13. If the P.7 candidates were not ………………………………………… to their teachers, they would not perform so well. (obey)

14. Are all ………………………………………… tall? (Portugal)

15. Mr. Okay …………………………………………… killed a fierce lion. (courage)

In questions **16** and **17**, write each of the **abbreviations in full**.

16. He'd. …………………………………………………………………………………………..

17. Tel. …………………………………………………………………………………………..

In questions **18** to **20**, rewrite the sentences giving **one word** for the **underlined group of words**.

18. The hunters were arrested for killing a <u>female tiger</u>.

   ……………………………………………………………………………………………..

19. There was a nasty accident at the <u>place where two roads meet and cross each other</u>.

   ……………………………………………………………………………………………..

20. Irene is facing the <u>direction in which the sun rises</u>.

   ……………………………………………………………………………………………..

In questions **19** and **20**, arrange the given words in **alphabetical order.**

21. hen, duck, parrot, eagle

   ……………………………………………………………………………………………..

22. application, apply, applicant, applies

   ……………………………………………………………………………………………..

In questions **23** and **24**, use each of the given words in a sentence to show that you know the **difference in their meaning**.

23. meat

   ……………………………………………………………………………………………..

24. meet

   ……………………………………………………………………………………………..

In questions **25** and **26**, rewrite the sentences, giving the **opposite** of the **underlined word**.

25. The French <u>actor</u> won a prestigious award at the international convention.

    ....

    ....

26. The boy wrote a <u>formal</u> letter yesterday.

    ....

    In questions **27** and **28**, write the **plural form** of the given words.

27. chimney _____

28. luggage _____
    In questions **29** and **30**, re-arrange the given words to form **a correct sentence.**

29. Is teacher of parents my a Neither.

    ....

30. thesaurus is Whose this?

    ....

Sub – Section II

Rewrite the sentence following the **instructions given in brackets**.

31. Bosco is writing a letter to his father. He started writing the letter in the morning. (Join the sentences using:………………..since………..)

    ....

    ....

32. Mother bought me some clothes, _____?
    (Complete with a correct question tag)

    ....

    ....

33. There is very little milk in the jug.

   (Rewrite the sentence using: …………any ……………………)

   ……………………………………………………………………………………………………

34. The president will reach the airport at 2:00pm.

   (Rewrite the sentence using:……………arrive……………………………)

   ……………………………………………………………………………………………………

   ……………………………………………………………………………………………………

35. Poor Namusoke is blind in both eyes.

   (Rewrite the sentence using: ……………………either ………………)

   ……………………………………………………………………………………………………

   ……………………………………………………………………………………………………

36. Does this book belong to you?

   (Rewrite the sentence beginning: Are you…………………………?)

   ……………………………………………………………………………………………………

37. The classroom collapsed as soon as we ran out of it.

   (Rewrite the sentence beginning: Hardly……………………)

   ……………………………………………………………………………………………………

   ……………………………………………………………………………………………………

38. We should not disturb the peace of the dead.

   ……………………………………………………………………………………………………

   ……………………………………………………………………………………………………

39. Anisha is writing my work now.

   (Rewrite the sentence beginning: My work ………………………………)

   ……………………………………………………………………………………………………

   ……………………………………………………………………………………………………

40. I bought a pen. I also bought a ruler.

   (Join the sentences beginning: Not only.................)

   ....

   ....

41. Both of these textbooks are not mine.

   (Rewrite the sentence beginning: Neither…………………………………….)

   ....

   ....

42. It is very bad to use abusive language.

   (Rewrite the sentence ending: ……………………bad.)

   ....

   ....

43. If you listen attentively, you will understand the lesson.

   (Rewrite the sentence using:…………would have...................................)

   ....

   ....

44. Hanifah prefers playing football to playing netball.

   (Rewrite as one using: …………………would rather………………….)

   ....

   ....

45. The pupils are very eager to break up for holidays next month.

   (Rewrite the sentence using:…………………..look forward. ....)

   ....

   ....

46. Hajara performed well in the midterm examination. This surprised all her teachers. (Rewrite the sentence beginning: Hajara's………………….)

....

....

47. That is a very interesting article. Everybody will read it.

(Rewrite the sentence using: …………………………such…….that……………)

....

....

48. Our P.7 class has twenty – two candidates.

(Rewrite the sentence using: ……………comprised ....)

....

....

49. It was not necessary for Irene to report to school without any of her parents.

(Rewrite the sentence using: …………..needn't …..................................)

....

....

50. "Why don't you like eating red meat?" the teacher asked the boy.

(Rewrite as one sentence beginning: The teacher wanted to know.................)

....

....

51.   Read the passage below carefully and then answer, **in full sentences**, the questions that follow.

One Monday morning, Obibi was <u>miserable</u>. This was because it was the beginning of the usual week – long suffering at school. Obibi was in Primary two. In order not to miss staying at home to play with other village children, he developed a plan. He picked his school bag and pretended to go to school. The school was two kilometres from his home.

After moving a long a bushy path to school, he branched immediately to a nearby bush and hid himself under spear grass. This was around 8:00am. As he was preparing his resting place, some hunters approached the bush where he was hiding. Obibi did not know that the roasted cassava he had had attracted dogs. The dogs started running towards his hiding bush at a great speed and the hunters followed <u>hurriedly</u>. They thought the dog had got the smell of a wild animal.

Obibi foolishly kept on shaking the grass. One hunter then aimed his spear at the shaking bush. Obibi was only saved when one dog jumped to his hiding place. He made a very surprising noise which made the hunters and the dogs to run to different directions. They thought it was a ghost, the god of the forest.

The hunters and the dogs then took off in fear for their lives. Obibi ran up to home to report to his parents how he escaped death. Instead of punishing Obibi, the parents thanked God for saving their son and warned him never to <u>dodge</u> going to school again.

Questions:

(a)   On which day of the week was Obibi miserable?

....

....

(b)   What made Obibi miserable?

....

....

(c)   Why did Obibi developed a plan of not going to school?

....

....

(d)   How did the dog discover Obibi's hiding place?

....

....

(e)   Why did one hunter aim his spear at the shaking bush?

....

....

(f)   How did Obibi escape death?

....

....

(g)   Give a word or group of words with the same meani8ng as the following underlined words in the passage.

   i)   miserable - ....

   ii)   dodge - ....

   iii)   hurriedly - ....

(h)   Suggest a suitable title for the passage.

....

52   Read the poem carefully and answer the questions about it **in full sentences**.

Friday!   Friday!   Friday!

What an exciting day!
Buyers and sellers anxiously wait
Young boys and girls plan to miss school
So they may sell their harvests.

Teachers encourage me to work hard,
Hardwork pays, so they say
A bright future awaits you, they say
Absenteeism is not good for you
Though I say no word but listen
I know I have my hen to sell.

It is Friday again!
Mubuulo market is open as usual
The teachers sweeps the eyes across
And notices that my seat is empty
He remembers it is Friday again.

Questions:

(a)   Which day is talked about in the poem?

    ....

    ....

(b)   Why do young boys miss school?

    ....

    ....

(c)   What advice do teachers give to the writer?

    ....

    ....

(d)   According to the poem, what will the writer gain if he works hard?

....

....

(e)   Why are the teachers not happy with the writer?

....

....

(f)   Who do you think is speaking in the poem?

....

....

(g)   What does the writer sell in the market?

....

....

(h)   Give a word or group of words with the same meaning as the following in the

poem.

   i) Absenteeism - ....

   ii) Buyers - ....

53.   The sentences below are not in the correct order. Re-arrange them **to form a**

short composition.

    Poverty in Uganda

   a) I think we can fight it by seriously using our life skills.

   b) Thirdly, it has made them exposed to diseases like AIDS.

   c) In the end, we shall get rid of poverty.

   d) There are many problems facing people in the world today.

   e) First of all, it has made them fail to get good education.

   f) These skills will help us to work very hard.

   g) This has made many Ugandans commit many evils.

h) What shall we do to fight this great difficulty?

i) In Uganda, like in other countries, people face a problem of poverty.

j) Secondly, it has led them to being idle.

54. Bulamu Bushira was sent to Kalerwe Market to purchase items a day before **Easter Sunday**. Below is her **shopping list** which she presented to her father when she returned home. Study it and answer the questions **in full sentences**.

Item	Price in shillings (Ug)
Beef	50,000
Passion fruit	12,000
Charcoal	7,000 a tin
Soda	14,000
Watermelon	3,500
Rwenzori water	11,000
Fresh fish	33,500
Toothpaste	2 (5,000 each tube)
Rice	7,000
Tomatoes	10,000 a basket

Questions:

(a)   What is the information above about?

....

....

(b)   From where were the items bought?

....

....

(c)   On which day were the items purchased?

....

....

(d)   How many items were purchased?

....

....

Turn Over

(e) Who bought the items?

....

....

(f) How much was spent on toothpaste?

....

....

(g) Which item cost thirty – three thousand five hundred shillings?

....

....

(h) In which quantity is charcoal sold?

....

....

(i) If you bought two watermelons from this market, how much would be your

change from a fifty – thousand shilling note?

....

....

(j) Who received the above shopping list?

....

....

53. Your mother has organized your sister's graduation party which is to take place on **23rd April 2024**. You are at school and you would like to attend the party. Using your **school address**, write a letter to your **head teacher** requesting permission to go home so that you can attend the party. Tell him or her when **you would like to go and the date you expect to come back**.

SECTION A: 40 MARKS
Answer **all** questions in this section
Questions **1** to **20** carry **two marks** each

1.   Giving your answer in Hindu – Arabic numerals, find the sum of V and IV.

2.   On the Venn diagram below, shade the complement of set (A – B)
3.   In the space below, using a ruler, protractor and a pencil, draw the complementary angel of 30°.

4.   Write an algebraic phrase for the expression; 2(*x+y*).

5.   Write the test divisibility of 6.

6. On the number line below, draw an arrow showing ⁻5.
7. Given that 55 girls were represented by 11 pictos, find the scale used.

8. Workout; $1101_{two} - 111_{two}$

9. The figure below is a triangle. How many lines of symmetry does it have?
10. Find the length of the curved part in the figure below. (Use $\pi = \frac{22}{7}$)

14cm
11. Given that the area of the figure below is 120cm². Use it to find the value of **k**.

10cm

10cm

k
12. The temperature at the peak of a mountain is ⁻18°C and at the bottom is 5°C. find the difference between the two places.

13. Using a pencil, ruler and a pair of compasses only, draw a perpendicular bisector to meet line AB at X.

B

A
14. Find the square root of $2\frac{14}{25}$

15.   Using the diagram below, find the bearing of town A from town Z.
16.   On the clock face below, show a quarter to mid-day.
17.   Increase 1200 in the ratio 3:5.

18.   Which number has been expanded to give; $(3 \times 5^2) + (4 \times 5^0) + (2 \times 5^1)$?

(Give your answer in decimal base)

19. Find the biggest number of children that can completely share 36 or 60 sweets without leaving a remainder.

20. Find the value of X in, $2^x \div 2^2 = 4$.
SECTION B: 60 MARKS
Answer **all** questions in this section
Marks for each question are indicated in brackets

21. The median of four consecutive odd numbers is 20. Find their sum.

(4marks)

22. (a) Opio made a circular dough of radius 14cm. His boss Ogwang told him to double its radius and makes it bigger. Find the distance around the new dough. (Take $\pi = 3\frac{1}{7}$) **(3marks)**

(b) Find the area of the shaded part in the figure below. (Take $\pi = 3.14$)

(3marks)
23. (a) Using a ruler, pencil and a pair of compasses only, construct a triangle PQR with QR = 6cm, PQR = 75° and QPR = 60°. **(4marks)**

(b) Measure the length of PQ. **(1mark)**

24.   Kaka bought the items in the table below from a shop.

(a)   Complete the table.   **(4marks)**

Item	Quantity	Price	Amount
Soap	_____ bars	sh. 4,500	sh. 13,500
Bread	2 loaves	sh. _____	sh. 11,000
Salt	2½kg	sh. 2000	sh. _____
Total expenditure			**sh.** _____

(b)   If Kaka paid sh. 26550, what was his percentage discount?

(2marks)

25.   Study the number line below and answer the questions that follow.
(a)   Write the integers represented by arrows **a** and **b**. **(1mark each)**

a = _____   b = _____

(b)   Complete the number line by drawing arrow **C** correctly.

(1mark)

(c)   Write a mathematical sentence for the above number line.

(1mark)

26.   The Venn diagram below shows the number of candidates who participated in the **debate (D)** and **speech championships (S)**. Use it to answer the questions that follow.
(a)   If 8 candidates never participated in the speech championships, find the value of X.   **(3marks)**

(b)   How many candidates are in the whole class?

(2marks)
27. (a) Solve; (3x – 4) – (x + 6) = 0   **(2marks)**

(b) 3 girls shared a third of the cake equally and the boys shared the rest of it. If each boy got a sixth of the cake, how many children shared the cake?   **(3marks)**

28. (a) Express 0.5454 ………. As a common fraction.   **(2marks)**

(b) Simplify; $\dfrac{1.28 - 0.56}{0.08 + 0.28}$ **(3marks)**
29. Three children Jolly, Joy and Jotham shared a certain amount of money in the ratio of 3:4:7 respectively. If Jotham received sh. 120,000 more than Jolly.

(a) How much money was shared altogether? **(3marks)**

(b) How much more money did Joy receive than Jolly? **(2marks)**

30. At Jacarandas Junior School, there are two bells, one for lower primary and the other for upper primary which rings at intervals of 30 minutes and 40 minutes respectively to change lessons. If the two bells ring together at 11:00am. At what time will they ring together again?

(5marks)
31. The table below shows marks scored by candidates at Jacarandas Junior School in mathematics.

Marks scored	70	85	80	95	65
No. of pupils	4	3	3	2	2

(a) How many pupils are in the class? **(1mark)**

(b) Calculate the range in their marks. **(1mark)**

(c) Find the mean score for candidates who scored above 80 marks.

(3marks)

32. The sum of interior angels of a regular polygon is 900°. Name the polygon.

(4marks)

END
Questions **1** to **40** carry **one mark** each

1. Which system of a flowering plant holds it firmly in the soil?

   ....

2. Name the product got from a bull used for making drums.

   ....

3. State the importance of windows on a living house.

   ....

4. How is the left side of the heart adapted its function?

   ....

5. Jacob is a **P.6** child with swollen hands, legs and swollen moon face and little
   brown hair. How is a fish important to Jacob?

   ....

6. In which way does the use of a nail cutter prevent spread of germs?

   ....

7. Apio makes local bear (alcohol) every week, identify the chemical change
   that helps her to make the local bear.

   ....

   The table below shows different groups of food. Use it to answer question **8**
   and **9.**

A	B	C	D
Mangoes Pineapples Oranges Apples	Cassava Maize Yams Honey	Fish Beans Sweet Potatoes Eggs	Cabbages Nakati Doddo Bugga

8. What does having foods in all the groups in the table above for your daily
   meal demonstrate?

   ....

9. Which group of foods in the table above has the old man out?

   ....

10. Besides the dog, mention any other domestic animals used for protection.

   ....

   ☐

11. Give the difference between a pullet and an off layer in poultry

   management.

   ....

12. There has been an increase of school dropouts in Uganda due to early

   pregnancies. How best can school going children safe guard themselves

   against early pregnancies?

   ....

13. Which characteristics make water be called universal state of matter?

   ....

   The diagram below is of a fish and an adult insect, use it to answer question

   16 and **17.**

   A   B

   k   f
14. How is the importance of the part protected by **d** in **A** similar to **f** in **B**?

   ....

15. Give the function of the part marked **K** to the fish.

……

16. Apart from rolling food into a bolus, in which other way is the tongue important during the process of digestion?

……

17. Ariana a **primary one** child goes to school by foot. Give one item she can use to manage passing through a muddy road on a rainy day.

……

18. Identify the difference between a resource and energy resource.

……

19. Name the crop growing practice that will help Arafat a crop farmer to prevent soil erosion on his flat piece of land.

……

20. State any **one** way bacteria can be harmful to people.

……

21. All family members have different roles they play at home, give the person traditionally responsible for preparing meals in a home.

……

22. Give a reason why the same amount of nitrogen air inhaled is exhaled during breathing.

……

23. How does washing of hands after visiting a latrine prevent the spread of diarrheal diseases in the community?

……

24. Mention the instrument used to measure the destiny of liquids.

……

The illustration below shows different steps taken when cleaning clothes. Use it to answer question **25** and **26**.

25. Name the activity that is done in basin with letter **C**.

   ....

26. Give any **one** importance of soap and detergents during activity in basin **C**.

   ....

27. Why is a rain gauge placed in an open place when in use?

   ....

28. To which category of movable joints is the knee joint?

   ....

29. Why is a person bitten by a snake advised to be calm?

   ....

30. State the effect of heat on matter that is determined using a thermometer.

   ....
31. What name is given to the young one of a bee?

   ....

32. The ministry of environment and natural disasters announced that there will be too much heat in the atmosphere between February and April 2024. Give any **one** way you can prevent getting dehydration due to excess sweating during that time.
   ....

Turn Over

33. What name is given to the male reproductive garmate of a flower on a plant?

....

The diagram below shows the distillation method of making alcohol. Use it answer question **34** and **35.**

34. Give any other factor that encourages condensation at **B** besides the cool water.

....

35. What scientific word do we use to describe the outcome at **C**?

....

36. State the animal body process that benefits from photosynthesis by-product in plant.

....

37. Give any **one** factor that can affect the pitch of sound in drums of the same vibrating surface.

....

38. A respiratory tract disease killed many Ugandans in 2020 and 2021. Give any **one** way the people of Uganda prevented such diseases.

....

39. Give the difference between wind and air.

   ……

40. What is the difference between a broom and a dustbin in the way they are

   used at home?

   ……

<div style="border:1px solid black; width:60px; height:60px;"></div>

SECTION B (60 MARKS)

Questions **41** to **55** carry **four marks** each

41. a) Name the home component that is used to keep cold things cold and hot

   things hot.

   ……

   b) How useful is the above mentioned component to cattle keepers?

   ……

   c) Mention the **two** states of matter with convection as their method of heat

   transfer.

   i) ……

   ii) ……

42. Charcoal burning is **one** of the economic activities done in rural areas of

   Uganda.

   a) Give one way charcoal burning is a danger to the environment.

      ………

   b) Besides using wood for charcoal and firewood give any other reason why

      people plant trees.

      ………

   c) State any **one** way trees cut down on a large scale can lead to soil erosion.

      ………

   Turn Over

d) Identify any **one** alternative way to wood fuel in the environment.

....

43. The diagrams below are of after toilet hygiene tools. Use them to answer the questions below.

B

A

treated
water

Paper
Towels

d
a) Name the item marked with letter **d**.

....

b) State the importance of the item you have named in **(a)** above.

....

c) Why is chlorine chemical added to water in **B**?

....

d) What general name is given to disease controlled using the above item?

....
44. a) Name the parts of the skeleton that protects the following organs.

i) Spinal cord - ....

ii) Eyes - ....

b) How does good posture keep the digestive system in a good working condition?

....

c) Apart from maintaining good body posture, in which way can one keep the skeletal and muscular system in good working condition?

....

45. a) How do scorpions reproduce?

....

b) Identify **two** characteristics that make a scorpion different from insects.

i) ....

ii) ....

c) Give reason why scorpions are grouped under invertebrates.

....

46. Below is a musical instrument used by music dance and drama trainer. Use it to answer the questions about it.

a) Name the musical instrument used by the music dance and drama trainer shown above.

....

b) How does the instrument shown above produce sound?

....

c) To which group of musical instruments does the instrument shown above belong?

………

d) How does the sound produced by the musical instrument shown above reach to the children he is training?

………

47. a) What is meant by the term Primary Health Care?

………

b) Which element of Primary health Care is promoted by;

i) Brushing teeth after every meal?

………

ii) Taking contraceptive pills?

………

c) Sharon is a poor woman in your community, identify the principle of Primary Health Care that helps her to get family planning services from the clinic in the community.

………

48. a) Give any **one** reason why some seeds are first planted in a nursery bed.

………

b) State **two** ways a farmer can carry out hardening off in a nursery bed.

i) ………

ii) ………

c) Identify the way of destroying weeds in the garden without using a garden tool.

………

49. a) Which group of non-flowering plants reproduces by means of seeds?

....

b) Identify **two** examples of such kind of plants mentioned in (a) above.

i) ....

ii) ....

c) How important are such kinds of plants to a carpenter?

....
50. The diagram below shows a tool for making bricks. Use it to answer the
questions that follow.
a) Name any **one** material that can be used to make part marked Y.

....

b) Use letter **P** to show the part used for holding the above tool when in use.

c) Which type of soil is suitable for the use of the above tool?

....

d) How does activity carried out using the above tool affect the
environment?

....

51. a) Why does chemical digestion of carbohydrates begin in the mouth?

....

b) By what process does food move through the gullet?

………

c) Identify **one** enzyme that works under acidic condition in the alimentary canal.

………

d) Apart from acidic condition, mention any other condition in the alimentary canal.

………

52. a) Identify **two** changes in the state of matter that occur due to heat again.

i) ………

ii) ………

b) Why are changes in the state of matter called physical changes?

………

c) Apart from changes in the states of matter, mention any other one example of a physical change.

………
53. a) Define the term magnetization.

………

………

b) Identify the method of magnetization which does not need the use of magnet.

………

c) What name is given to the magnet made by the method mentioned in (**b**) above.

………

d) Mention any **one** way of preventing demagnetization.

………

54. The diagram below is of a material used to promote personal hygiene, use it to answer the questions that follow.

a) Name the material used to promote personal hygiene shown in the diagram above.

………

b) How important is the material above when cleaning our body?

………

c) Apart from the tool shown above, identify two other materials that can be used to provide oral health.

i) ………………………………………………………………………………………………………

ii) ………………………………………………………………………………………………………

55. Match the following animals to their products.

Animal	Product
i) Merino sheep	silk
ii) Angora rabbits	mohair
iii) Angora goats	wool
iv) Silkworms	fur

i)   Merino sheep ………

ii) Angora rabbits ……….

iii) Angora goats ……………………………………14………………………………………………………………………….

iv) Silkworms ……..

END

Questions **1** to **40** carry **one mark** each

1. Mention any **one** activity children do at school but not at home.

   ....

2. State any **one** safe way of crossing a busy road.

   ....

3. Draw any **one** craft made from raffia used in kitchen at home.

4. Name the East African Community country that borders Kenya in the North East.

   ....
