(Re-write the sentence using.....**or else**.....)

.....
.....

Section B (50 marks)

51. Read passage below and the answer, in full sentences, the questions that follow.

Mukwasi is a very hardworking and popular baker in Kilembe Sub County, Kasese district. He learnt the skill from his aunt, Judith, during his senior six vacation. He enjoyed baking so much that he didn't think it was necessary for him to join University even when he got the points good enough to enable him get a good course. His parents even tried to persuade him to join University, but he refused saying, "After all, many people graduate and spend years on the streets looking for employment!"

A year after working with his aunt, he decided to start his own bakery. Since his aunt loved and believed in him, she got for him a loan from Centenary Bank which he used as capital.

Twenty years down the road, he is a very successful baker who supplies cakes for different functions to almost all regions in Uganda. Customers make their orders by booking a month or two in advance especially for big functions like weddings and introduction ceremonies.

He has ten strong employees and two wives who work tirelessly. His eight children also help out during holidays irrespective of their age.

Questions:

- a) About whom is the passage?

.....
.....

 9. The baby was asleep
 10. People asked the driver to drive to the nearest police station.

54. Read the poem below and in full sentences answer the questions that follow.

I am proud of my beautiful village
A village where the environment matters
For everybody plants trees voluntarily And
protects the golden green beauty
That God gave us everywhere.

I am proud of my village
The beautiful, Bafemere Village
A village where rain falls annually
And brings good news to the farmers
For their crops and animals have water.

I am proud of my village
A village where floods never happen For
forests and swamps are protected And
rains have no room to destroy
People's gardens, houses and so on.

I am proud of my beautiful village
The village where garbage is dumped
And carefully burnt in rubbish pits
Without plastics that would release toxic smoke
Everybody cares for our environment
Oh! I love Bafemere, my beautiful village

Byangwa Devine

- a) What makes the writer of the poem proud?

.....
.....

- b) How do people in the writer's village plant trees?

.....
.....

c) What does everybody protect in the writer's village?

i).....

ii)

Or: a) Who is a prophet?

.....

b) Mention any two duties of prophets in Islam.

i.

ii.

b) Who was the last prophet in Islam?

.....

55. For Both. 55 a) Give any two ways God/Allah communicates to His people.

i.

ii.

b) State any two ways through which people communicate to their God/Allah

(i)

(ii)

END

SECTION A

1. Name the weather instrument used to measure rainfall.

.....

2. Give any **one** way a P.7 child can avoid conjunctivitis.

.....

3. Mention any **one** vaccine administered to a baby at birth.

.....

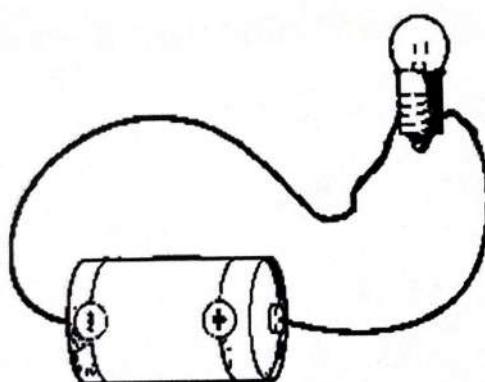

4. How does a guitar produce sound?

.....

5. Name the form of energy produced by a filament bulb.

.....

6. Use arrows to show the flow of **current** on the diagram below.

.....

7. How is the sun used as an energy resource?

.....

8. Which component of blood helps in clotting of blood in case of skin cut?

.....

9. Briefly explain the term "**vertebrates**" in relation to animals.

.....

10. Give any **one** importance of liver to a human being

.....

11. What is the similarity between a fuse and a switch?

.....

12. Why do we transplant seedlings in the evening?

.....

13. Calculate the work done a man who lifted a box of 250N through the distance of 2m.

.....

14. Why should a person preparing ORS wash your hands?

.....

15. Define the term "fracture."

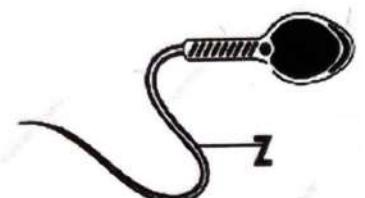

.....

16. In which standard units is magnetic field measured?
-
-

17. How is a mosquito different from a spider in terms of body parts?
-
-

18. Which organ of the human body if greatly affected by Hepatitis B?
-

Use the diagram below is a sperm cell. Use it to answer questions 19.

19. Of what importance is the part marked with letter Z?
-

20. What energy change takes place when wood is burnt during cooking?
-
-

21. How are air sacs adapted to their function in the body of a human being?
-

22. Give any one gas used in a filament bulb.
-

23. Which immunisable disease in infants has the following signs and symptoms; skin rash, red eyes, fever and loss of appetite?

.....

24. Give any **one** importance of seed dispersal in the environment.

.....
.....

25. Give a reason why we can't give first aid to a person who has drowned.

.....

26. In which one way can rabbit farmer care for his animals?

.....

27. Give any **one** way of conserving trees in our environment.

.....
.....

28. Of what importance is a garden tool shown below.

.....

29. Define the term "sound"

.....
.....

30. What first aid is given to a person who has fainted?

.....

31. Which P.H.C element is promoted by bathing daily?

.....

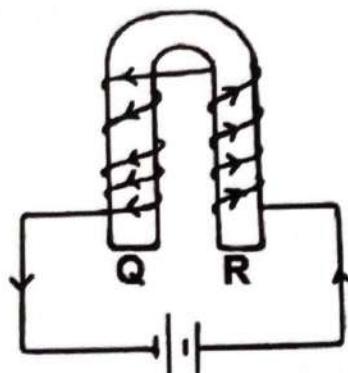

32. Name the type of digestion which involves the use teeth.

.....

33. How are electric insulators important during cooking at home?

.....

Use the diagrams below and answer the questions that follow. (magnetization)

34. Name the pole marked with letter Q.

.....

35. How can we increase the strength of the electromagnet above?

.....

36. Give any **one** excretory waste released by the lungs.

.....

37. What is the importance of ventilators on a house?

.....

38. Give the difference in function between insulin and glucagon in human body.

.....
.....

39. Cite any **one** example of an inclined plane.

.....
.....

40. What is magnetization?

.....
.....

SECTION B

41. (a) What do bees use protect themselves?

.....
.....

(b) Which main food value is obtained from eating honey?

.....
.....

(c) How are bees important to a crop farmer?

.....
.....

(d) Define the term “swarming”

.....
.....

42. (a) How is osmosis important to plants?

.....
.....

(b) Give any two advantages of raw planting to a farmer

i).....

ii).....

(c) What do we call the type of manure obtained from animal droppings?

.....

43. (a) What is the immediate result of fertilization?

.....

(b) Organize the following in the correct order

Fertilization copulation implantation

.....

(c) Give the type of fertilization in the following organisms;

(i) Frogs

(ii) Human beings.....

.....

44. Where do the following plants store their food?

a) Cassava.....

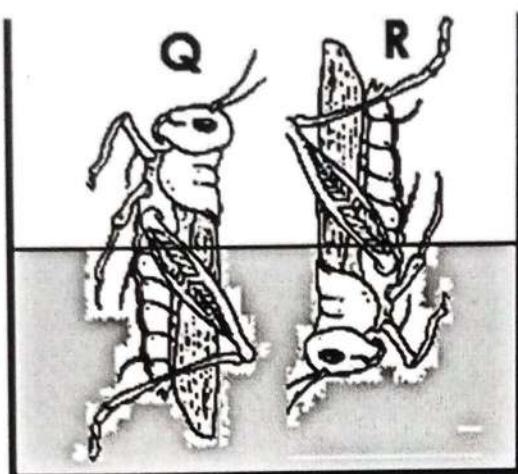

b) Sugar cane.....

c) Give any **two** problems faced by crop farmers in Uganda.

i).....

ii).....

45. Below are two insects dipped in water as shown below

a) Which of the two insects will die after some time?

.....

b) Give a reason to support your answer in (a) above.

.....

b) Name the breathing organs of each of the following

i) Fish.....

ii) Spider.....

46. The table below shows P.H.C activities.

Brushing teeth.

Bathing regularly

Draining stagnant water

Feeding on a balanced diet

a) Which **two** activities promote the hygiene of a person

i).....

ii).....

(b) Which activity prevents the spread of malaria

.....

(c) Give a reason to support your answer in (b) above

.....

47. Below is a diagram of a lantern lamp

(a) Of what importance is the above device at home

.....

.....

(c) Name the fuel it uses in order to give light.

.....

(d) Give the **two** forms of energy the above device produces.

i)

ii)

48. (a) What is the importance of a strip cup to a cattle farmer?

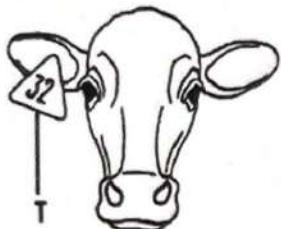

.....

(b) Give any **two** examples of parasites in cattle

i)

ii)

(c) How is the numbering practice below important to cattle farmers?

.....

49. Below is a diagram of one of the causes of road accidents.

(b) What do we call the above cause of accident?

.....

(c) Apart from the above, give any other two causes of road accidents.

i)

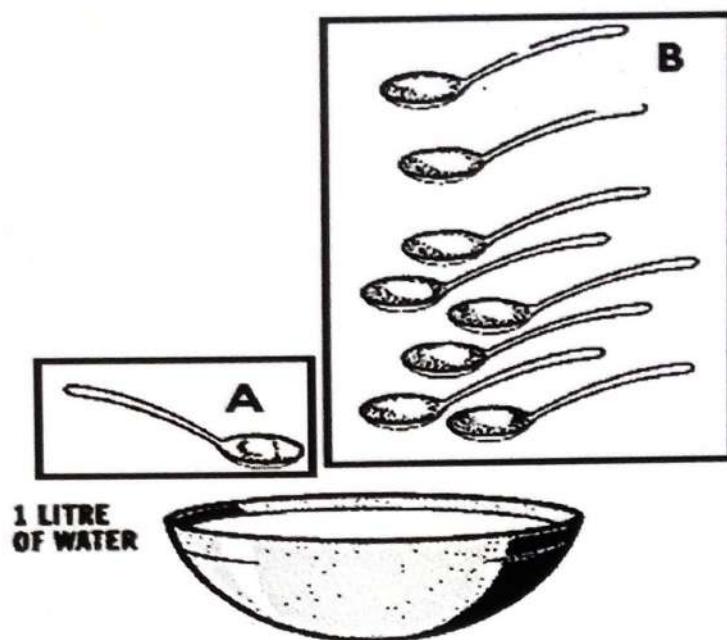

ii)

(d) What is an accident?

.....

.....

50. Below are the materials used to make ORS locally.

- a) Which solute is
- (i) A.....
 - (ii) B.....
- (b) Which category of sick people is supposed to be given ORS.
-
- (c) Why can't iron filings dissolve in water?
-
-

51. (a) Which instrument is used to measure each of the following

- i) Mass.....
- ii) Weight.....

(b) Convert;

i) 20kg to Newton

.....

(c) 20N to Kgs

.....

52. (a) What is the importance of thermometers in health management?

.....

.....

(b) Give any two reasons mercury is commonly used in a clinical thermometer

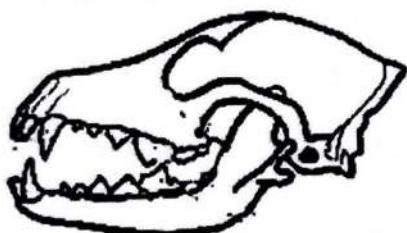

i)

ii)

(c) What is the boiling point of pure water in degrees centigrade?

.....

53. (a) Which group of mammals has a dentition as shown in the diagram below?

.....

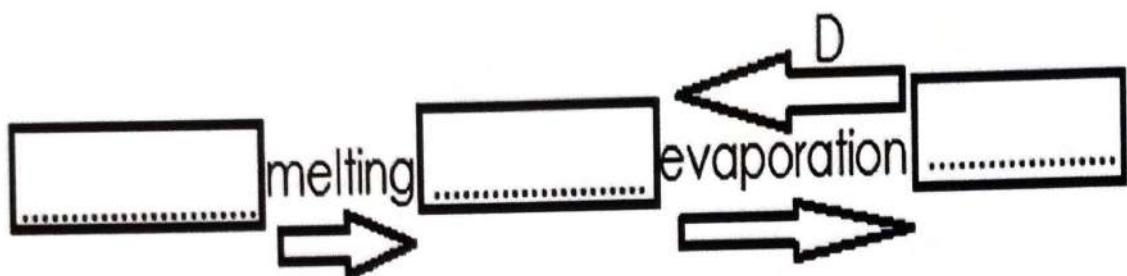

(b) What do such animals feed on?

.....

(c) Name any **two** animals that chew cud.

- i).....
ii).....

54. (a) Study the table below and complete the states of matter correctly.

(b) Name the process marked with letter D

.....

55. a) What is friction?

.....

b) State any **two** advantages of friction in our daily life.

- (i).....
(ii).....

c) Give **one** way of reducing friction in machines.

.....

END

SECTION A: (02 marks each)

1. Work out : $198 - 21$

2. Simplify: $5k - 3 + 2k + 7$

3. Write 40,291 in words.

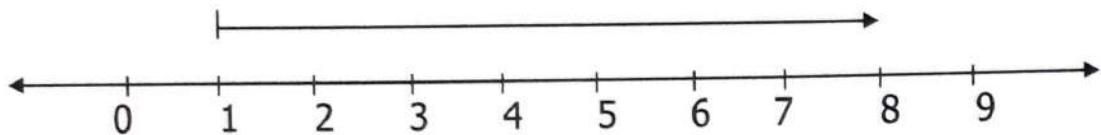

.....
.....

4. Write 94 in Roman numerals.

5. Convert 4.5t tonnes to kg

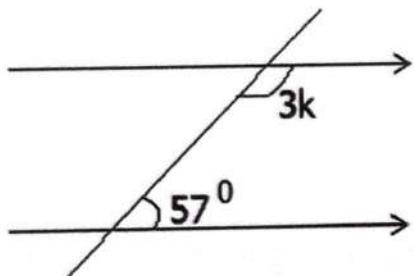

6. Using a ruler, a pencil and a pair of compasses only, construct an angle of 30° .

7. What integer is shown on the number line below?

8. A meeting started at 8:15a.m and ended at 9:45 a.m. How long did the meeting take?

9. Find the value of k in the diagram below

10. Simplify: $\frac{3}{4} - \frac{1}{3}$

11. List all the factors of 24

12. Given that USD 1 = Ug. Sh.3750, how much Uganda Shillings can a tourist get from USD 400?
13. Using distributive property, work out $(23 \times 8) + (77 \times 8)$
14. Solve: $4r + 2 = 22$
15. Draw a Venn diagram to show that all Apples(A) are Fruits(F)
16. The cost of 4 sets is Sh.8,000. Calculate the cost of 5 similar sets.

17. Expand 2758 using powers of ten.

18. Change $\frac{1}{8}$ to a decimal.

19. Find the complement of 75^0 .

20. Solve: $2^{2k} \div \frac{1}{8} = \frac{1}{128}$

SECTION B: (60 Marks)

21. The sum of three consecutive even numbers is 36.

a) Find the numbers.

(04 marks)

b) Work out their range

(01 mark)

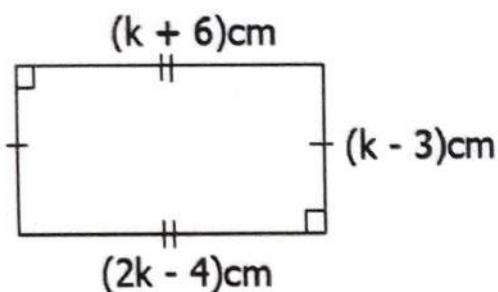

22. a) Simplify: $\frac{1}{2} - \frac{3}{4} + \frac{1}{3}$

(02 marks)

b) Work out:
$$\frac{0.18 \times 0.24}{0.06 \times 0.9}$$

(03 marks)

23. Use the rectangle below to answer questions about it.

a) Find the value of k **(02 marks)**

b) Work out its perimeter of the figure. **(03 marks)**

24. Given the digits **3, 7, 0** and **5**,

a) Form the smallest four-digit numeral. **(01mark)**

b) Write the largest four-digit numeral. **(01mark)**

c) Find the difference between the largest and the smallest four-digit numerals. **(02marks)**

25. The table below shows the marks obtained by pupils in a test.

Marks	70	80	85	100
Number of pupils	4	3	2	1

a) How many pupils did the test? **(02 marks)**

b) Calculate the average mark.
(03marks)

26. A bank manager deposited bank notes numbered consecutively from AB4629 to AB4729.
- a) How many bank notes did he deposit? **(02 marks)**
- b) If he deposited twenty thousand shilling notes, find the amount he deposited. **(02 marks)**
27. A motorist covered the journey from town K to town L in 2 hours at 75Km/hr. He rested for **an hour** and then continued from town L to town M in $1\frac{1}{2}$ hours at 80Km/hr.
- a) Find the total distance covered from town K to town L. **(03 marks)**

- b) Calculate the average speed for the whole journey. **(02 marks)**
28. a) Using a pair of compasses and a ruler only, construct a rectangle PQRS in which line PQ = 10cm and line QR = 5cm. **(04 marks)**
- b) Measure the length of diagonal QS **(01mark)**

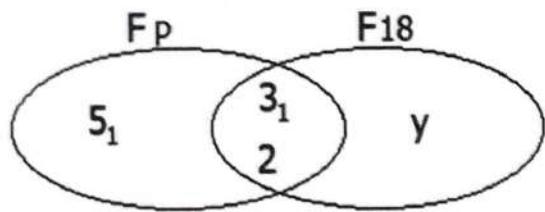

29. Given that $y = 2x - 1$. Complete the table below. **(05marks)**

X	2	—	0	—	-2
Y	—	5	—	7	—

30. a) Change 133_{six} to base ten. **(03marks)**

b) If today is Tuesday 23rd April 2024, what day of the week will it be on 23rd July 2024? **(02marks)**

31. Use the factor set below to answer questions about it.

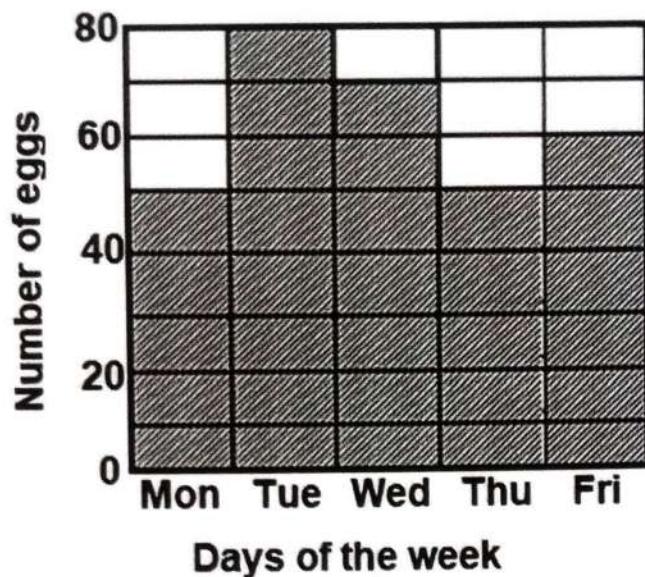

a) Find the value of p **(02marks)**

b) Find the value of y **(02marks)**

c) Find the GCF of P and 18. **(02 marks)**

32. The graph below shows the number of eggs collected on Matu's farm.

- a) How many eggs were collected on Wednesday? **(01 mark)**
- b) On which days was the same number of eggs collected? **(01 mark)**
- c) Calculate the average number of eggs collected in the 5 days.
(03 marks)
