Makota Primary School
P O Box 05
Kota

10th August 2024

The Head teacher
Budada Secondary School
P O Box 249
Budada

Dear Sir/Madam,
RE: APPLICATION FOR A VACANCY IN SENIOR ONE
I am writing this letter to apply for a vacancy in senior one in 2025. I am a male Ugandan aged 13.

I sat my PLE in 2024 and scored the following results. ENG - 1 MATHS - 2 INT.SCI - 1 SST/RE - 1. I scored a total aggregate of 5 and passed in division one.

For more information about me, please contact Mr Zimbo Wilson, my head teacher on 0784262700 or Mrs Nambi Winfred on 0779666429.

Apart from a good academic performance, I was also a good basketballer. I am looking forward to getting a positive reply from you.

Yours faithfully
Fungo Eric.
FUNGO ERIC

Questions.

(a) In which school is the writer of the letter?

(b) When was the letter written?

(c) To whom was the letter written?

(d) Why was this letter written?

(j) How can one communicate to Opio Fred about this wedding?

53. Read the poem below carefully and then answer, in full sentences, the questions that follow.

Oh! I don't know the way to my new school
On the journey to my new school
I will begin it very early
At 6:00 a.m, to reach early.

In the trading centre
I will turn left
And walk for one kilometre
Then find the school signpost

I will start the journey to the main road
As directed by my mother
I will turn right and walk direct
For two kilometres to Bemba Trading Centre.

Oh! I will walk for a half a kilometre
And reach the school gate
On the black gate, I will knock
To be allowed to enter my new school compound.

Masaba Dada
primary four

Question.

- (a) To where will the writer of the poem go?

- (b) At what time will the writer begin the journey?

55. The dialogue below was between a mother and her son on a phone call. The words of the mother are given. Use them to write what you think the son said.

Mother: Hello my son.

Son : _____

Mother: How are you, my son?

Son : _____

Mother: I am also fine. How is Mbale Town?

Son : _____

Mother: Oh! It is the same this way in the village. It has also rained heavily today. Do you have some time so that we can talk for long?

Son : _____

Mother: Thank you, my son if you are not very busy at the moment. When do you plan to visit us in the village?

Son : _____

Mother: Oh! December is very far my son. We would like to organize a family meeting with your father. Can't you get some little time and attend.

Son : _____

Mother: Please, try to get some time as you have promised. Do you call and talk to your siblings in Kampala?

Son : _____

Mother: Two months without talking to them are a lot, son why don't you call them, please?

Son : _____

Mother: I know you are always busy but getting some two minutes to say hello to them is enough. Do you work even on weekends?

Son : _____

Mother: If you don't work on weekends. Then I think we can have the meeting on weekend. Is it fine with you?

Son : _____

Mother: Okay. Thank you for accepting my son. Have a blessed day.

Son : You are welcome, mother. Have a blessed day too.

Study and use it to answer questions that follow.

(a) Which step of cleaning clothes is shown in the diagram above?

(b) Give one way how the step shown above is necessary when cleaning clothes.

(c) Apart from the above, mention one other steps of cleaning clothes.

(d) How does cleaning of clothes promote personal hygiene?

46. (a) Give the meaning of the term first aid.

(b) State any two reasons for administering first aid to casualties.

(i)

(ii)

(c) How is a first aid box useful to a first aider?

47. Match the following diseases that affect cattle to their cause correctly.

Disease

Nagana

Anthrax

Pneumonia

Foot and mouth disease

Cause.

bacteria.

virus.

protozoa.

bacteria/virus

(i) Nagana : _____

(ii) Anthrax : _____

(iii) Pneumonia : _____

(iv) Foot and mouth disease : _____

48 (a) Name the type of leaves with one leaflet on the leaf stalk.

(b) Apart from transpiration, give any one important plant process that takes place in leaves.

(c) State two importance of transpiration to plants.

(i)

(ii)

49. (a) Why does a pencil put in a glass of clear water appear bent?

(b) Give any one effect of opaque objects on light.

(c) State two ways how opaque objects are useful to human being.

(i)

(ii)

50. The diagram below shows an equipment found in a school community.
■ Study and use it to answer questions that follow.

(a) Name the equipment shown in the diagram above.

(b) State the use of the above equipment in a school community.

(c) Give the reason why the above equipment is always put in an open place in a school.

(d) Name the gas contained in the above equipment.

51. (a) Give one reason why clay soil is suitable for pottery.

(b) State any two properties of clay soil.

(i)

(ii)

(c) Give any one reason why clay soil is not good for growing crops.

52. (a) What are insulators as used in electricity?

(b) Mention any two examples of electricity insulators.

(i)

(ii)

(c) Give any one way how electric insulators prevent short circuits.

53. (a) State any two causes of teenage pregnancy.

(i) _____

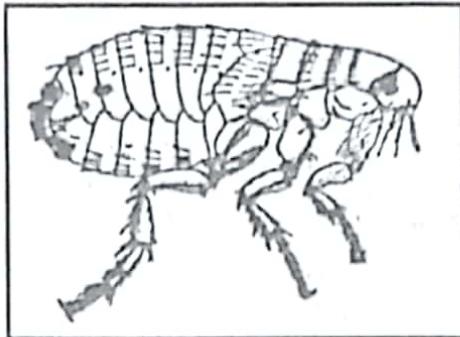

(ii) _____

(b) Give any two effects of teenage pregnancy.

(i) _____

(ii) _____

54. The diagram below shows a parasite in goats. Study and use it to answer questions that follow.

(a) Which type of parasite is shown in the diagram above?

(b) Give any one effect of the above parasite to goats.

(c) State any two ways of controlling the above parasite in goats.

(i) _____

(ii) _____

55. (a) Name the process that makes dew to disappear in the morning.

(b) In which state of matter does heat travels;

(i) fast: _____

(ii) fastest: _____

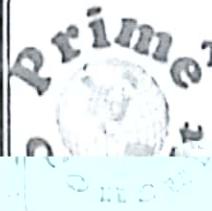

(c) Why can't heat pass through vacuum?

Understand the Instructions

Every test has a set of instructions to guide you when doing it.

Make sure you read and understand both the general and specific instructions given in questions.

THE PRIME EXAMINATIONS 2024

P-7 MAGIC SET V

P-7 MAGIC SET V

MATHEMATICS

Time allowed: 3 hours 30 minutes

INDEX NO:

--	--	--	--	--	--	--	--

Candidate's Name:

Candidate's Signature:

District ID No.:

READ THE FOLLOWING INSTRUCTIONS CAREFULLY

- Do not write your school or district name anywhere on this paper.
- This paper has two sections: A and B. Section A has 20 questions and section B has 12 questions. The paper has 9 printed pages.
- Answer all questions. All the working for both sections A and B must be shown in the boxes provided.
- All writing must be done using a black ink pen or pencil. Any work done in pencil other than graphs and diagrams will not be marked.
- No calculators are allowed in the examination room.
- Unnecessary erasures in your work and bad handwriting can easily be read and may lead to loss of marks.
- Do not fill anything in the table indicated for 'Examiner's use only', and those boxes outside the question paper.

Page One

Section A (40 Marks)

<p>1</p> <p>Workout: 54×2</p>	<p>2</p> <p>Write 417,049 in words.</p>
<p>3</p> <p>Solve: $p + 3 = 2$ (Finite 5)</p>	<p>4</p> <p>Circle the composite numbers from 5, 6, 7, 3, 9, 11, 13.</p>
<p>5</p> <p>Simplify: $3 + 4y = 7y$</p>	<p>6</p> <p>Given that set R = {m, a, n, g, o}, calculate the number of subsets contained in set R.</p>
<p>7</p> <p>Find the number expanded to give; $(6 \times 10^3) + (7 \times 10^0) + (8 \times 10^{-2})$</p>	<p><input type="text"/></p>
<p>8.</p> <p>Kamya sold a bag at sh 64000 making a loss of sh 3500. Calculate the cost price of the bag.</p>	<p>9</p> <p>Change 6km^2 into square metres.</p>

<p>10 Write 6:45 a.m in the 24 hour clock.</p>	<p>11 Work out: $1\frac{1}{4} - \frac{2}{3}$</p>
<p>12 Find the value of the digit in the hundreds place in 54789.</p>	<input type="text"/>
<p>13 A garden can be weeded by 8 men in 5 days. How many men working at the same rate can weed the garden in 4 days?</p>	
<p>14 Using a pair of compasses, a ruler and a pencil only, construct an angle of 75°.</p>	

<p>15. A box contains 30 oranges, 21 are ripe while the rest are unripe. An orange is picked at random from the box, find the probability that it is unripe.</p>	<p>16. If $r = 4$ and $s = -5$, find the value of $r - s^2$.</p>
<p>17. A farmer planted trees around a rectangular plot of land measuring 100m by 50m at an interval of 4m apart. How many trees did the farmer plant?</p>	
<p>18. The diagram below shows the positions of towns A and B. Use it to answer the questions that follow. Find the bearing of A from B.</p>	

19 In a class of 40 pupils, 70% of the pupils were present on Tuesday. How many pupils were absent that day?

20 Find the least number of books when shared among 12 boys or 15 girls equally, leaves a remainder of 7 books.

Section B (60 Marks)

21 (a) Work out: 213_{five} (02 marks)
$$\begin{array}{r} - 44_{\text{five}} \\ \hline \end{array}$$

(b) Given that $23_k = 33_{\text{four}}$, find the value of k. (03 marks)

22

Namono went to the market and bought the following items.

4kg of rice at sh 3000 per kg

500g of sugar at sh 4,000 per kg

10 mangoes at sh 1200 for every 3 mangoes.

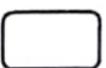

(a) Calculate the total cost of the items.

(03 marks)

WARNING

(b) If Namono paid sh 15,000 for all the items, what discount was she offered?

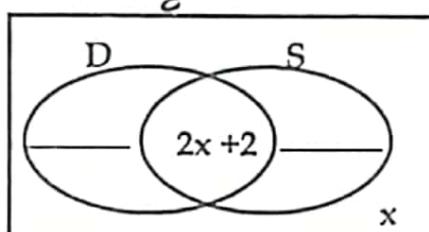

(02 marks)

23

In a class, 25 pupils like debating (D) only, $(2x + 2)$ pupils like both debating and swimming (S), $(7x + 2)$ pupils like swimming but not debating while x pupils like none of the two activities.

(a) Complete the Venn diagram below using the above information. (02 marks)

(b) Given that 55 pupils like one type of activity only, find the value of x .

(02 marks)

WARNING: Not to be reproduced electronically

(c) Calculate the number of pupils in the class.

(01 mark)

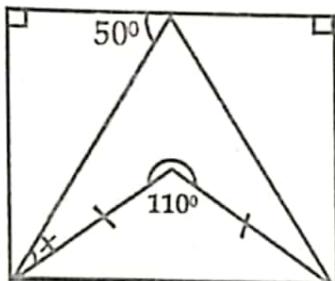

- 24 A motorist covered 80% of his journey in 3 hours. If he was moving at a steady speed of 60km/hr, find the total distance the motorist covered. (05 marks)

- 25 Solve for the equation. (03 marks)

$$\frac{1}{2}y + 2 = 7 - \frac{1}{3}y$$

- (b) Solve the inequality; $12 - 3k > k + 4$ (02 marks)

- 26 Study the figure below carefully and use it to answer the questions below.

- (a) Find the value of angle x. (03 marks)

- (b) What angle is $\frac{3}{5}$ of its supplement? (02 marks)

27 Muwata deposited a certain amount of money in a bank which offers an interest rate of 2% per annum. After 6 months the money had amounted to sh 606,000. Calculate the money Muwata deposited in the bank. (05 marks)

WARNING: This page is not to be reproduced electronically.

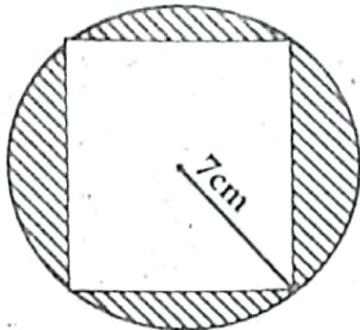

28 (a) Using a ruler, a pencil and a pair of compasses only, construct a quadrilateral MNOP where line $MN = 8\text{cm}$, $\angle NMP = \angle MNO = 45^\circ$ and $NO = MP = 4\text{cm}$. (04 marks)

(b) Measure the length PO. (01 mark)

29 A box packed with spoons weighs 10.5kg. If the empty box weighs 500g, find the number of spoons in the box if each spoon weighs 50g. (05 marks)

WARNING: This page is not to be reproduced electronically.

- 30 The figure below shows a square enclosed in a circle of radius 7cm. Study it and use it to answer the questions that follow.

(a) Calculate the area of the circle. (03 Marks)

(b) Find the area of the shaded part. (02 Marks)

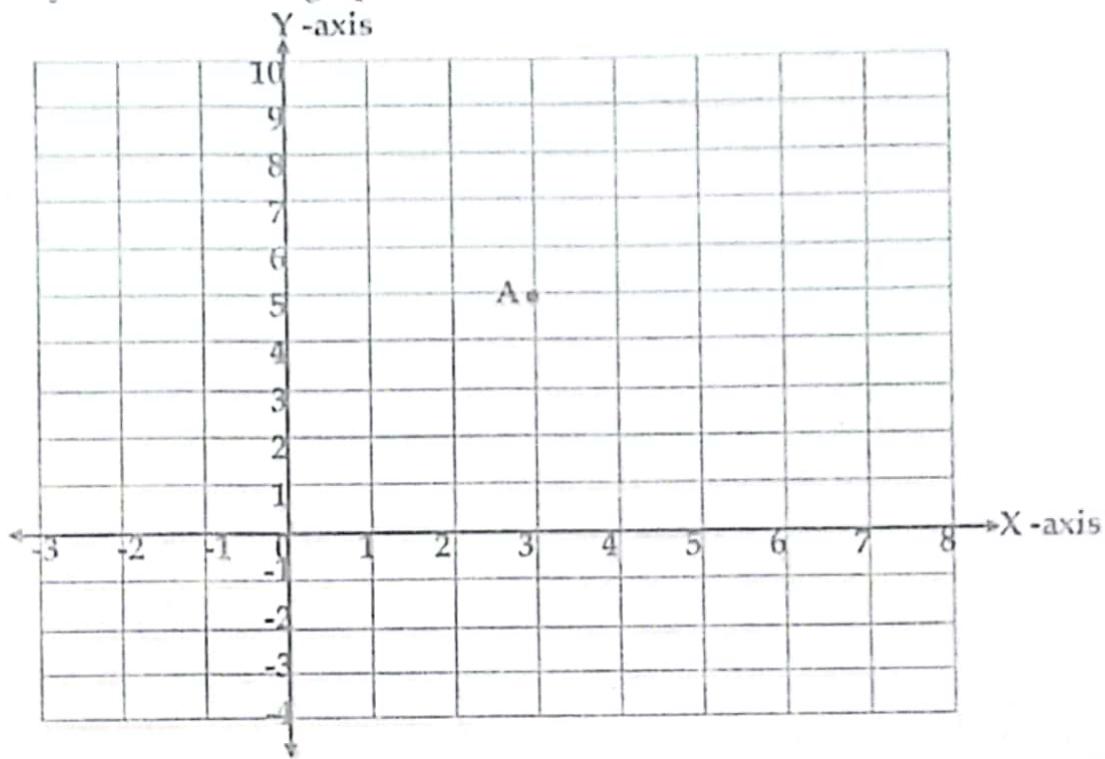

- 31 In a class, $\frac{1}{4}$ of the boys do not have sportswear while $\frac{2}{3}$ of the girls have sports wear. The percentage of boys in the class is 40%. There are 24 boys with sportswear in the class.

(a) How many pupils are in the class? (03 marks)

(b) Find the number of girls without sportswear.

(02 marks)

32. Study the coordinate graph below and use it to answer the questions that follow.

(a) Write the coordinates of point A.

(01 mark)

(b) Plot the points B(6,5) and C(7,8) on the graph.

(02 marks)

(c) Join points A to B and B to C. locate a point D on the graph, join it to A and C such that ABCD is an isosceles trapezium.

(02 marks)

Using Standard Instructions

Every test has a set of instructions to guide you when doing it.

Make ensure you read and understand both the general and specific instructions given in questions.
