SECTION A 40 MARKS

Answer all questions in this section

Questions 1 to 20 carry two marks each

1. Work out: $45 + 7$

2. Write in figures: Nine hundred nine thousand forty

3. Simplify: $9d - (3d - 6)$

4. Draw a Venn diagram to show that $n(P \cup Q) = n(T)$

5. Work out: $-5 - -8$

6. Find half of the side x of the figure ABCD of area 64cm^2 .

7. Decrease 1000kg in the ratio of 3:5

8. A meeting started at 9:50a.m and ended at 10:15 a.m. How long was the meeting?

9. Calculate the circumference of a semi-circle whose diameter is 21dm.

10. The cost of a book is five times as much as a pen. If they both cost Sh.60,000 what is the cost of the book?

11. In a meeting of 54 teachers, $\frac{4}{9}$ of them are male. What is the probability of a female becoming a secretary of the meeting?

12. Find the size of the angle marked f in the diagram below.

13. Write 449 in Roman Numerals

14. Peter got a loan of sh.500,000 at a rate of 5% per year in a period of 6 months. Find the interest.

15. Find the range of the following numbers.

$$5, +2, -1, 0, -2$$

16. A school has enough food to last 200 people for 3 days. How many extra food tins if 100 more people join the school?

17. Calculate the total number of days

18. Calculate the total number of days

19. Calculate the total number of days

20. Calculate the total number of days

21. Calculate the total number of days

22. Calculate the total number of days

23. Calculate the total number of days

24. Calculate the total number of days

25. Calculate the total number of days

26. Calculate the total number of days

27. Calculate the total number of days

28. Calculate the total number of days

29. Calculate the total number of days

30. Calculate the total number of days

31. Calculate the total number of days

32. Calculate the total number of days

33. Calculate the total number of days

34. Calculate the total number of days

35. Calculate the total number of days

36. Calculate the total number of days

37. Calculate the total number of days

38. Calculate the total number of days

39. Calculate the total number of days

40. Calculate the total number of days

41. Calculate the total number of days

42. Calculate the total number of days

43. Calculate the total number of days

44. Calculate the total number of days

45. Calculate the total number of days

46. Calculate the total number of days

47. Calculate the total number of days

48. Calculate the total number of days

49. Calculate the total number of days

50. Calculate the total number of days

17. Using a ruler, a pencil and a pair of compasses only, construct an angle of 135° in the space below.

18. Given that: $y^2 + y^2 = 98_{\text{ten}}$, find the value of y .

19. A school has enough food to last 200 pupils for 3 days. How long will the food last if 100 more pupils join the school?

20. What is the 100^{th} triangular number?

SECTION B: 60 MARKS

Answer all questions in this section

Marks for each question are indicated in brackets

21. Mellisa bought the items in the table below from Kawempe market.

Item	Quantity	Unit cost	Amount
Maize flour	2kg	Sh.3500 @ kg	Sh._____
Beans	$3\frac{1}{2}$ kg	Sh._____	Sh.10,500
Soap	_____ bars	Sh.4000	Sh._____
Meat	1500gm	Sh.8000 @ kg	Sh._____
Total cost			Sh.41,500

(a) Complete the table. (5marks)

(b) How much money did Mellisa pay if she was given a discount of 20%? (1 mark)

22. In Kira Primary school, the ratio of boys to girls is 3:7. If there are 72 more girls than boys, find the total enrolment of the pupils in the school.
(4marks)

23. In a class of 60 pupils, 35 like Rice (R) 30 like Matooke (M), $2k$ like both meat and beans while 6 pupils like neither of the two.

a) Represent the above information on the Venn diagram below.
(3marks)

b) Find the value of k .
(2 marks)

24. a) Solve for y : $301_y = 76_{10}$ (3marks)

b). Show 2202_5 on the abacus below
(2marks)

25. In a class, there are 640 pupils, $\frac{5}{8}$ of the pupils are girls and the rest are boys. If $\frac{1}{4}$ of the boys and $\frac{3}{5}$ of the girls like playing football, how many pupils do not like playing football? (4 marks)

26. Below is a table of marks scored by pupils in a certain test. Use it to answer the questions that follow.

Marks	90	50	40	60
No of pupils	2	4	1	3

a) How many pupils scored above 55? (2marks)

(b) Find the average mark. (3 marks)

27. Below is figure ABCE. Study it and answer the questions that follow.

a) Calculate the distance around figure BDE. (2 marks)

b) Calculate the area of the shaded part.

(3marks)

28. Simplify: $\frac{0.24 \times 0.12}{0.06 \times 2.4}$

(3 marks)

b) Change $0.181818\dots$ to a common fraction.

(2 marks)

30. a) Plot the following points on the co-ordinate graph blow.

K (-4,3) L (-1,3) M (-4,-1) and N (3,-1)

(4 marks)

b) Join K to L, L to N, N to M, M to K

(1mark)

c) Name the figure formed.

(1mark)

29. Three girls; Maria, Glory and Alma shared 210 pencils. Maria got twice as much as Glory and Alma got 30 pencils more than Abby. How many pencils did each girl get? (5 marks)

31. A motorist drove at 60km/hr for 3 hours from A to town B. He continued to town C at 80km/hr for 2 hours.

a) Find the total distance covered from A to C. (3 marks)

b) Calculate the average speed for the whole journey. (2 marks)

32. a) Solve: $2p + 4 = 2$ (finite6). 3marks.

b) If today was a Wednesday, what day of the week would it be after 31 days?

(2 marks)

SECTION A

1. Name any one group of organisms involved in soil formation.

.....

2. How can parents protect their children against kwashiorkor?

.....

.....

3. What is the importance of a shade on a nursery bed?

.....

.....

4. State one way in which plants depend on animals in the environment.

.....

.....

5. Of what function are flowers to a plant?

.....

.....

6. Write any one principle of Primary Health Care.

.....

The diagram below shows part of the human skeleton. Study

it and answer questions 7 and 8.

7. Name the movable joint located at the point labeled Y.

.....

8. Identify any one injury that can occur at point Y.

.....

9. State one characteristic of seeds dispersed by water.

.....

10. Give any one condition that can make man vulnerable.

.....

11. How does the practice of keeping fish in a pond at home control malaria?

.....

.....

12. Mention one natural method on birth control.

.....

13. How does sun drying help to preserve harvested crops?
-

Below is a method of heat transfer. Use it to answer the questions 14 and 15.

14. By what process does heat travel through the boiling water?
-

15. What do the arrows in the water represent?
-

16. Give one function of blood plasma.
-

17. Identify any one disorder of the human teeth.
-

18. State one way in which plants are used as energy resources.
-

19. Mention any one example of a chemical change that requires oxygen to occur.
-

20. What is the main duty of the drone bee in the colony?
-
-

21. Write one characteristic of arthropods.
-

22. In which way are plant leaves adapted to making food?
-
-

23. Form a correct food chain using the organisms.

Squirrel, groundnuts, bacteria, python.

.....

.....

24. What do we call the frequent passing out of watery stool with blood stains?
-

25. Name the type of root system drawn below.

.....

26. How do earthworms increase air circulation in the soil?

.....

27. Why should a rain gauge be placed in an open area while
doing its work?

.....

.....

28. Give the function of halters to a housefly.

.....

29. Name the breed of goats kept for mohair.

.....

30. What role does sugar play in the Oral Rehydration solution
given to a cholera patient?

.....

.....

31. State the energy change that takes place in a bicycle dynamo.

.....

32. Give any one characteristic of enzymes.

.....

33. Write one method of applying fertilizers in the garden.

.....

34. How are birds able to cover viscosity friction during flight?

.....

.....

The diagram below shows a method of propagation. Study it and answer the question that follows.

35. Name the method of plant propagation shown in the diagram above.

.....

36. In which body organ does filtration of blood take place?

.....

37. State one effect of smoking to a pregnant woman.

.....
.....

38. Name the fungus that normally develops on the left over foods.

.....

39. How is a kink of a clinical thermometer similar to the valves of the human heart?

.....
.....

40. A vacuum flask is an important device in a home. Why is it not common in rural homes?

.....
.....

SECTION B (60 MARKS)

41. a) Which tissue joins muscles to bones at the joint?

.....
.....

b) Mention any two examples of involuntary muscles.

(i)

(ii)

c) State any one function of the human skeleton.

.....

42. a) Give any one cause of accidents at home.

.....

.....
b) Identify the type of accident which involves the following first aid activities;

i) applying clean cold water on the injured part.

.....
ii) typing splints around the injured part.

.....
c) Why should milk be given to a person who has taken rat poison?

.....
43. Below is a diagram of a simple machine. Study it and answer the questions that follow.

a) To which group of simple machines does the machine belong?

.....

b) Name the part of the machine labeled Z.

.....

c) Use letter E to indicate the position of the effort on the machine.

.....

d) Calculate the mechanical advantage of the above machine.

44. (a) Mention one example of a leguminous crop.

.....

b) State one characteristic of leguminous crops.

.....

c) To which group of flowering plants do legumes belong?

.....

d) How do leguminous crops improve soil fertility?

.....

45. a) State any two indicators of poor sanitation in a home.

- i).....
ii).....

b) Mention two dangers of poor sanitation in a home.

- i).....
ii).....

46. a) Mention two methods of preparing food to make it ready for eating.

- (i).....
(ii)

(b) What is the importance of cooking meat before eating it?

.....
c) Why do most people cover food during the process of cooking?
.....

47. a) State the law of magnets.

-
.....

b) Give any two uses of magnets in our daily life.

- ii).....
ii).....

c) Identify any one way in which magnets lose magnetism.

.....

48. The diagram below shows a routine practice done on a certain cattle farm. Use it to answer the questions that follow.

a) Name the routine practice shown in the diagram above.

.....

b) How important is the above practice on a cattle farm?

.....

c) Give the importance of a foot bath on the above structure.

.....

d) State **one** cattle pest that can be controlled using the above practice?

.....

49. a) Mention any two examples of tuber crops.

(i).....

(ii).....

b) Write one method used to harvest tuber crops.

.....

c) Give any one method of controlling tuber crops.

.....

50. Match the items in list A to their meaning in list B.

LIST A	LIST B
i) Capacity	- The space occupied by an object.
ii) Volume	- The amount of matter in an object.
iii) Mass	- Gravitational force acting on an object.
iv) Weight	- Amount of liquid a container holds. - How light or heavy an objects.

i) Capacity

ii) Volume

iii) Mass

iv) Weight

53. The diagram below shows a type of tooth. Use it to answer questions that follow.

(a) Identify the type of tooth drawn above.

.....

(b) Name the regions of the tooth labeled

K.

L.

(c) How is the above tooth adapted to its function?

.....

54. (a) Which type of immunity is got through immunization?

.....

b) Give one method used to administer vaccines to babies.

.....

c) How is a child health card useful to the;

(i) mother

(ii) nurse.....

51. a) Give two waste products removed from the body by the lungs.
- i).....
- ii).....
- b) Why are lungs grouped under excretory organs?
-
- c) Mention one antisocial behavior that damages the lungs.
-
52. a) Write one type of poultry reared in Uganda.
- (i)
- (b) Why is poultry called a business?
-
- (c) State one cause of poultry vices.
-
- (d) Give any one way farmers control vices on their poultry farms.
-

55. a) State two characteristics of images formed by plane mirrors.

i).....

ii).....

b) Why are plane mirrors called optical instruments?

.....

c) State any one use of plane mirrors in our daily life.

52. Read the story and in full sentences answer the questions that follow.

POSTAL SERVICES

Bisanda, a pupil of Mothercare Preparatory School, went to the post office one day. She wanted to post her letter but she didn't know what to do, so, she went to the post master to ask for some help, she said, "I have come here to ask you to show me how to send a letter by post," and if you are not too busy, I hope you will tell me about the postal system.

"Certainly," he said, "First I will show you how to write the address on the envelope". Bisanga wrote the address Balaza gave him.

Then the post master took her to the counter to buy the stamps. This scale is for weighing letters and small parcels. The cost of sending shs. 500 per 100 grams to send a letter to Zimbabwe where your uncle lives.

The clerk at the counter weighed his letter, that is Shs. 1000," he said to Bisanga.

Bisanga gave him the money. He gave her the postage stamp and an air mail sticker for the envelope, Bisanga stuck the stamp on the left as the postman told him.

Questions:

a) What is the passage about?

.....
.....

b) What is the name of the boy that went to the post office?

.....
.....

c) To which school does the writer go?

.....
.....

d) Why did Bisanga go to the post office?

.....
.....

e) Whom did the boy ask for help from the post office?

f) Who gave Bisanga the address of her Uncle?

.....

g) Where was Bisanga sending the letter to?

.....

.....

h) How much did Bisanga pay for the letter?

.....

i) Write the full form of “that’s”

j) Give a suitable title to the passage.

.....

53. Read the letter below and in full sentences, answer the questions that follow.

St. Paul's Primary School,
P.O Box 192,
Mbarara.

20th July, 2022

Dear Conrad,
I greet you in the name of our Lord Jesus Christ. I hope you are all doing well. I am also doing my best to achieve success.

I have written this letter to invite you to our Sports Day event that will take place on Saturday, 25th July 2022 at our school playground starting at 9:00a.m. The guest of honour is expected to be the Minister of Education and Sports. I shall take part in athletics and football.

I shall be grateful if you come. God bless you.

Your friend,

Cuthbert

a) From which school is the writer?

.....

.....

b) Where is the writer's school located?

.....
.....

c) When was this letter written?

.....
.....

d) Why was the letter written?

.....
.....

e) At what time of the day will the event start?

.....
.....

f) Who is the addressee of the above letter?

.....
.....

g) Who will be the chief guest?

.....
.....

h) What does Cuthbert call Conrad?

.....
.....

i) Write one activity the writer of the above letter will take part in.

.....
.....

j) Write P.O in full.

.....
.....

52. Study the programme below and answer the questions that follow in full sentences.

Alur Primary School

Upper Primary Concert to be held in the school auditorium
on Monday, 12th August 2022 at 10:30a.m.

Guest of Honour: District Education Officer, Pader District.

PROGRAMME:

.....
.....

(h) When was the concert staged?

.....
.....

(i) Write the short of the following

i) Master of ceremonies.....

ii) departure.....

54. Read the poem below and in full sentences answer the questions that follow.

Children's rights are but,
Fundamental freedoms,
Children are entitled to,
Wherever they are all the time.

Children's rightS include,
A right to education,
A right to medical care,
A right to food,
To mention but a few.

Children's rights ought to be respected,
But whose child,
Should not respect fellow children and elders,
Including parents and teachers

Pitied are not,
But parents who glove-handle,
Not adults, but their children,
In the name of protecting their rights,
Producing lazy citizens.

Not minding the children's responsibilities,
The duties the children should perform,
Whether at home, at school or wherever,
Denying children a chance,
To learn values and morals,
Like respect for others, important life skills
Apart from norms the society accepts.

a) What is the poem about?

.....
.....

b) How many verses are in this poem?

.....
.....

c) When should children enjoy their rights?

.....
.....

d) What are the children's responsibilities?

.....
.....
