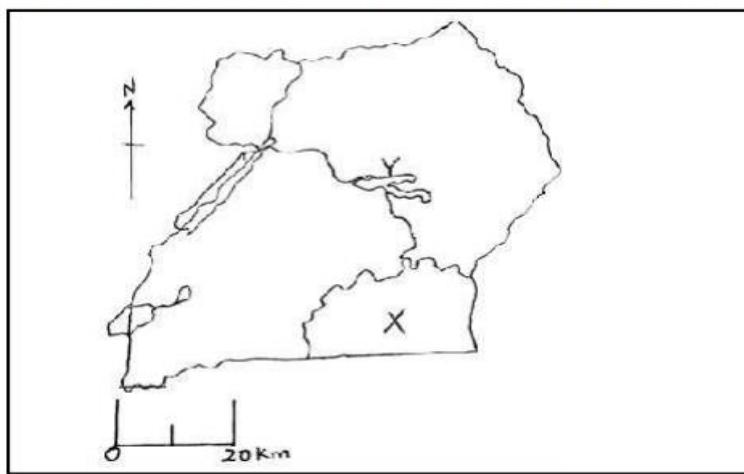

a) Name the vegetation zone **marked with letter 'C'** on the map. _____

b) Why does river marked **Y** flow towards the **Atlantic Ocean?** _____

c) Give the political problem faced by **country marked N** on the map. _____

d) Why did Europeans build the feature **marked X** on the map? _____

47. Study the map of Uganda and answer questions that follow .

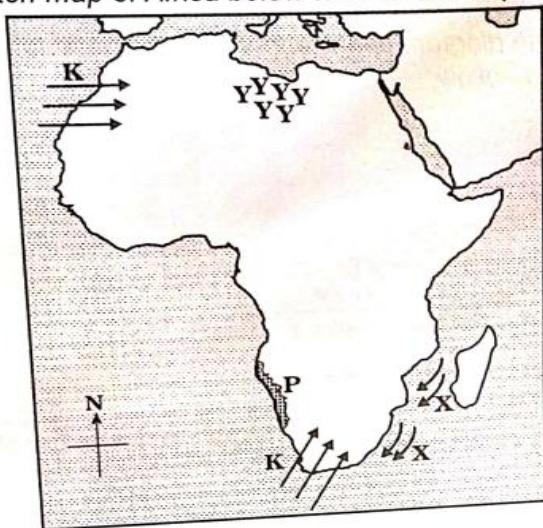

(a) Mention any one element of a good map missing on the above map. _____

(b) Give one way water bodies marked **X** and **Y** have contributed to Uganda's economy. _____

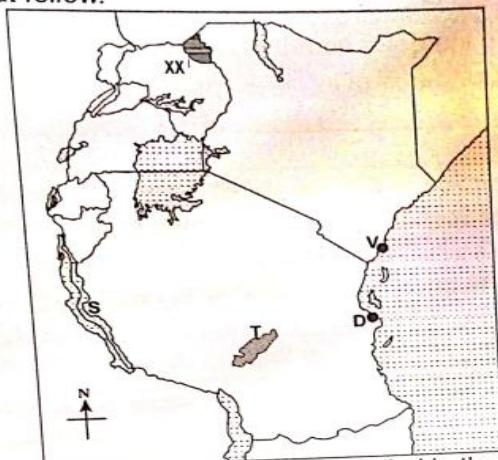

(c) Give any two resources obtained from the physical features **X** and **Y** . _____

43. Use the sketch map of Africa below to answer the questions that follow.

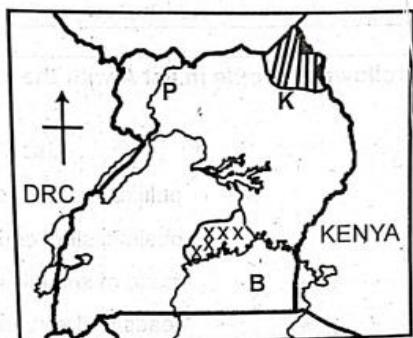

- a) Name the desert marked P.
- b) Why did early explorers take long to cross the area marked YY?
- c) Name the prevailing winds marked K on the map.
- d) How do the ocean currents marked X influence the climate of Africa?

48. Study the sketch map of East Africa below and use it to answer the questions that follow.

- a) Name the ethnic group that mostly settled in the shaded area marked XX.
- b) Why is human settlement difficult in the woodland marked T in Central Tanzania?
- c) How are the seaports marked V and D important to Uganda?
- d) What process led to the formation of the lake marked S on the map?

42. Study the sketch map of Uganda below and use it to answer the questions that follow.

- Why does the river marked P flow Northwards?
- Which type of climate is experienced in the shaded area marked K?
- Name any one inland port on the lake marked B in Uganda.
- Which type of rainfall is received in the area marked XX?

43. Study the sketch map of Africa below and use it to answer the questions that follow.

- Name the economic grouping shaded on the map above.
- Mention one responsibility of ECOMOG in the regional grouping above.
- How is the regional grouping above important to member states?
- Name the water body marked C on the map.

13. Use the sketch map of Africa below to answer the questions that follow.

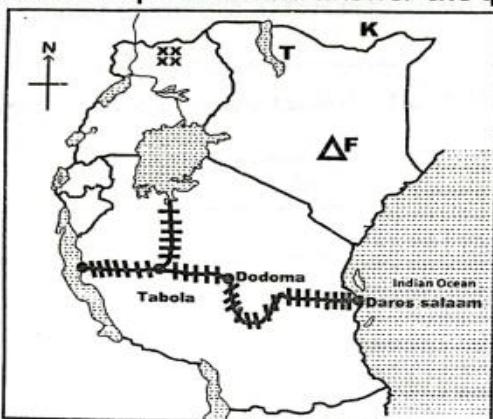

- Name the desert marked **P**.
- Why did early explorers take long to cross the area marked **YY**?
- Name the prevailing winds marked **K** on the map.
- How do the ocean currents marked **X** influence the climate of Africa?

14. Study the sketch map of East Africa below and use it to answer the questions that follow.

- Name the ethnic group that mostly settled in the shaded area marked **XX**.
- Why is human settlement difficult in the woodland marked **T** in Central Tanzania?
- How are the seaports marked **V** and **D** important to Uganda?
- What process led to the formation of the lake marked **S** on the map?

46. Study the sketch map below and answer the questions that follow.

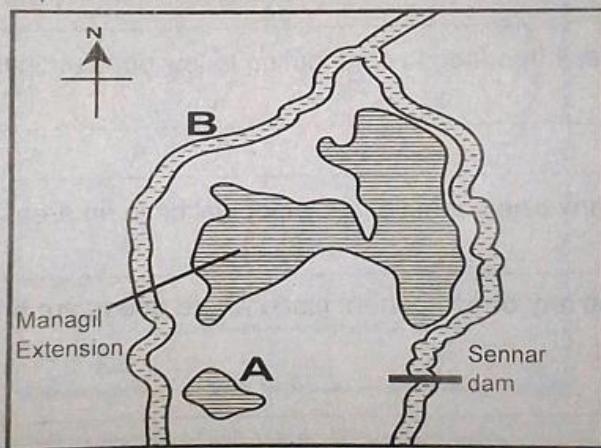

(a) Name the railway line marked C.

(b) Why did people in the area marked xxx fear to lose their guns to the British?

(c) How is the lake marked T different from the mountain marked F in terms of formation?

(d) In which way did the country marked K become landlocked?

45. Use the sketch map below showing Gezira irrigation scheme to answer the questions that follow.

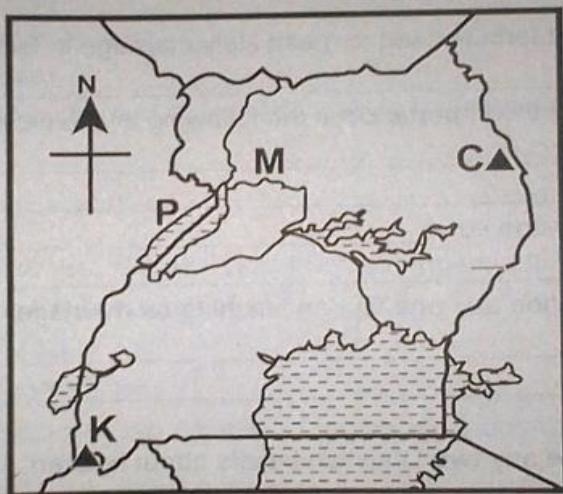

a) Name the extension marked A.

b) Mention any one problem faced by farmers on the Gezira scheme above.

c) What method of irrigation is commonly used on the Gezira scheme?

d) Name the river marked with letter B on the map.

50. Use the sketch map of Uganda below to answer the questions that follow.

(a) Name the lake marked with letter P on the map.

(b) How are mountains marked K and C similar in terms of formation?

(c) Use letter W to locate the source of River Nile.

(d) Name the part of the Nile marked M on the map.

46. Study the sketch map of Uganda below and use it to answer the questions that follow.

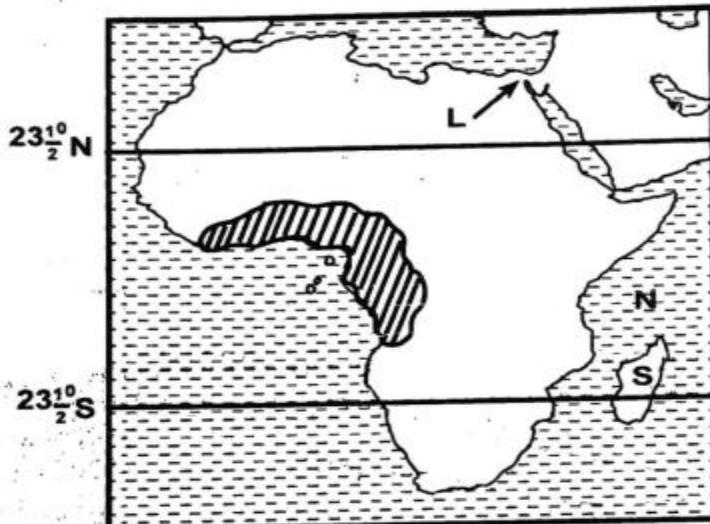

(a) Name the inland port marked with letter T.

(b) Which stone age site is marked Y?

(c) How was the mountain marked with letter M formed?

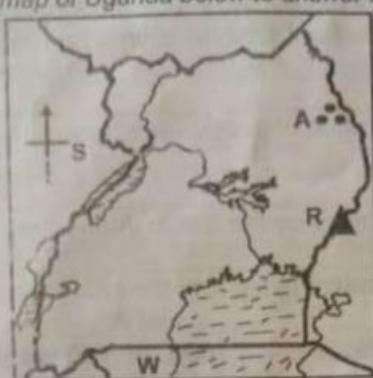

(d) Give one reason why the slopes of the mountain marked M are densely populated.

48. Study the sketch map of Africa below and use it to answer the questions that follow.

- (a) What general name is given to the region located between lines of latitude marked $23\frac{1}{2}^{\circ}\text{N}$ and $23\frac{1}{2}^{\circ}\text{S}$?
- (b) Apart from the Island country marked S, name any other Island country found in the ocean marked N.
- (c) State any one region why perennial crops grow well in the shaded climatic zone.
- (d) Why was the water channel marked L built?

46. Use the sketch map of Uganda below to answer the questions that follow.

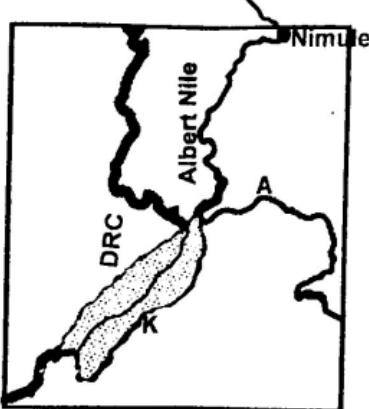

- (a) Name the capital city of the country marked W.
- (b) Why does Arabica coffee grow well on the slopes of the mountain marked R?
- (c) What is the direction of Uganda from the country marked S?
- (d) Mention the stone age site marked A.

42. Study the sketch map of Africa below and use it to answer the questions that follow

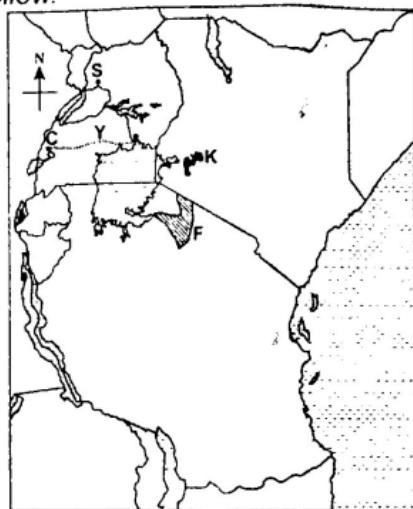

- What process led to the formation of the mountain marked X?
- State any one characteristic of the climate in the shaded area VVV on the map above.
- On the map, draw the line of latitude marked $23\frac{1}{2}^{\circ}\text{S}$.
- Name the water body labelled Z.

The diagram below is of part of the sketch map of Uganda. Study and use it to answer questions 11 and 12.

- Name the lake marked K.
- Which section of R. Nile is marked A?

46. Below is a sketch map of East Africa. Study it carefully and answer the questions that follow.

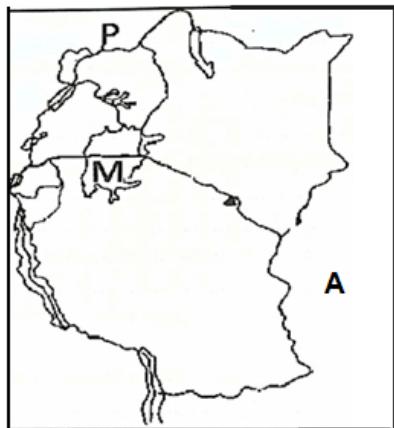

- (a) Name the national park marked F.
-
- (b) Why was the railway line marked Y extended to town C?
-
- (c) Mention the major plantation crop grown in the county marked K.
-
- (d) Which stone age site is found in the area marked with letter S?

Study the sketch map of Uganda below and answer question 44.

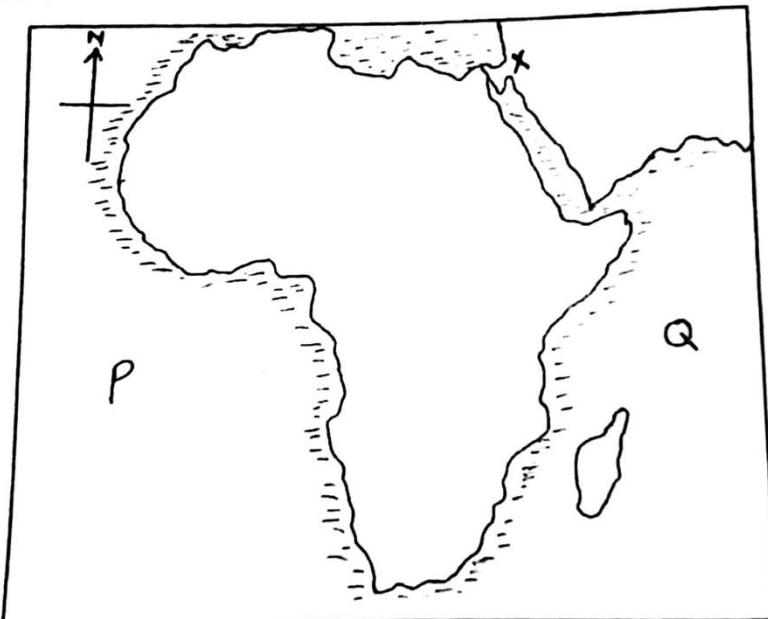

- 44a) Name the river marked M.
- b) Which tourist attraction is found in the shaded area marked K?
- c) Why is lake marked Z important to the economy of Uganda?
- d) Show Albert Nile using letter S on the map above.

45. Study the sketch map of East Africa and use it to answer the questions that follow

- Use letter T to locate Mount Kilimanjaro on the above map.
- Name the country marked with letter P
- Mention one African country located in the ocean labelled A.
- Give one economic importance of Lake M to East Africa.

4. Study the map of Africa and use it to answer the questions that follow.

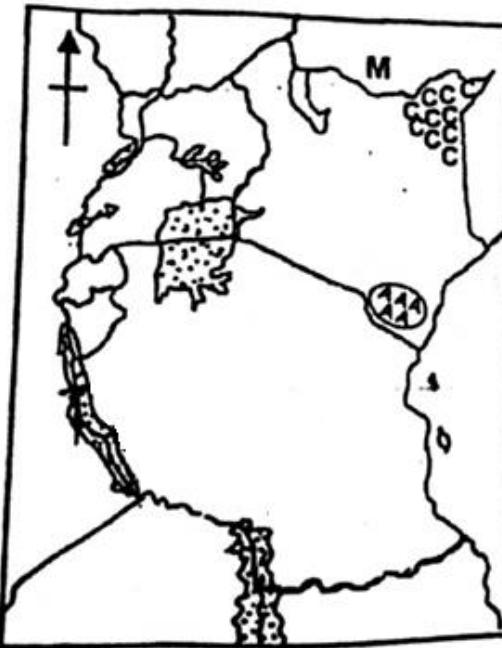

- Name the water bodies marked with letter;
i) P _____ ii)
Q _____
- Give any one reason why canal marked with letter X was constructed.
- Use letter B to show the largest continent in the world.

5. Study the map below and answer the questions that follow.

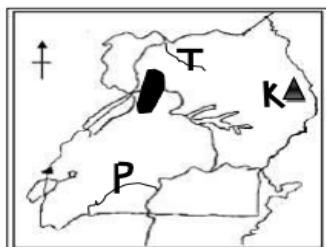

- d) Name the ethnic groups that entered Uganda through routes marked;
- ii) C _____ ii) A _____
- e) What process led to the formation of the mountain marked Y?
- f) Name the type of climate experienced in the area marked TTT.
6. Study the map below and answer the questions that follow.

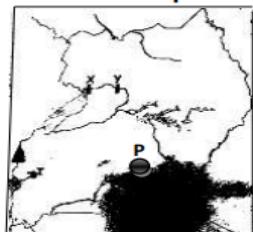

- e) Name the main economic activity carried out in the area marked CCC.
- f) How did the country marked M become landlocked?
- g) Name the game park in the area marked AAA.
- h) Use letter T to indicate Lake Tanganyika on the map above.

43. Study the map below and use it to answer questions that follow.

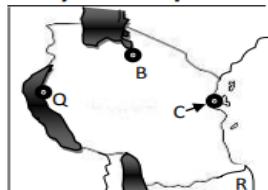

- (a) How is river T related to River Nile?
.....
- (b) Why are slopes of Mt. K not suitable for crop growing?
.....
- (c) Name river P.
.....
- (d) Explain why the shaded region is not good for human settlement.

47. Use the map to answer question 47.

- (a). Name the waterfalls marked;
X.....
Y.....
- (b). Name the port marked P on the map.
.....
- (c) What type of rainfall is received in the Lake regions of Africa?
.....

45. Study the map below and use it to answer questions that follow.

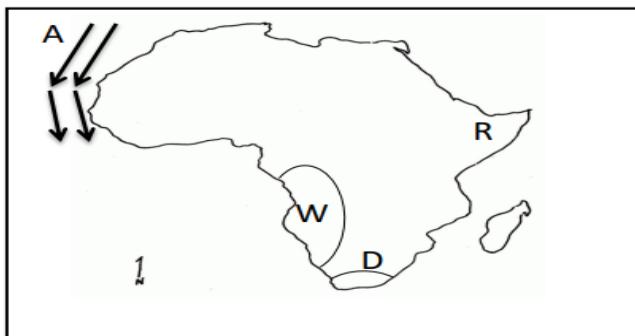

- a). Name the river marked letter R.
.....
- b). How is the inland port marked Q economically important to Tanzania?
.....
- c). Name the ports marked with the following letters.
(i) B..... (ii) C.....

46. Fill the table below correctly

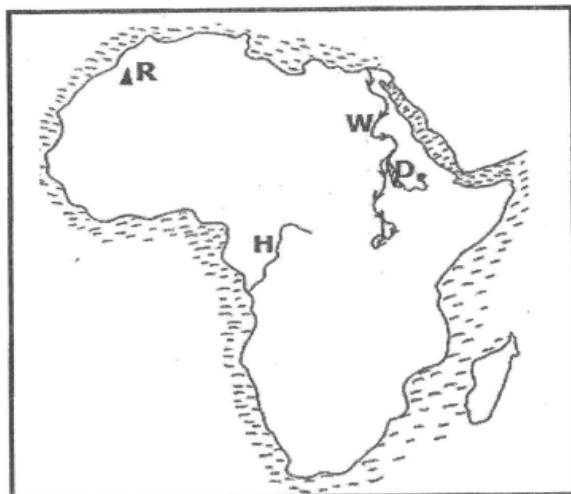

| Mining | Mineral | Product |
|-----------|---------------|---------------|
| Kilembe | | Copper wires |
| | Soda ash/salt | Glasses/Salt |
| Mwandui | Diamond | |
| L. Albert | | Petrol/Diesel |

43. Study the sketch map of Africa and use it to answer questions that follow.

- a) Mention any one way in which vegetation zone marked D is important to the people in this area.
.....
- b) Mention any one problem faced by country marked R.
.....
- c) Name the ocean current marked A.
.....
- d) State any one factor which influences the vegetation in the area marked W.

49. Study the sketch map of Africa and answer questions about it.

- a) How was Mountain marked **R** formed?

.....
.....

- b) Name the river marked **H**.

.....

- c) Name the European explorer who used route marked **W**.

.....

- d) Name the irrigation scheme marked **D**.

45. Study the sketch map of East Africa and answer questions about it.

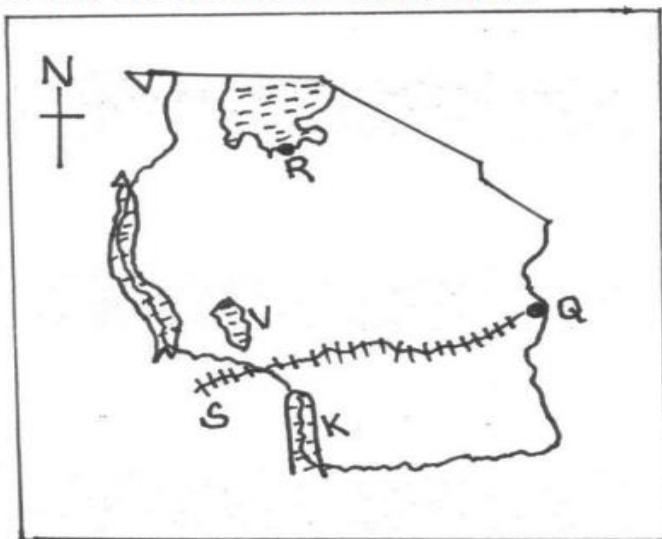

- a) Name the ethnic group that entered East Africa using route marked **Y**.

- b) Name the historical site marked **K** on the map.

- c) Mention the earliest group of foreigners to settle in the shaded area **SSS**.

- d) Use letter **P** to show the largest slave market in East Africa during early trade.

43. Study the sketch map of Tanzania below carefully and use it to answer the questions that follow.

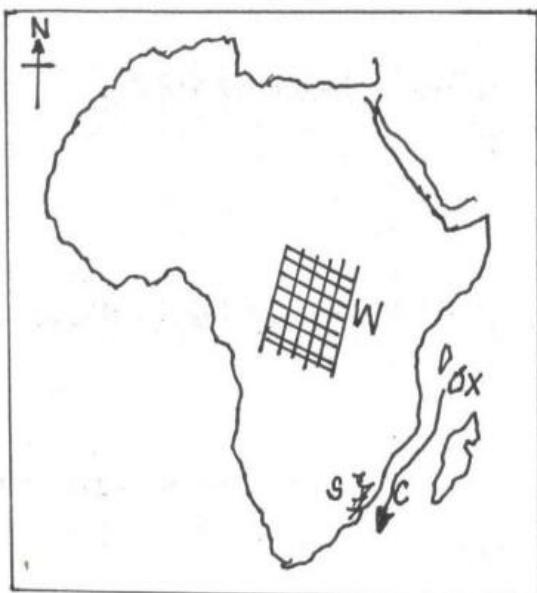

a) Name the lake marked with letter **V**.

b. What is the formation of lake marked with letter **K**?

c. How is the inland port marked with letter **R** important to Tanzania?

d. Why was the railway line from town **Q** to country **S** constructed?

45. Study the sketch map of Africa below and use it to answer the questions that follow .

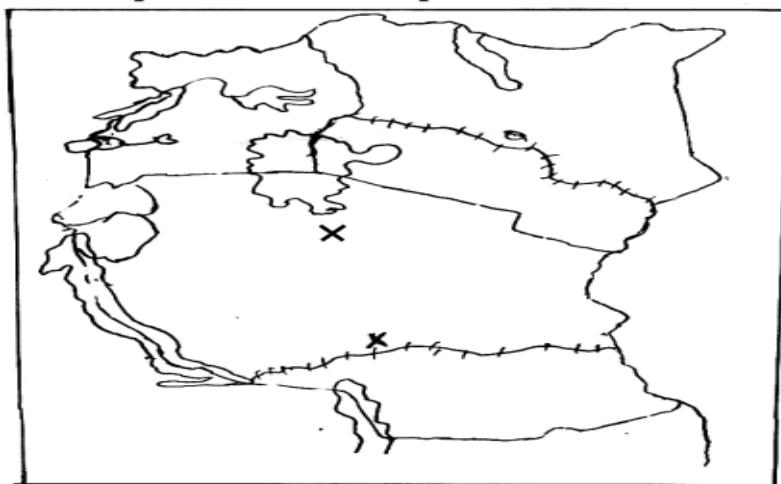

a) Name the ocean current marked with letter **C**.

b) Which crop is majorly grown on slopes of mountain range marked with letter **S**?

c) Why is road construction difficult in the shaded region marked with letter **W**?

d) Give the reason why island marked **X** is remembered in the history of Buganda and Bunyoro.

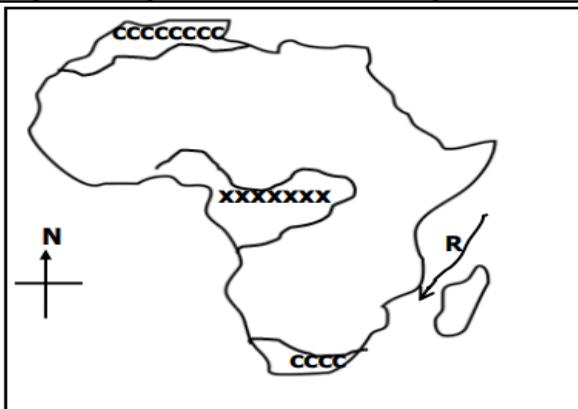

49. Use the map below to answer questions that follow

- a) Name the railway lines marked with letters Q and X.
- Q _____
 - X _____
- b) Give the reason why the colonialists encouraged railway construction in East Africa.
- c) Why is railway transport not commonly used by people in Uganda today?

- d) Give any two ways faulting is important to the economic development of Uganda.

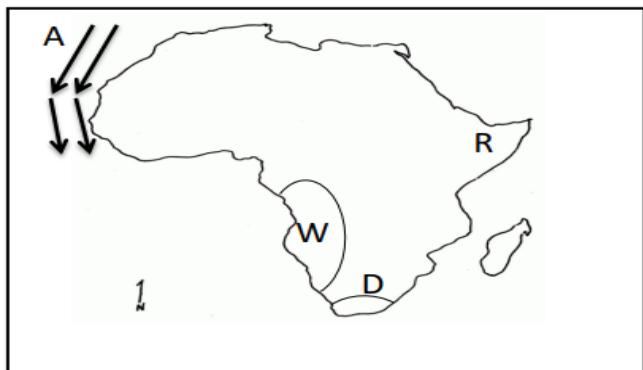

Study the map below and answer questions that follow:

43. (a) Draw and indicate the degrees for the prime meridian on the map of Africa above.

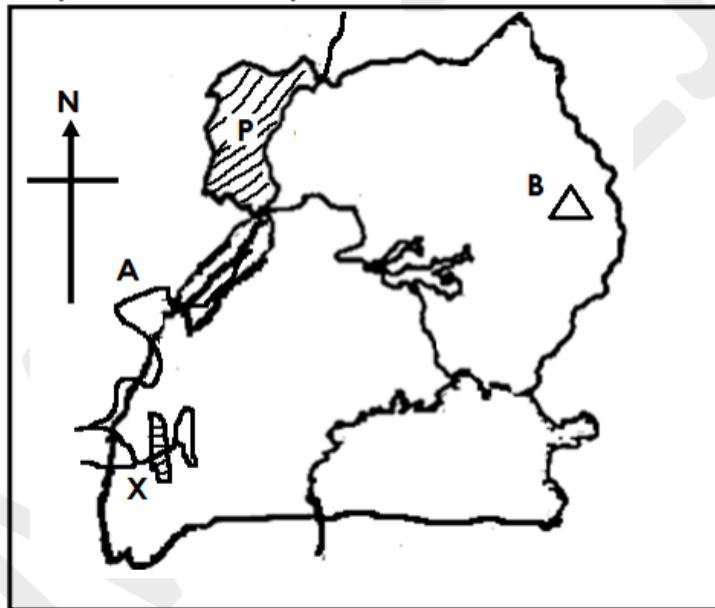

- (b) Name the climatic regions of Africa marked.
cccc _____
xxxx _____
- (c) How do ocean currents marked R affect the climate of the areas it flows to?

43. Study the sketch map of Africa and use it to answer questions that follow.

- Mention any one way in which vegetation zone marked D is important to the people in this area.
.....
- Mention any one problem faced by country marked R.
.....
- Name the ocean current marked A.
.....
- State any one factor which influence the vegetation of in the area marked W.
.....

50. Use the map to answer the questions below.

- Name the features marked:-
A: _____
B: _____
- Which political name is given to the areas marked P?

- Give one reason why people are not allowed to settle in area marked X.
X. _____

45. Use the map below to answer the questions that follow.

(a) Name water falls marked.

(i) K: _____

(ii) P: _____

(b) Name towns marked T and X.

i) T: _____

ii) X: _____

43. Study the sketch map of East Africa below and answer questions that follow.

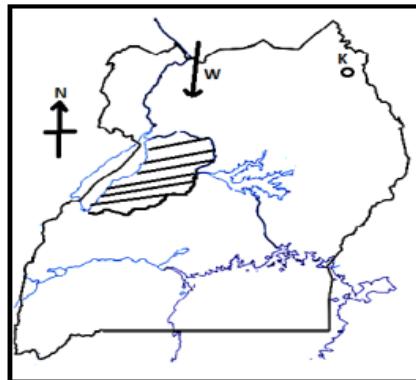

a) Name the physical feature shaded on the map above.

b) Name the National Game Park marked **P**.

c) State one way in which the inland port marked **W** promotes economic development in East Africa.

d) Give the reason why the part of River Nile marked **Z** is not suitable for transport.

45. Study the sketch map of Uganda below and answer questions that follow.

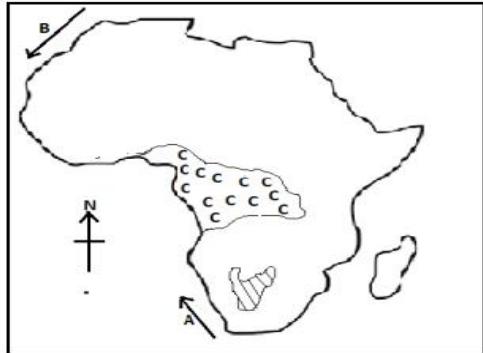

a) Name the ethnic group that entered Uganda through the route marked **W**.

b) Give the reason why the ethnic group marked **W** changed to mixed farming after settling in Uganda.

c) Name the shaded interlacustrine kingdom on the map.

d) Name the Stone Age site marked **K**.

48. Study the sketch map of Uganda below and answer the questions that follow.

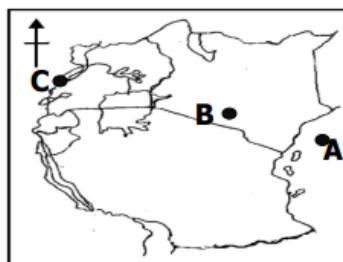

a) Give one way in which ocean currents marked **A** are similar to ocean currents marked **B**.

b) What type of climate is experienced in the shaded region?

c) Mention one factor that influences climate in the shaded region.

d) Give the reason why plantation farming is common in regions marked **CCCCC**.

Study the map of East Africa below and answer the questions that follow.

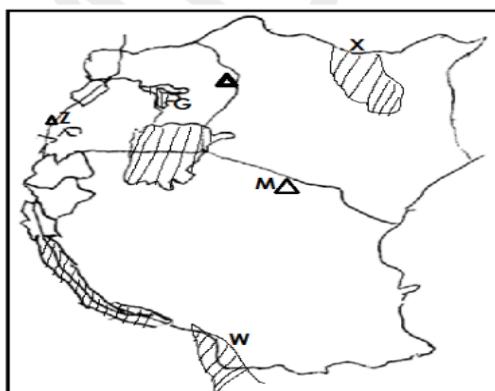

- 45.a) Name **one** modern means of transport which can be used to transport petroleum from town **A** to **B**
- b) State **any two** advantages of using above mentioned means of transport in East Africa.
i)
ii)
- c) State **one** reason why the above named means of transport is not commonly used in the lake marked **C**?

50. Study the map of Uganda below and answer questions about it.

- a) Name the lake marked **R** on the map.
- b) How is the formation of mountain **Y** different from that of mountain **H**?
- c) Which economic activity takes place in area shaded with 2222.
- d) Name the part of river Nile marked **P**.

46. Study the map of East Africa below and answer the questions that follow.

(a) Name the country marked X

.....

(b) What is the direction of Z from M?

.....

(c) State any one reason why lake marked G is known as a fresh water lake.

.....

50. Study the sketch map of Africa below and use it to answer the questions that follow.

a) Name lake marked **W** on the map.

.....

b) What evidence shows that river marked **Q** has many tributaries?

.....

c) Which line of longitude passes through country marked **P**?

.....

d) Mention any **one** factor that influences the climate experienced at desert marked **U**.

41. Study the sketch map of Tanzania below and use it to answer the questions that follow.

- a) Name the sea port marked **S**.

.....

b) Name the major mineral exported from area **T** using the railway line on the map.

.....

c) State the political importance of River marked **R** to Tanzania.

.....

c) How are the Bagisu of Uganda similar to the people that live on the slopes of mountain **W** in terms of economic activities?

49. Use the map below to answer questions that follow

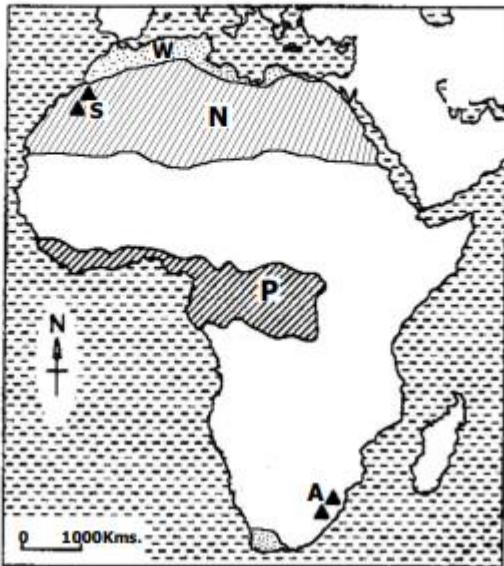

a) Name the railway lines marked with letters Q and X.

i) Q _____ ii) X _____

b) Give the reason why the colonialists encouraged railway construction in East Africa. _____

c) Why is railway transport not commonly used by people in Uganda today?

41. Study the sketch map of Africa below and use it to answer the questions that follow.

- a) Name the type of climate experienced in area marked **W**.

.....

- b) Give **one** reason why trees in vegetation zone **P** grow very tall.

.....

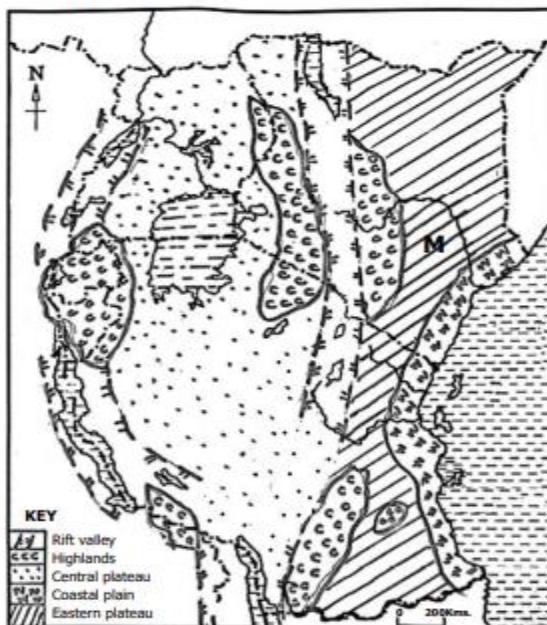

- c) How is the formation of mountain marked **S** different from that of mountain marked **A**?

.....

.....

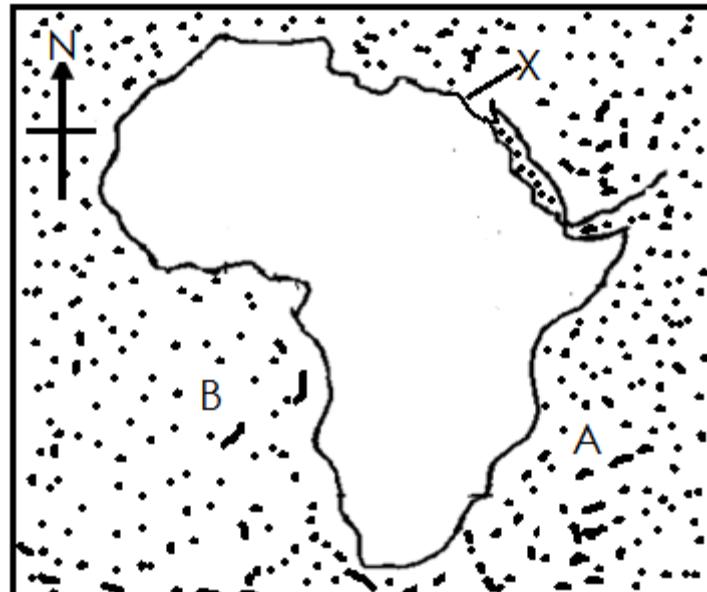

- d) State **one** reason why region **N** experiences very cold nights.

47. Study the sketch map of East Africa below and use it to answer the questions that follow.

- a) Name any **one** lake in East Africa found on the;
- Central plateau.
 - Eastern arm of the rift valley
- b) Why most rivers on the Eastern plateau originate from **highlands**?
.....
.....
- c) How is River marked **M** important to the industrial development of Kenya?

41. Use the map of Africa to answer the questions that follow it.

a) Name the water bodies marked with letters.

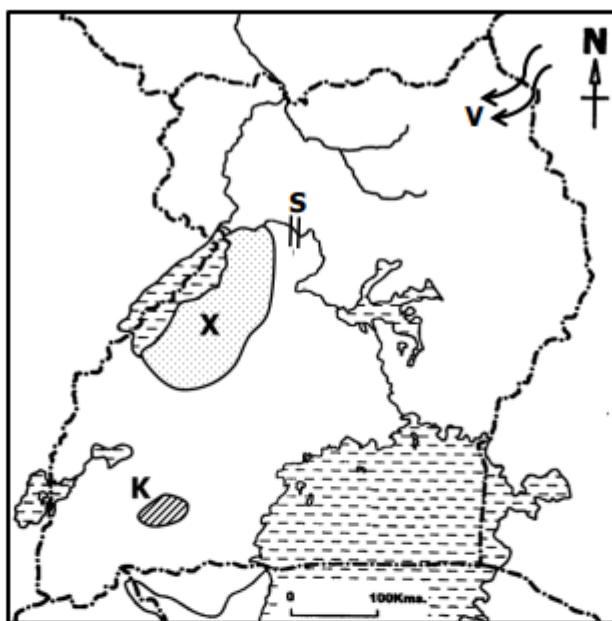

i) A _____

ii) B _____

b) Give one reason why canal marked with letter X was constructed.

c) Use letter B to show the largest continent in the world.

41. Study the sketch map of Uganda below and use it to answer the questions that follow.

- a) Name the game park marked K.

.....

- b) How was the size of Kingdom X a threat to its supreme ruler?

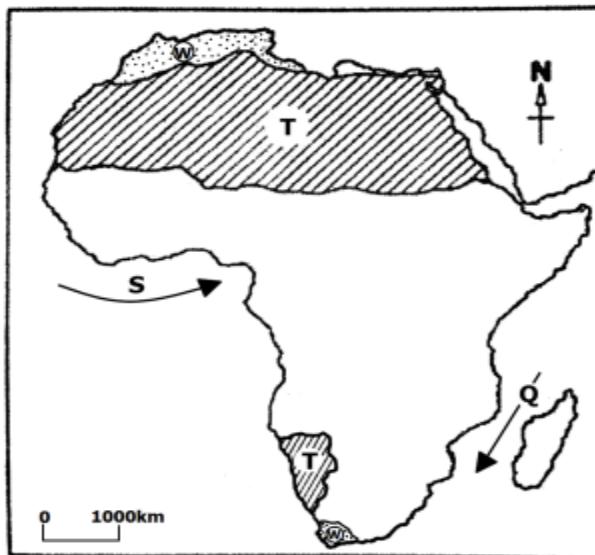

.....

- c) Mention any **one** tribe that belongs to the ethnic group that used route V when entering Uganda.

.....

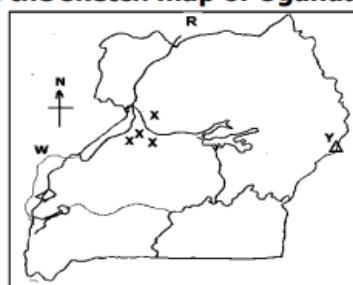

- d) Identify the feature marked S on the above map.

49. Study the sketch map of Africa below and use it to answer questions that follow.

- Name the type of natural vegetation found in region marked **W**.
.....
- Why do people in area **T** build houses with flat roofs?
.....
- Name the ocean current marked **Q**.
.....
- How does the ocean current marked **S** influence the climate of Africa?

Use the sketch map of Uganda drawn below to answer question 42.

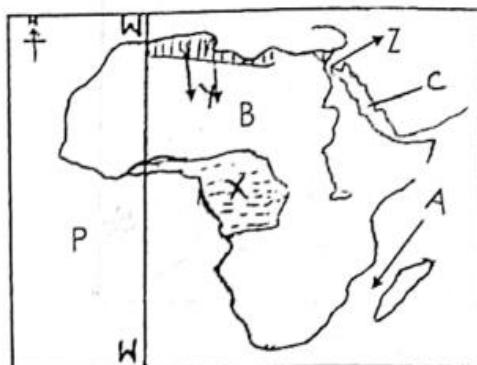

- Name the river marked **W**.
.....
- Name the highest peak on mountain marked **Y**.
.....
- Which mineral is extracted from the area marked **XX**?
.....
- How is the country marked **R** similar to Uganda in terms location?

42. Study the sketch map below and answer the questions that follow.

- a) Name the river marked K.
-
- b) Why is human settlement not allowed in the area marked X?
-
- c) Use letter T to show the major tobacco growing area on the map.
-
- d) State the major economic activity carried out in the area labelled V.
-

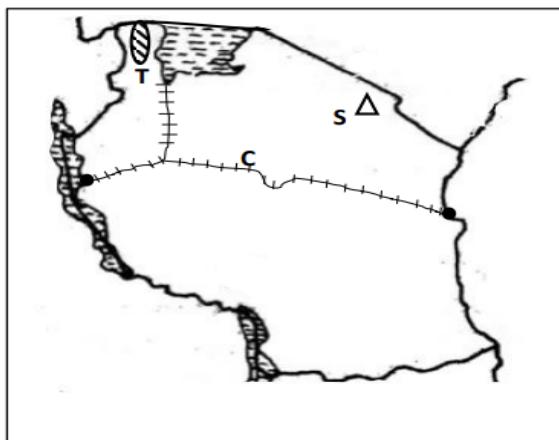

46. Study the map below and answer the question that follow.

- a) Identify the ocean current marked A.
-
- b) Identify how the prevailing winds marked B affects the climate of North West Africa.
-
- c) Name the Island country marked P.
-
- d) Of what importance is the water body marked Z to traders?
-

43. Use the map below to answer questions that follow

Turn over

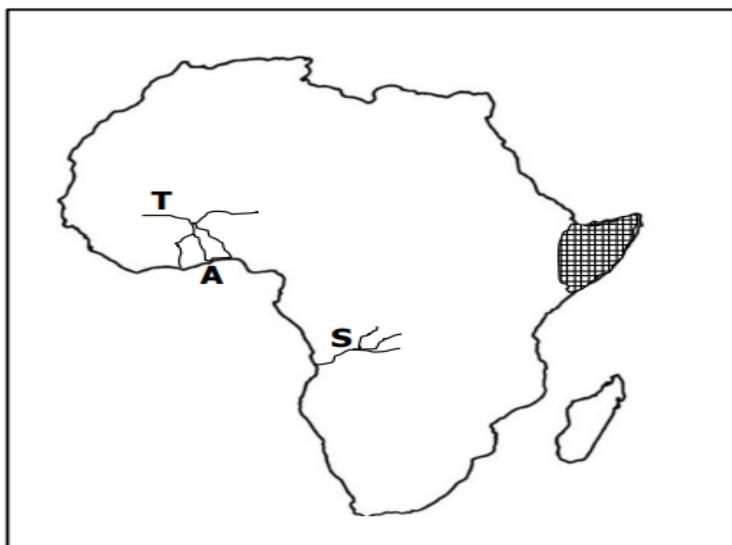

a) Name the railway line marked C on the map above.

b) How was mountain marked S formed?

c) Mention the ancient kingdom that was located in the shaded area T.

d) Identify any one way in which the above mentioned kingdom was helpful to the early explorers.

49. Study the map of Africa below and answer questions.

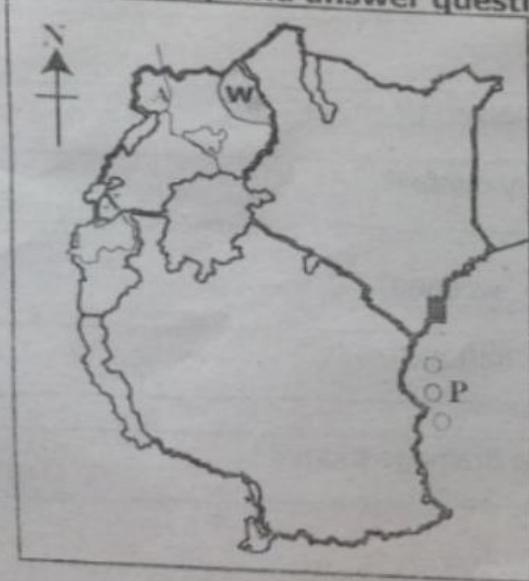

a) Name the major tributary of river marked T.

b) Why does river marked S carry a large volume of water to the ocean?

c) Identify the delta formed at A.

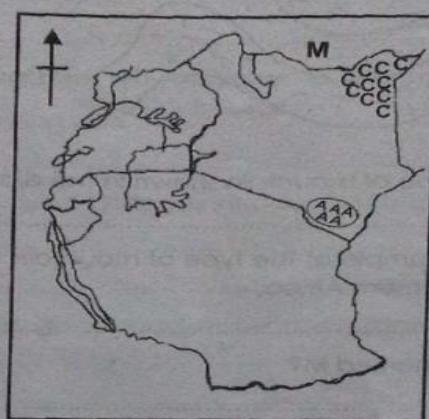

d) Write down any one country found in the shaded region .

048. Study the map and answer questions that follow.

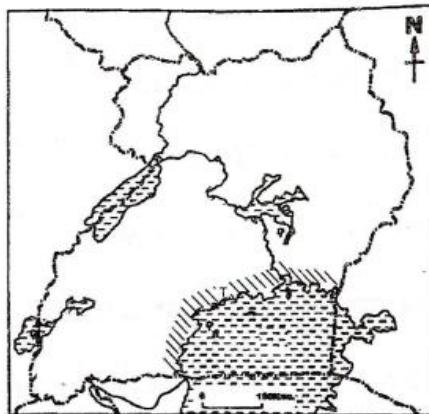

- Name the feature marked X.
- Why does the shaded area marked W receiving little or no rainfall?
- Give a reason why river marked A flows northwards.
- Mention the main cash crop grown on the Island marked P

44. Study the sketch map of East Africa and answer questions that follow.

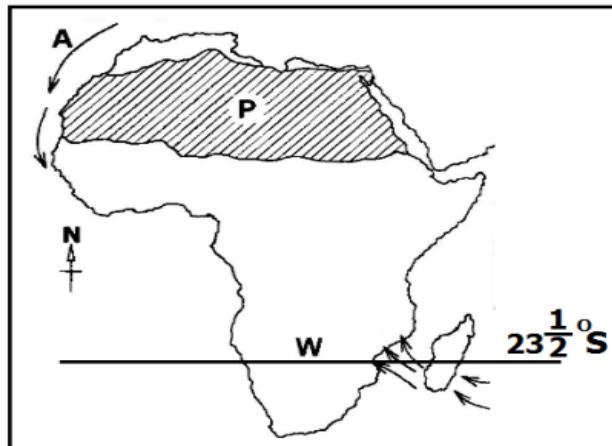

- What is the main economic activity of people living in area marked C?
.....
- Name the tourist attraction found at area marked A on the map.
.....
- Name the capital city of the country marked M.
.....
- Use letter T to show lake Tanganyika?

50. Study the sketch map of Uganda and use it to answer the questions that follow.

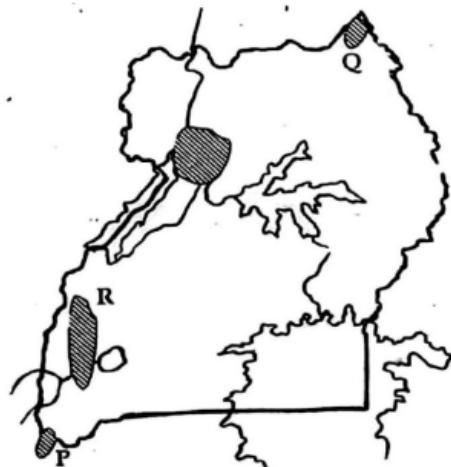

- a) Name the type of climate experienced in the shaded area **T**.
.....
- b) Identify any **one** economic activity carried out in climatic zone mentioned in (a) above.
.....
- c) Give **one** effect of climate change in a given area.
.....
- d) Suggest **one** way of controlling the effect of climate change mentioned in (c) above.

43. Study the sketch map of Africa and use it to answer the questions that follow.

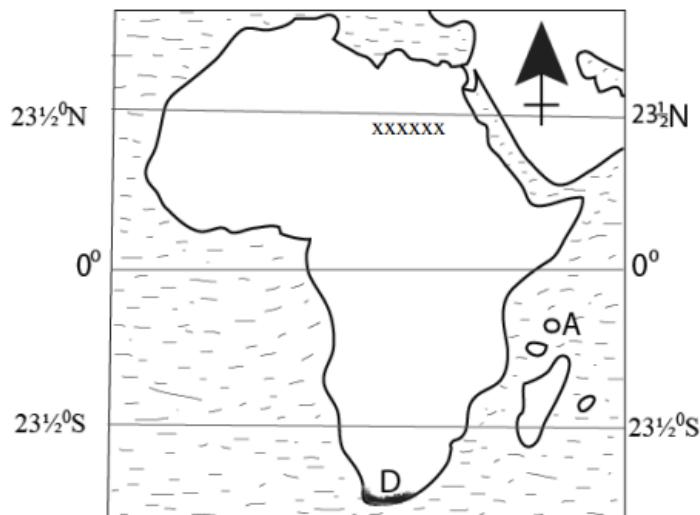

- (a) Name the ocean current marked with letter **A**.
.....
- (b) Identify latitude marked **W**.
.....
- (c) Why does the shaded region marked **P** experience very cold nights?
.....
- (d) State **one** characteristic of lakes formed due to faulting.
.....

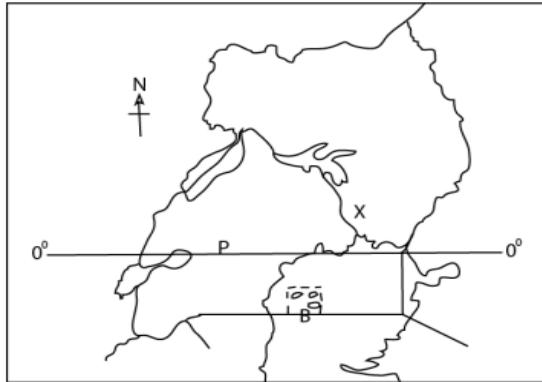

- (a) Name the game parks marked with letter **Q**.
-
- (b) Name the mountain found in the region marked with letter **P**.
-
- (c) Mention any **two** reasons why the population density is low in the region shaded.

45. Study carefully the sketch map of Africa below and use it to answer the questions that follow.

- (a) Name the line of latitude $23\frac{1}{2}^{\circ}\text{S}$ shown on the map above.
-
- (b) Name the island marked with letter **A** on the map above.
-
- (c) What type of climate is found in the area crossed by the line marked 0° ?
-
- (d) Give the economic importance of the region marked **X** to the people of Nigeria.

43. Study the map of Uganda below and use it to answer questions that follow.

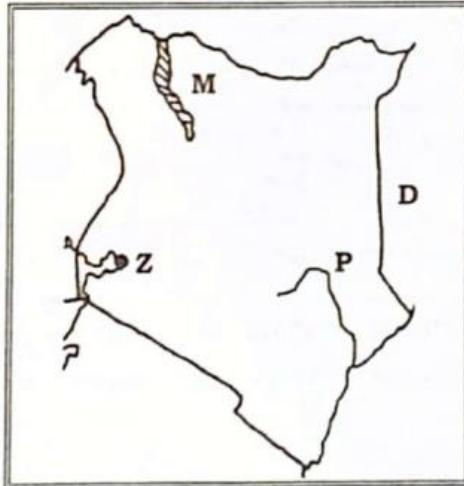

(a) Which name is given to the latitude marked with letter P?

(b) Give the name of the district marked with letter B.

(c) Name the river marked with letter X.

(d) In which way does the river you have named in (c) above show that Lake Victoria is at a higher altitude than Lake Kyoga?

42. Study the map of Kenya below and answer the questions that follow.

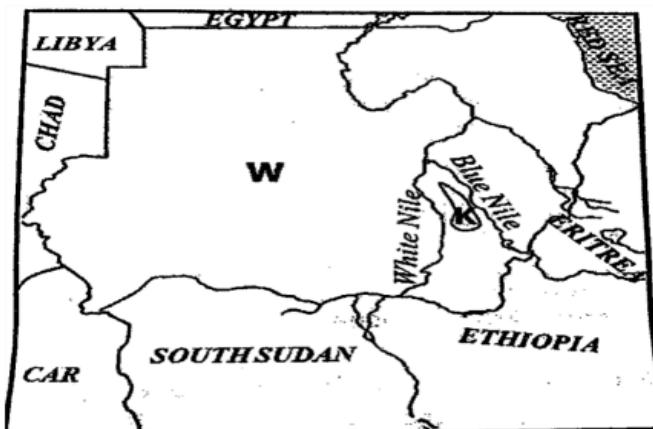

a) Name the river marked **P**.

b) How was the lake marked with letter **M** formed?

c) How does Kenya benefit from the country marked **D**?

d) Name any one importance of the inland port **Z**.

42. Study the map below and use it to answer the questions that follow.

(a) Name country marked with letter W.

.....

(b) Under which region of Africa is country W found?

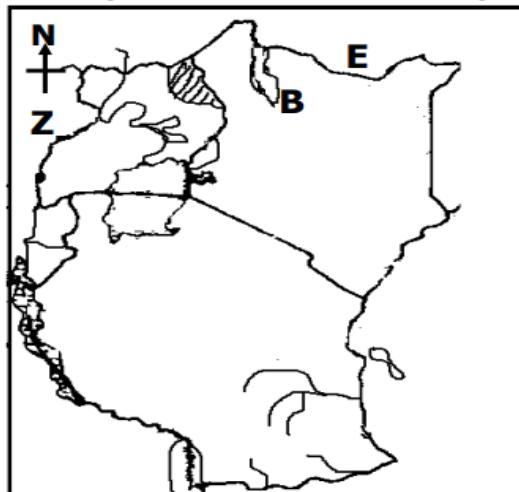

.....

(c) How can farming be made possible in country W?

.....

(d) What name is given to the irrigation scheme K?

49 Study the sketch map below and answer the questions that follow.

(a) Give any one characteristic of lake marked B.

.....

(b) What is the capital city of country marked E?

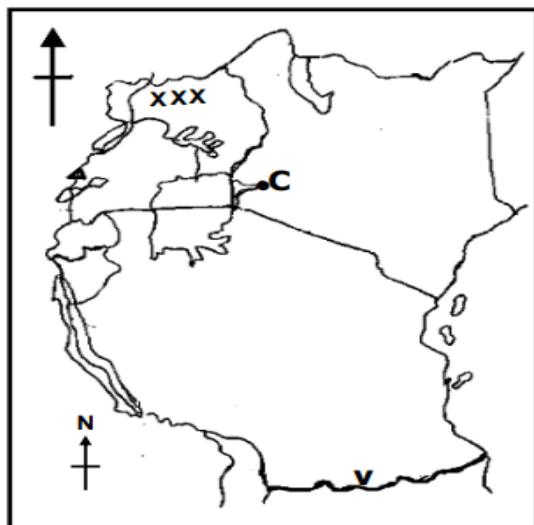

.....

(c) Why does country marked Z experience heavy rainfall throughout the year?

.....

(d) Use letter W to indicate the deepest lake in East Africa.

44. Study the map of East Africa and use it to answer questions.

- (a) Mention the inland port marked with letter **C**.

.....

- (b) How is the above inland port economically important to Kenya?

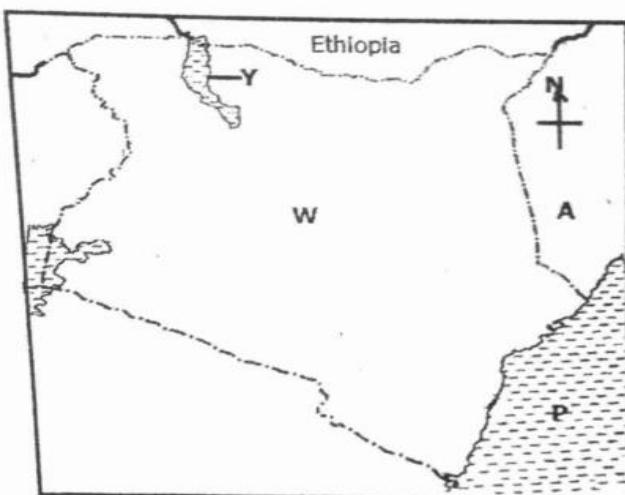

.....

- (c) Which ethnic group settled in area marked **XXX**?

.....

- (d) What name is given to the river marked **V**?

44. Study the sketch map below and use it to answer questions that follow.

- a) Name the country marked with letter **A** on the map above.

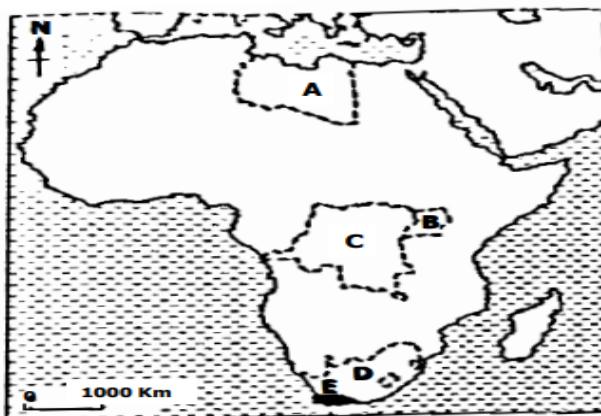

.....

- b) Mention the process which resulted into formation of lake marked **Y**.

.....

- c) State any **two** ways in which country **W** benefits from physical feature **P**.

42. Study the sketch map of Africa below and answer the questions that follow.

(a) Name the countries marked;

A:

D:

(b) What advantage does country marked **C** have over country marked **B** in terms of location?
.....

(c) Which climatic region of Africa is found in the shaded area marked **E**?

49. Study the sketch map of Uganda below and then answer the questions that follow.

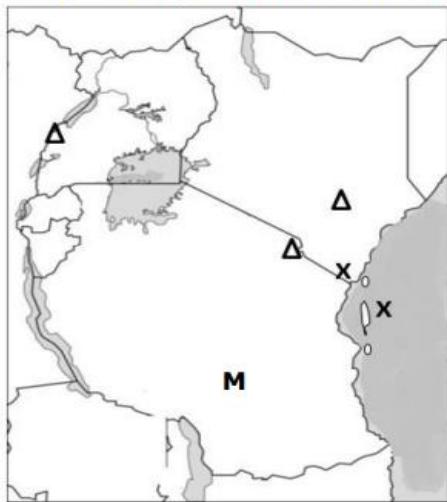

(a) Name the national game park found in the area marked **A**.
.....

(b) Why is the lake marked **Q** swampy with floating vegetation?
.....

(c) Name the river marked **S**.
.....

(d) Why does the region marked **Z** experience semi-arid climate?

42. Study the map below and answer the questions that follow.

a) Name the major cash crop grown on Islands marked **X**.

.....

b) Compare Uganda and country **M** in terms of their colonial history.

.....

c) Use letter **N** to show the highest mountain in East Africa

d) Give the number of countries Uganda shares her borders with.

46. Study the map below and answer the questions that follow

a) Name the explorer who used route marked **Y**

.....

b) Compare mountain marked **Z** and **T** in terms of their types.

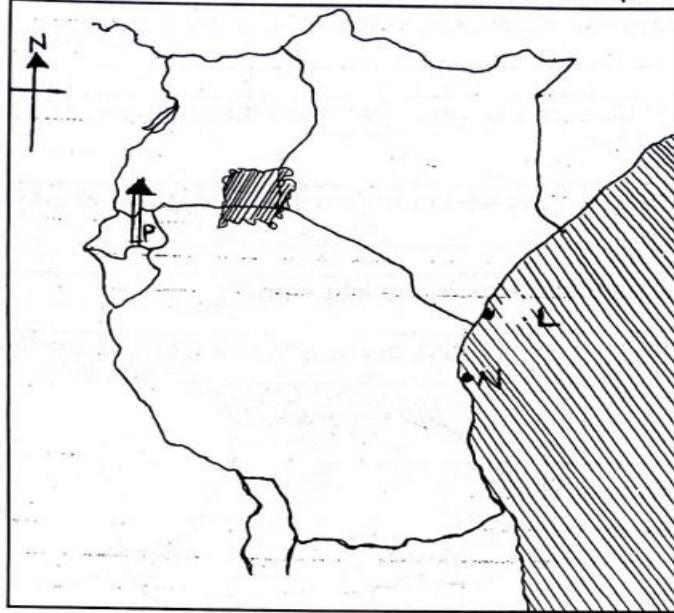

.....

c) How did the Portuguese influence the lives of people at the coast of East and West Africa?

.....

d) Name the country marked **W** on the map above

45. Use the sketch map of East Africa below to answer the questions that follow.

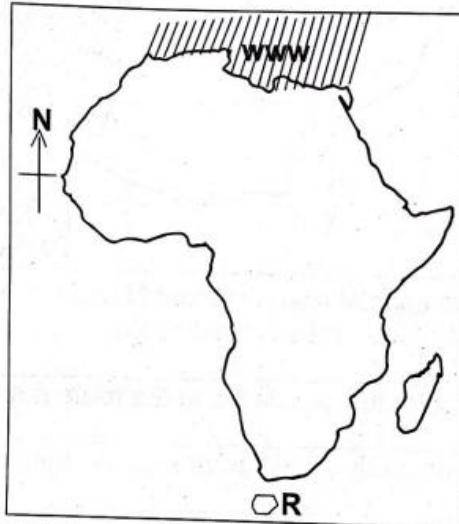

(a) Mention the first two coastal towns marked N and L that developed as a result of the settlement of the Arabs in East Africa.

L _____ N _____

(b) Which ethnic tribe entered Uganda using the route marked P?

(c) State one problem faced by ethnic groups during their migrations in Africa.

50. Study the sketch map of Africa below and use it to answer the questions that follow.

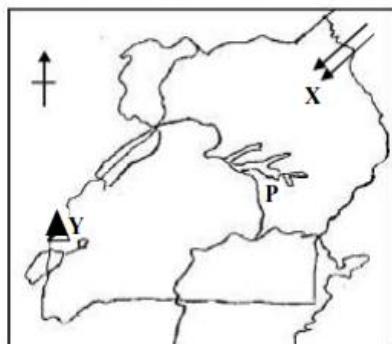

(a) Name the water body marked WWW on the sketch map.

(b) Name the island marked R. _____

(c) Give one political importance of island marked R to the people of South Africa.

(d) Write A.N.C in full.

44. Study the map below and answer the questions that follow.

- a) Name any one tribe under the ethnic group that entered through route X.

- b) Why is the Mountain peak marked Y snow capped throughout the year?

- c) Mention the direction of Mountain Y from Lake P.

- d) Give one reason why lake marked P is shallow.

44. STUDY THE MAP OF AFRICA BELOW AND ANSWER THE QUESTIONS THAT FOLLOW.

- (a) Name the highest peak of the mountain marked A.

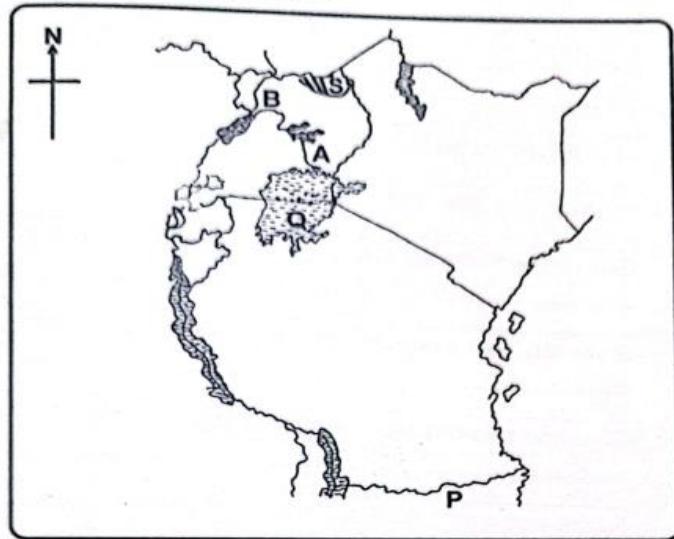

- (b) Name the feature marked X on the map above.

- (c) In which way was mountain marked B formed?

- (d) In which way is Mount Cameroon different from Mount Muhavura?

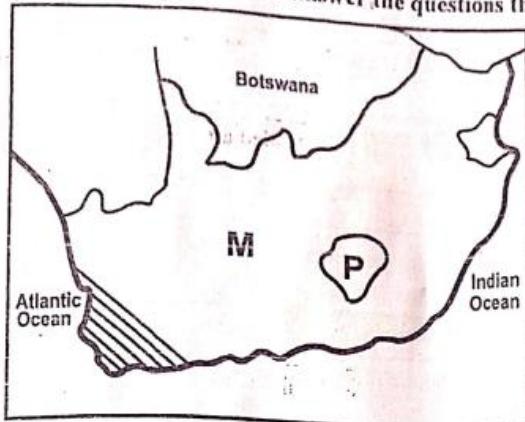

43.

Study the sketch map of East Africa below and answer the questions that follow.

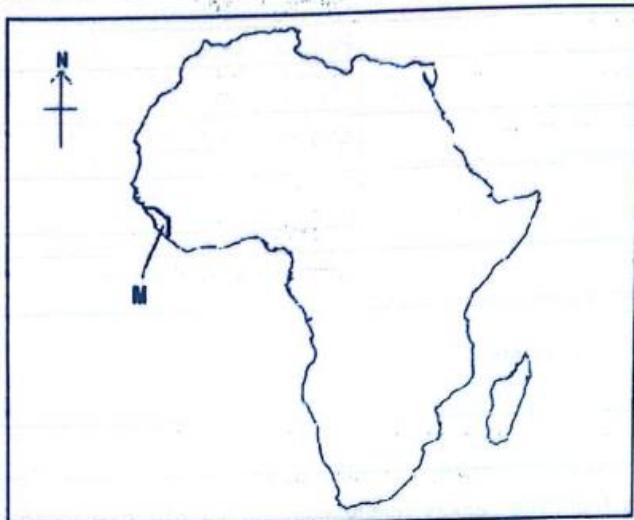

- (a) Name the country marked P.
-
- (b) How was the lake marked Q formed?
-
- (c) Mention the main economic activity carried out in the shaded area marked S.
-
- (d) Why is it not good to travel on river Nile between point A and point B?
-

43. Use the sketch map below to answer the questions that follow.

- (a) What type of climate is experienced in the shaded region?
-
- (b) Name the country marked P.
-
- (c) Mention any two factors which have favoured mining industry in the country marked M.
-

45. Study the map below and use it to answer questions that follow.

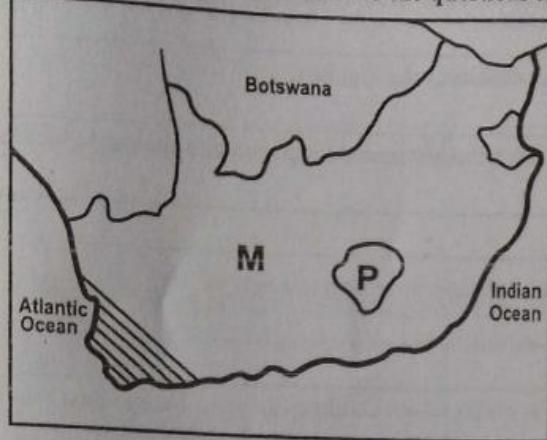

- (a) Name country marked M.

- (b) Which major reason made country M not to be colonized?

- (c) Use letter W to indicate the Indian Ocean on the map above.

- (d) How is country M different from Uganda in terms of location?

43. Use the sketch map below to answer the questions that follow.

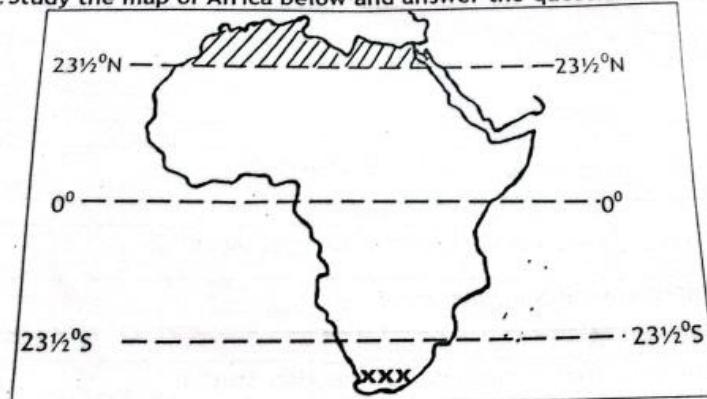

- (a) What type of climate is experienced in the shaded region?

- (b) Name the country marked P.

- (c) Mention any two factors which have favoured mining industry in the country marked M.

44. Study the map of Africa below and answer the questions that follow.

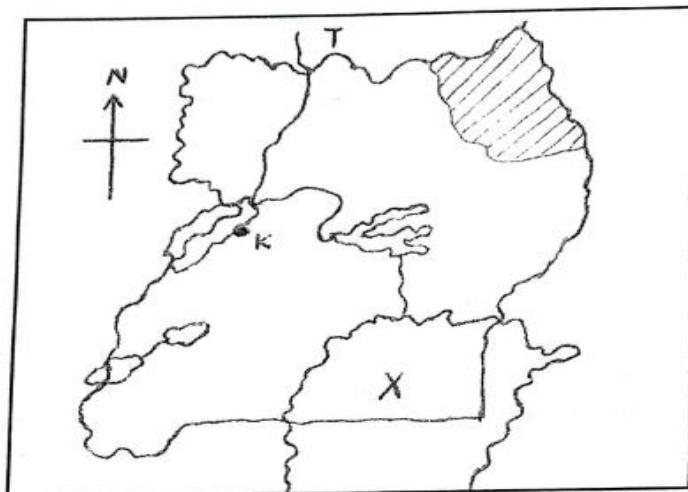

(a) Name any one African country that fully lies in the shaded region.

(b) Name the geographical region that lies South of the line marked 0° on the map above.

(c) What was the first group of foreigners to live at place xxx on the map?

(d) Name any one lake in Uganda that is crossed by the line of latitude marked 0° .

41. Use the map below to answer questions that follow.

(a) Name the major inlet of water body marked **X**.

.....

(b) Mention the inland port marked **K**.

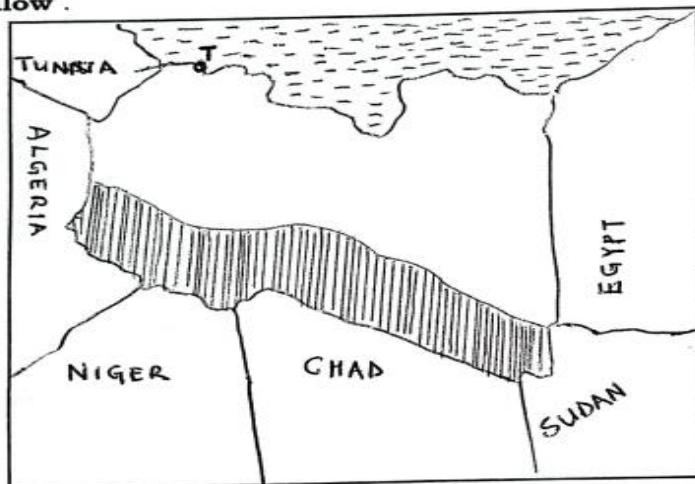

.....

(c) What is the compass direction of Uganda from country **T**?

.....

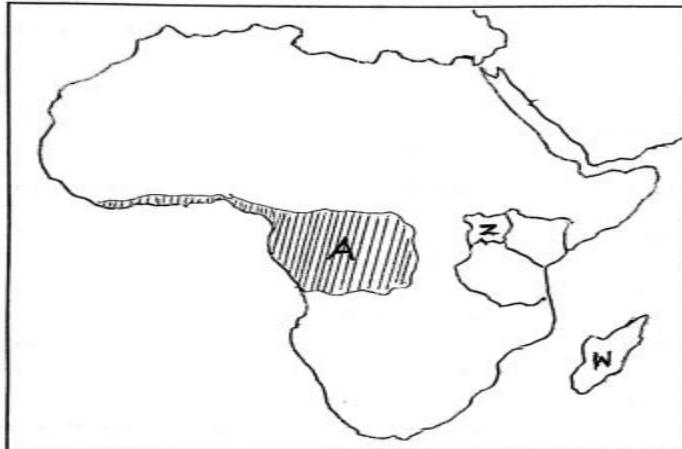

(d) Give any one cause of the dry conditions experienced in the shaded area. 

45. Study the map of Libya below and use it to answer questions that follow .

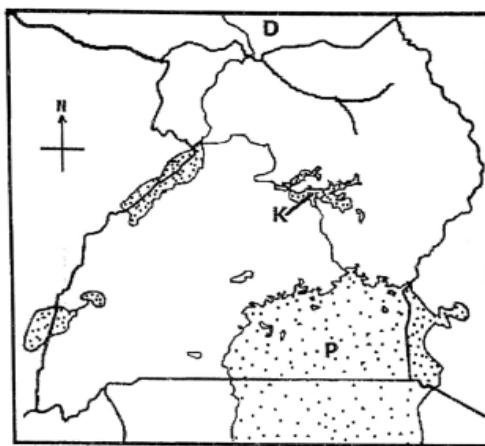

- (a) Which waterbody washes the Northern coast of the country shown above ?
.....
- (b) Name the main seaport that handles imports and exports of the country above .
.....
- (c) Give any one reason why the shaded area is sparsely populated .
.....
- (d) State the factor that makes the above country's oil be on a high demand in European market .

49. Study the sketch map of Africa below and use it to answer questions that follow .

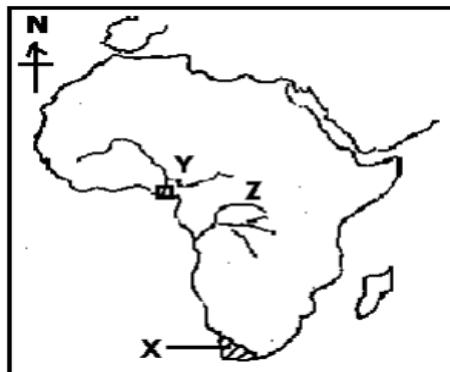

- (a) Name the water way that separates country marked **W** from the main land .
.....
- (b) Give any difference between country **Z** and **W** in terms of location .
.....
- (c) Which climatic region of Africa is located in the shaded area marked **A** ?
.....
- (d) Name the body that brings together all the countries in the map shown above .

44. Study the sketch map of Uganda below and answer questions about it that follow.

- a) Name the waterbody marked **K**.
.....
- b) State any **one** way Ugandans benefit from Lake marked **P** on the sketch map above.
.....
- c) Name the country from which country **D** broke away.
.....
- d) Use letter **S** to mark on the map above one Rift Valley Lake.

Use the map below to answer questions 50.

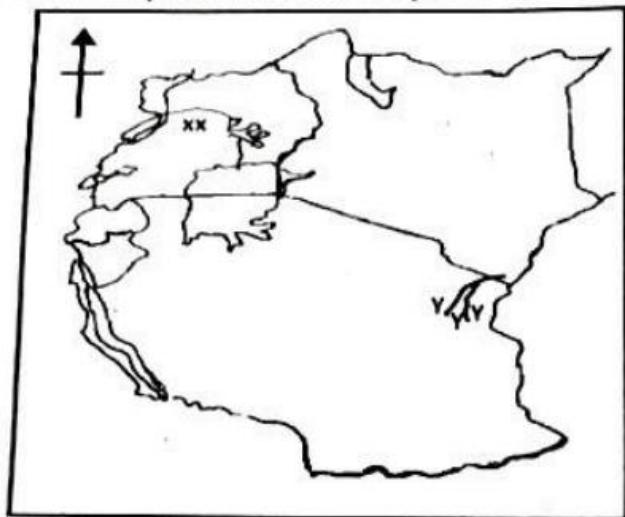

- 50(a) Name the climate experienced in the area marked X.
.....

- (b) Which mineral is mined at the delta of the river marked Y.
.....

- (c) Name the river marked with letter Z.
.....

- (d) Use letters T T T T to show the Atlas Mountains.
.....

48. Use the map below to answer question .

a) Which rebellions were staged in the areas below.

i) X _____

ii) Y _____

b) Give one reason why people at area X staged the rebellion.

c) Write the name of the rebellion which was staged in Kenya.

50. Use the physical map below to answer the questions that follow.

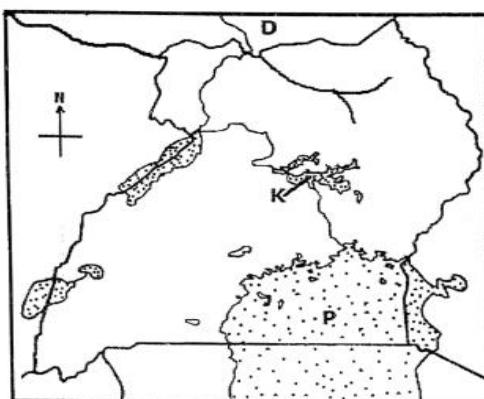

a) Mention the highest peak of the mountain marked X.

b) Why are there many people living in area marked xxx?

c) Why is water transport difficult along river marked L?

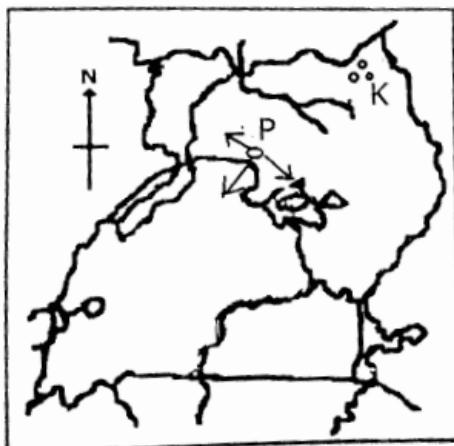

d) Draw the western arm of the rift valley on the sketch map above.

44. Study the sketch map of Uganda below and answer questions about it that follow.

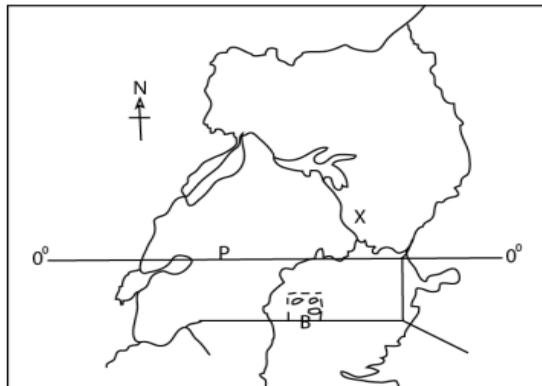

- a) Name the waterbody marked **K**.
.....
- b) State any **one** way Ugandans benefit from Lake marked **P** on the sketch map above.
.....
- c) Name the country from which country **D** broke away.
.....
- d) Use letter **S** to mark on the map above one Rift Valley Lake.

46. Study the map below and answer questions about it.

- a) Name the Stone Age site marked **K**.
.....
- b) How was place marked **P** useful to the Nilotics?
.....
- c) Mention any one tribe under Highland Nilotes in Uganda.

43. Study the map of Uganda below and use it to answer questions that follow.

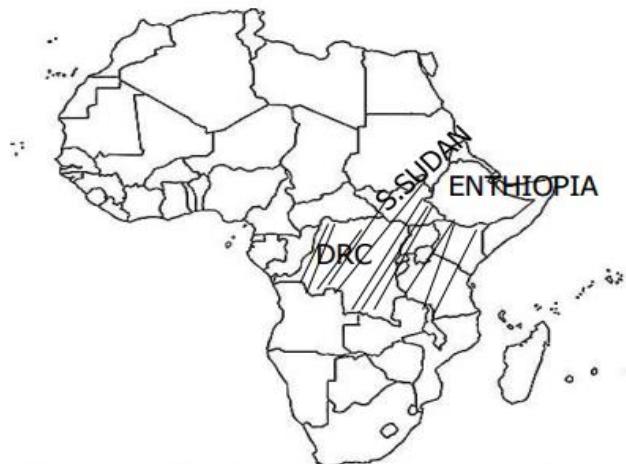

(a) Which name is given to the latitude marked with letter P?

(b) Give the name of the district marked with letter B.

(c) Name the river marked with letter X.

(d) In which way does the river you have named in (c) above show that Lake Victoria is at a higher altitude than Lake Kyoga?

44. Study the sketch map of Africa below and answer the questions that follow.

a) Name the regional economic grouping to which the above shaded countries belong

b) State any two ways the above shaded countries benefit from being members of the economic grouping.

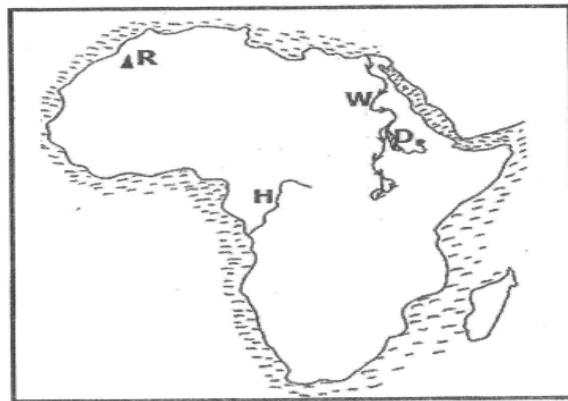

(i).....

.....

(ii).....

c) Mention any founder member head of state for the above economic grouping.

49. Study the sketch map of Africa and answer questions about it.

- a) How was Mountain marked **R** formed?

.....
.....

- b) Name the river marked **H**.

.....
.....

- c) Name the European explorer who used route marked **W**.

.....
.....

- d) Name the irrigation scheme marked **Ds**.
