TURN OVER

## SECTION A

1.	Name any <u>one</u> component of soil.
2.	Give the importance of a vent pipe on a VIP latrine.
3.	How is a fuse similar to a switch in terms of function?
4.	Why do most poultry farmers include snail shells and crushed fish bones in poultry feeds?
5.	Give <u>one</u> way in which gap filling is important in crop management.
6	State any <u>one</u> cause of natural changes in our environment.
0.	
7.	
	True 1 11
8.	Why does the government encourage parents to take their children for immunization free of charge?
`:	
9	Name any <u>one</u> physical process involved in the rain cycle.
10.	Below is a diagram showing the body conformation in cattle. Use it
٠,	to answer the question that follows.
	Name the main product got from the animal with the above body shape.
11.	Where does digestion of fats start in the alimentary canal of man?
	© KAMPALA PRIMARY SCHOOLS HEADTEACHERS' EXAMINATIONS COMMITTEE (KAPSHA)

12.	State any one role of a sterile bee in a hive.
13.	Give <u>one</u> way of reproducing stored sound.
14.	How are animals wastes used as energy resources in our environment?
15.	State <u>one</u> way road construction increases friction on the surface of roads.
	***************************************
16.	Why would you classify a goat under ruminant animals?
17.	Give <u>one</u> way the spread of conjunctivitis/red eyes can be controlled in our communities.
18.	A boy switched on a torch and it gave light for some time, after a while, a torch went off. Give any <b>one</b> reason why the torch went off.
	Below is a diagram showing a beam of light. Use it to answer
3	question 19.
19.	. Name the type of beam shown above.
•	
21.	. How does <u>one</u> get infected with hookworms?
	。

22.	Give the role of oxygen to a germinating seed.
23.	State <u>one</u> way in which the skin regulates body temperature in cold weather.
24.	Name the activity carried out by farmers to prevent piglets from injuring the teats of the sow.
	The diagram below is of a garden tool. Use it to answer avestions
	The diagram below is of a garden tool. Use it to answer questions 25 and 26.
25.	Name the garden tool drawn above.
	How is the above garden tool useful to crop farmers?
27.	Where in the human body does respiration takes place?
28.	How does slashing of tall grass around homes help to control the spread of malaria?
29.	Name the blood vessel that carries blood rich in digested food from the ileum to the liver.
30.	Give <u>one</u> disadvantage of having very many children in a family.
31.	How does a cork of a thermos flask help to control heat loss?
32.	State <u>one</u> importance of seed dispersal to plants.

33.	State the function of synovial fluid in movables joints.
34.	State one basic change in adolescent boys.
35.	Why are electric wires fixed loosely on poles during construction?
36.	How does smoking of tobacco cause lung cancer?
	The diagram below is of a tooth. Use it to answer the question that
	follows.
,	
٠	
37.	How is the above tooth adapted to its function?
38.	In which way does painting of metals help to control rusting?
00.	
30	State <u>one</u> condition in which a mother can be vulnerable.
0).	
40.	State <b>one</b> way of promoting proper sanitation in a classroom.
, -

47. The diagram below is of a pulley. Use it to answer questions that follow.

a)	Identify	the	type	of	pulley	shown	above.
			•				

(2marks)

c)	State	any	<u>one</u>	use	of	pulleys	at	school.
								1

48. a) Write **P.H.C** in full.

- b) Mention <u>two</u> elements of P.H.C.
- i) .....
- c) State **one** role of a family in promoting P.H.C.

49. a) Name the part of the female reproductive system where the following take place;

ii) .....

- i) Fertilization .....
- ii) Implantation .....
- b) Besides production of ova, give <u>one</u> other function of ovaries in the female reproductive system.

c)	State one wa	ay of caring for the ter	male reproductive sys	and the state of t	
50.	The diagrams below show parts of an electric circuit. Use it to				
	answer questions that follow.				
		ート	<b>∞</b>		
		R	Q		
<i>{</i> }	Name the parts of an electric circuit represented by; <b>R</b>				
c)	) How does use of electricity help to conserve trees in the environment?				
51.	a) Name <u>on</u>	<b>e</b> exotic breed of rabb	its kept in Uganda.		
b)	State <u>one</u> r	eason why farmers re	ar rabbits in Uganda.	***************************************	
c)	) Name the disease of rabbits that attacks poultry.				
ď	Why do far	mers construct rabbit	hutches with a wire	mesh?	
		<b>e</b> difference between r	noss and weight in te		
52.	a) State <u>on</u>	e dillerence between i			
· i)	) Mention the <u>two</u> states of matter that transfer heat by convection. ii)				
c)	Name the r	nethod used to find vo	olume of irregular obj	ects.	
53	a) What are	e non-renewable resou	ırces?		
	***************************************				

)	Mention <u>one</u> example of a non-renewable resource.
c)	State <b>two</b> ways of conserving fossil fuels as non-renewable resources.
i)	
ii)	***************************************
4.	The diagram below shows a human kidney. Study it and answer
	questions that follow.
	W. P
=	$\mathbf{R}$
	s   Sym)
	1200
a)	Name the part marked R
ы	How is blood carried by blood vessel P different from that of blood vessel
U)	<b>Q</b> ?
	<b>4.</b>
c)	State the important process that takes place at part <b>S</b> .
<i>C</i> )	
	***************************************
·d)	Give <u>one</u> way of caring for the human kidney.
۷,	
55.	a) What is personal hygiene?
ы	State <u>one</u> way in which a primary seven child can promote personal
~,	hygiene.
c)	What is the importance of a tooth brush in promoting oral health?
	.,,
d)	State <u>one</u> danger of poor personal hygiene.
